

R3D SUPPRESSOR HEIGHT NIGHT SIGHTS FOR GLOCK 43X & 48 - XS SIGHT SYSTEMS R3D NIGHT SIGHT SUPPRESSOR HEIGHT FOR GLOCK 43X/48 GREEN

[Handgun Parts](#) > [Sights](#) > [Sight Sets](#)

XS R3D Night Sights feature a traditional 3-dot tritium, notch and post sight picture. The blacked out rear increases contrast against the front sight. Available in orange or green, the front sight ring is equipped with our Ember Glow Dot Technology which absorbs ambient light and glows in low light. R3D sights are the brightest options for fast and accurate shooting in bright and low light. Green is the best option for low light and has the brightest glow intensity. Orange contrasts the best in bright light settings while still maintains visibility in low light. The front sight tritium lamp is brighter than the 2 rear sight lamps, reducing the possibility of mixing up the front sight tritium vial with a rear sight vial in low/no light. The front blade measures 0.145" (3.68 mm) wide, and the rear notch is 0.170" (4.32 mm) wide, which increases the visibility of the front sight. R3D sights are installable by sight pusher tools or by using a hammer and punch. Fits Glock models 43X & 48

R3D SUPPRESSOR HEIGHT NIGHT SIGHTS FOR GLOCK 43X & 48 Safety Instruction Guide

Introduction

Thank you for choosing the R3D Suppressor Height Night Sights for your Glock 43X or 48. This guide provides essential safety instructions and information to ensure the safe and effective use of your night sights. Please read this guide carefully before installation and use.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always follow local laws and regulations regarding firearm accessories.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly check the product for any signs of damage or wear.
- If you notice any defects or issues, cease use immediately and contact the manufacturer.

Specific Safety Precautions for Use

- Always ensure your firearm is unloaded before installing or adjusting the night sights.
- Be aware of your surroundings and ensure that you are in a safe environment when using your firearm.
- Avoid using the night sights in conditions where visibility is extremely low, as this may impair your ability to aim accurately.
- Do not attempt to modify the night sights or use them in a manner not specified by the manufacturer.
- If you experience any discomfort or difficulty while using the night sights, discontinue use and consult a professional.

Instructions for Installation and Usage

Installation Instructions

1. **Gather Tools:** You will need sight pusher tools or a hammer and punch for installation.
2. **Prepare the Firearm:** Ensure your Glock 43X or 48 is unloaded and safe to work on.
3. **Remove Old Sights:** If applicable, carefully remove any existing sights using the appropriate tools.
4. **Position the New Sights:** Align the R3D night sights with the sight dovetails on your firearm.
5. **Secure the Sights:** Use the sight pusher tools or hammer and punch to install the sights firmly. Ensure they are straight and securely attached.
6. **Check Alignment:** After installation, check the alignment of the sights to ensure proper functionality.

Usage Instructions

- Familiarize yourself with the sight picture: The R3D night sights feature a traditional 3dot tritium setup. The blackedout rear sight increases contrast against the front sight.
- Choose the appropriate sight color: The green front sight offers the brightest glow in low light, while the orange front sight provides better contrast in bright conditions.
- Practice aiming: Spend time practicing with your night sights in various lighting conditions to become accustomed to their functionality.

Disposal Instructions

- Dispose of any damaged or nonfunctional night sights in accordance with local regulations.
- Do not dispose of the product in regular household waste. Check for local recycling programs or hazardous waste disposal options.

Contact Information for Further Support

For any inquiries regarding safety, installation, or product issues, please reach out to the manufacturer or your point of purchase for assistance.

This safety instruction guide is designed to help you enjoy the full benefits of your R3D Suppressor Height Night Sights while ensuring your safety and compliance with the EU General Product Safety Regulation. Always prioritize safety and responsible use of your firearm accessories.
