# CORE Choke Tubes for Benelli Crio/Crio Plus

## Consumer Safety Instruction Guide

### Introduction

Thank you for choosing the CORE Choke Tubes designed for Benelli Crio and Crio Plus shotguns. This guide provides essential safety instructions and information to ensure the safe use of your choke tubes. Please read this guide carefully before installation and use.

### General Safety Guidelines

- **Product Safety:** Ensure that you use the choke tubes in accordance with the guidelines provided. Improper use may lead to accidents or injuries.
- **Enhanced Recalls:** Stay informed about any recalls related to this product. If a recall is issued, follow the instructions provided for returning or remedying the product.
- **Online Shopping:** Ensure that you purchase from reputable retailers that comply with safety regulations.
- **Special Consumer Focus:** This product should be kept out of reach of children and used only by individuals who are knowledgeable about shotgun safety.
- **EU Contact Point:** For safety inquiries, refer to the contact point provided by your retailer or manufacturer.
- **Rapid Alerts:** Monitor the EU Safety Gate platform for updates on any unsafe products.

### Specific Safety Precautions for Use

- **Age Restrictions:** This product is intended for use by adults who are familiar with shotgun operation. Do not allow minors to handle or use the choke tubes.
- **Proper Installation:** Ensure that the choke tube is installed correctly before use. Refer to the installation instructions below.
- **Regular Inspection:** Periodically inspect the choke tubes for any signs of wear or damage. Do not use damaged choke tubes.
- **Correct Choke Selection:** Use the appropriate choke for your intended shooting activity. Refer to the choke constrictions provided in the product specifications.
- **Use of Appropriate Ammunition:** Only use approved shot sizes as indicated in the product specifications. The CORE Series is rated for shot sizes BB10 in lead, steel, bismuth, Tungsten/TSS, Matrix Loads, Duplex Loads, blends, and HeviShot.
- **Avoid Overtightening:** Do not overtighten the choke tube during installation, as this may cause damage to the shotgun or choke.
- **Use of Slugs:** Slugs may only be used through the Close Range Improved Cylinder (CR/IC) choke.

### Instructions for Installation and Usage

#### 1. Installation:

- Ensure that the shotgun is unloaded and pointed in a safe direction.
- Remove the existing choke tube if applicable.
- Select the desired CORE choke tube.
- Insert the choke tube into the shotgun's barrel and turn it clockwise until it is snug. Do not overtighten.
- Ensure that the choke tube is properly seated and secure.

#### 2. Usage:

- Always wear appropriate eye and ear protection when shooting.
- Familiarize yourself with the range for each choke:
  - Close Range Improved Cylinder (CR/IC): 520 yards (lead) / 1530 yards (steel) / Any shot size
  - MidRange Modified (MR/MOD): 2035 yards (lead) / 2545 yards (steel) / BB10
  - Long Range Full (LR/FULL): 3045 yards (lead) / 40+ yards (steel) / BB10
- Follow all local laws and regulations regarding shotgun use and hunting.

## **Disposal Instructions**

- Dispose of any defective or damaged choke tubes in accordance with local regulations. Do not dispose of them in regular household waste.
- If you need to return the product due to a recall or defect, follow the instructions provided by the retailer or manufacturer.

## **Contact Information for Further Support**

For any questions or concerns regarding the CORE Choke Tubes for Benelli Crio/Crio Plus, please refer to the contact information provided by your retailer or manufacturer.

Thank you for your attention to these safety instructions. Enjoy your shooting experience responsibly and safely!
