[Rifle Parts](#) > [Receiver Parts](#) > [Receivers](#) > [Upper Receivers](#)

Super Duty MOD1 Complete Upper 5.56x45 NATO The Geissele Super Duty MOD1 Upper (Complete) features the latest in weapon technology available exclusively from Geissele Automatics. This complete upper chambered in 5.56mm features a nanoweapon-coated HUXWRX Flash Hider-QD muzzle device mounted to a Manganese Phosphate coated, CHF, Chrome Lined 1-7 twist barrel. Geissele barrels are precision machined and cold hammer forged utilizing the highest quality materials at their state of the art facility in North Wales, PA. The carbine length gas tube and Geissele Super Compact Gas Block with bomb-proof installation ensures reliability and optimal performance in extreme conditions. Included is a brand new, Super Modular Rail MK16 that mates to the upper via a center aligning tab removing any chance of rail rotation. This rail is a variant of the SMR MK16, currently fielded by USASOC and renowned by operators for their performance and comfort. Also included is the Geissele Reliability Enhanced Bolt Carrier Group. This Nanoweapon coated BCG features a properly torqued and staked, chrome lined gas key. The Cam Pin is machined from advanced, medical steel known as H13 which is also coated with Nanoweapon for maximum corrosion and wear resistance. The Geissele Reliability Enhanced Bolt Carrier Group also features extended upper rails, providing greater stability and dramatically increasing feeding reliability. The Geissele Reliability Enhanced Bolt Carrier Group comes with the Geissele Stressproof Bolt. Made from Carpenter 158+, directly developed with Carpenter Steel metallurgists to create a material that is cleaner and has less impurities. This makes our Stressproof bolt stronger and more fatigue resistant. The Geissele Stressproof bolt is also forged, not machined from barstock. This allows us to optimize the grain structure of the steel to yield a bolt capable of 5 times the life of a mil-spec bolt. Each bolt is rigorously inspected, high pressure tested, mag particle inspected and Nanoweapon coated. All of these technologies and advancements combine to bring to market a true next-gen upper for the AR-15 platform. The Super Duty Complete Upper from Geissele Automatics offers unmatched performance, accuracy and reliability. Safety Instruction Guide for AR15 SUPER DUTY MOD1 5.56X45 NATO COMPLETE UPPER RECEIVER

Introduction

Thank you for choosing the AR15 SUPER DUTY MOD1 5.56X45 NATO COMPLETE UPPER RECEIVER from Geissele Automatics. This product is designed to provide exceptional performance and reliability. However, it is essential to follow safety guidelines to ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR). This guide provides crucial safety information, usage instructions, and disposal guidelines.

General Safety Guidelines

- Always handle firearms with care. Treat every firearm as if it is loaded.
- Ensure that you are familiar with local laws and regulations regarding firearms.
- Inspect the product for any damage or defects before use.
- Keep the product out of reach of children and unauthorized users.
- Use only compatible accessories and ammunition as specified by the manufacturer.
- Regularly clean and maintain the upper receiver to ensure optimal performance.
- Always wear appropriate safety gear, such as eye protection, during use.

Specific Safety Precautions for Use

- Ensure that the firearm is unloaded before performing any installation or maintenance.
- Avoid using the upper receiver in wet or humid conditions to prevent corrosion.
- Do not exceed the manufacturer's recommended ammunition specifications.
- Be mindful of the muzzle direction and ensure a safe backstop when firing.
- Always engage the safety mechanism when the firearm is not in use.
- Avoid modifications or alterations to the upper receiver that are not approved by the manufacturer.
- If you experience any malfunctions, cease use immediately and consult a qualified gunsmith.

Instructions for Installation and Usage

Installation

1. **Preparation:** Ensure that the firearm is unloaded and placed on a stable surface.
2. **Remove Existing Upper:** If applicable, detach the existing upper receiver from the lower receiver following the manufacturer's instructions.
3. **Attach New Upper:** Align the new upper receiver with the lower receiver. Push down until it locks into place.
4. **Secure the Upper:** Use the appropriate tools to tighten any securing mechanisms as per the manufacturer's specifications.
5. **Check Functionality:** Ensure that the charging handle and bolt carrier group operate smoothly before proceeding.

Usage

1. **Loading Ammunition:** Load ammunition into the magazine as per the manufacturer's guidelines.
2. **Firing:** Position the firearm securely, ensuring that your finger is off the trigger until you are ready to fire.
3. **PostFiring:** After firing, always check the chamber to ensure it is clear before handling or storing the firearm.

Disposal Instructions

- Dispose of the upper receiver in accordance with local regulations regarding firearms and firearm components.
- If the product is damaged or no longer in use, consult local authorities for safe disposal options.
- Do not dispose of the upper receiver in regular household waste.

Contact Information for Further Support

For safety inquiries or further assistance, please refer to the manufacturer's website or contact the designated EU contact point. Always ensure that you have the latest safety updates and recall information.

By following these safety instructions and guidelines, you can ensure a safe and enjoyable experience with your AR15 SUPER DUTY MOD1 5.56X45 NATO COMPLETE UPPER RECEIVER. Thank you for your attention to safety and compliance.
