

# R3D SUPPRESSOR HEIGHT NIGHT SIGHTS FOR GLOCK 43X & 48 - XS SIGHT SYSTEMS R3D NIGHT SIGHT SUPPRESSOR HEIGHT FOR GLOCK 43X/48 ORANGE

[Handgun Parts](#) > [Sights](#) > [Sight Sets](#)

XS R3D Night Sights feature a traditional 3-dot tritium, notch and post sight picture. The blacked out rear increases contrast against the front sight. Available in orange or green, the front sight ring is equipped with our Ember Glow Dot Technology which absorbs ambient light and glows in low light. R3D sights are the brightest options for fast and accurate shooting in bright and low light. Green is the best option for low light and has the brightest glow intensity. Orange contrasts the best in bright light settings while still maintains visibility in low light. The front sight tritium lamp is brighter than the 2 rear sight lamps, reducing the possibility of mixing up the front sight tritium vial with a rear sight vial in low/no light. The front blade measures 0.145" (3.68 mm) wide, and the rear notch is 0.170" (4.32 mm) wide, which increases the visibility of the front sight. R3D sights are installable by sight pusher tools or by using a hammer and punch. Fits Glock models 43X & 48

## Attributes

- Name: [XS SIGHT SYSTEMS R3D NIGHT SIGHT SUPPRESSOR HEIGHT FOR GLOCK 43X/48 ORANGE](#)
- Manufacturer: [XS SIGHT SYSTEMS](#)
- Product no.: 430109180

# R3D Suppressor Height Night Sights for Glock 43X & 48 Safety Instruction Guide

## Introduction

Thank you for choosing the R3D Suppressor Height Night Sights for your Glock 43X or 48. This guide provides important safety instructions and usage information to ensure a safe and effective experience with your new sights. Please read this guide carefully and keep it for future reference.

## General Safety Guidelines

- Ensure safe use of nonfood products, including firearms accessories like night sights.
- Be aware of potential risks associated with improper installation or use.
- Always follow local laws and regulations regarding firearm accessories.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay updated on recall notices through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always ensure your firearm is unloaded before installing or handling the sights.
- Use appropriate tools (sight pusher tools or hammer and punch) for installation to avoid damage.
- Do not attempt to modify or alter the sights in any way.
- Avoid exposing the sights to extreme temperatures or harsh chemicals.
- Keep the sights and your firearm out of reach of children and unauthorized users.
- If you notice any damage or malfunction, discontinue use and seek professional assistance.

## Instructions for Installation and Usage

### Installation

#### 1. Preparation

- Ensure your Glock 43X or 48 is unloaded.
- Gather necessary tools: sight pusher tools or hammer and punch.

#### 2. Remove Old Sights

- Use the sight pusher tool or hammer and punch to gently remove the existing sights.
- Be careful not to damage the slide or surrounding components.

#### 3. Install New R3D Night Sights

- Align the front sight with the designated slot on the slide.
- Secure the front sight using the sight pusher tool or gently tap with a hammer and punch.
- Repeat the process for the rear sight, ensuring proper alignment.

#### 4. Check Alignment

- After installation, visually inspect the alignment of the sights.
- Make any necessary adjustments to ensure optimal accuracy.

### Usage

- Familiarize yourself with the sight picture: a traditional 3dot tritium, notch, and post.

- Use the front sight ring, available in orange or green, for enhanced visibility in various lighting conditions.
- Practice shooting in both bright and low light environments to get accustomed to the sights.

## **Disposal Instructions**

- Dispose of any packaging materials responsibly, following local recycling guidelines.
- If the sights become damaged or are no longer usable, consult local regulations for proper disposal methods of firearm accessories.

## **Contact Information for Further Support**

For safety inquiries or further assistance, please refer to the manufacturer's website or contact your local dealer for support.

By following these guidelines, you can ensure a safe and effective experience with your R3D Suppressor Height Night Sights. Thank you for prioritizing safety!
