

R3D 2.0 OPTIC/SUPPRESSOR NIGHT SIGHTS FOR S&W M&P 2.0 - XS SIGHT SYSTEMS R3D 2.0 OPTIC/SUPPRESSOR S&W M&P 2.0 FULL & COMPACT GREEN

[Handgun Parts](#) > [Sights](#) > [Sight Sets](#)

XS second-generation R3D night sights are engineered to give you a brighter, stronger set of sights. Easily install your sights with a set that requires 50% less force for installation. R3D sights are built to withstand years of EDC use and abuse. The set drives focus downrange using a serrated blacked-out rear sight and a dual-illuminated tritium photoluminescent front sight. R3D sights are the brightest notch and post option for fast and accurate shooting in bright and low light. Fits M&P 2.0 OR: Full Size & Compact

R3D 2.0 Optic/Suppressor Night Sights for S&W M&P 2.0 Safety Instruction Guide

Introduction

Thank you for choosing the R3D 2.0 Optic/Suppressor Night Sights for your Smith & Wesson M&P 2.0. This guide provides essential safety instructions and information for the proper use, installation, and disposal of your night sights. Your safety and satisfaction are our top priorities.

General Safety Guidelines

- Ensure that the product is used in accordance with the manufacturer's instructions to prevent accidents or injuries.
- Always handle firearms and accessories with care, following all relevant safety protocols.
- Keep the night sights out of reach of children and unauthorized users.
- Regularly inspect the night sights for any signs of damage or wear.
- If you notice any defects or malfunctions, cease use immediately and consult a professional.

Specific Safety Precautions for Use

- **Installation Safety:**
 - Use the recommended tools for installation to prevent damage to the sights or your firearm.
 - Ensure that the firearm is unloaded before attempting to install or modify any components.
- **Shooting Safety:**
 - Always wear appropriate eye and ear protection when shooting.
 - Ensure that your shooting area is safe and free from hazards.
- **Visibility:**
 - The R3D sights are designed for use in both bright and low light conditions. However, ensure that the sights are properly aligned before use for optimal performance.
- **Maintenance:**
 - Clean the sights regularly to maintain visibility and functionality.
 - Avoid using harsh chemicals that may damage the tritium or photoluminescent materials.

Instructions for Installation and Usage

Installation Instructions

1. Preparation:

- Gather all necessary tools, including a sight installation tool and a small hammer.
- Ensure that your firearm is unloaded and pointed in a safe direction.

2. Remove Existing Sights:

- If replacing existing sights, carefully remove them using the appropriate tools.
- Take care not to damage the slide of your firearm.

3. Install New Sights:

- Align the R3D sights with the mounting holes on your firearm.
- Use the sight installation tool to press the sights into place, applying even pressure.
- Ensure that the rear sight is serrated and the front sight is illuminated for optimal performance.

4. Final Checks:

- Once installed, check the alignment of the sights to ensure they are straight and secure.
- Test the functionality of the sights in a safe environment before regular use.

Usage Instructions

- When aiming, focus on the front sight while keeping the target in your peripheral vision.
- Use the serrated rear sight to help reduce glare and enhance sight picture.
- Practice shooting in varying light conditions to become accustomed to the sight's performance.

Disposal Instructions

- Dispose of the night sights in accordance with local regulations regarding electronic waste and hazardous materials.
- Do not throw the sights in regular trash; instead, locate a designated electronic waste disposal facility.

Contact Information for Further Support

For any questions, concerns, or reports of unsafe products, please reach out to the appropriate authorities or consult the Safety Gate platform for updates on product recalls. Your safety is important, and we encourage you to stay informed.

Thank you for choosing R3D 2.0 Optic/Suppressor Night Sights. We hope you enjoy enhanced accuracy and performance with your Smith & Wesson M&P 2.0. Stay safe and responsible.
