

# STANDARD DOT FOR TAURUS 605/856 - XS SIGHT SYSTEMS

## STANDARD DOT FOR TAURUS 856/605 ORANGE

[Handgun Parts](#) > [Sights](#) > [Sight Sets](#)

The XS Standard Dot Night Sights are designed to enhance your defensive revolver. The sights use a tritium lamp coupled with a proprietary photoluminescent orange or green Glow Dot that absorbs ambient light and glows in low light. The convex dot's additional surface area increases light absorption, intensifying the charge of the Glow Dot. Designed to be large and highly visible, these sights help solve many issues, from aging eyes to deteriorating vision. XS Tritium Night sights are big, bright, and easy to see day or night! The XS Sights Standard Dot for the Taurus 856 and 605 revolvers fits guns with a factory pinned in front sight. The replacement sight is pre-drilled for the retention pin, making installation an easy at home DIY task. Upgrade the performance of your Taurus 856 or 605 with the new XS Sights Standard Dot Night Sights!

### Attributes

# Safety Instruction Guide for XS Standard Dot Night Sights for Taurus 605/856

## Introduction

Thank you for choosing the XS Standard Dot Night Sights designed specifically for the Taurus 605 and 856 revolvers. This guide provides essential safety instructions, installation guidelines, and usage tips to ensure a safe and effective experience with your new sights. Please read this document carefully before use.

## General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Ensure that the sight is properly installed and securely attached before use.
- Regularly inspect the sight for any signs of damage or wear.
- Keep the sight and firearm out of reach of children and unauthorized users.
- Be aware of your surroundings and ensure a safe shooting environment.
- Follow all local laws and regulations regarding firearm use and modifications.
- Report any unsafe products or incidents to the relevant authorities.

## Specific Safety Precautions for Use

- The XS Standard Dot Night Sights are designed for use with Taurus 605 and 856 revolvers only. Do not attempt to use them with other firearm models.
- The Glow Dot feature relies on tritium and photoluminescent materials. Do not attempt to disassemble the sight or tamper with the Glow Dot.
- Avoid exposing the sights to extreme temperatures or harsh chemicals, as this may affect their performance.
- If you notice any unusual behavior or damage to the sight, discontinue use immediately and consult a professional.

## Instructions for Installation and Usage

### Installation

1. Ensure that your firearm is unloaded and pointed in a safe direction.
2. Remove the factory front sight from your Taurus revolver.
3. Align the XS Standard Dot Night Sight with the sight base.
4. The replacement sight is predrilled for the retention pin. Insert the pin to secure the sight in place.
5. Doublecheck that the sight is firmly attached and properly aligned before use.

### Usage

- Use the XS Standard Dot Night Sights in lowlight conditions to take advantage of the Glow Dot feature.
- When aiming, ensure that the dot is clearly visible and aligned with your target.
- Practice regularly to become familiar with the sighting system and improve your shooting accuracy.

## Disposal Instructions

When disposing of the XS Standard Dot Night Sights, follow these guidelines: \* Do not dispose of the sight in regular household waste. \* Check local regulations for proper disposal of firearm accessories. \* If the sight is damaged or no longer usable, contact a local hazardous waste facility for guidance on safe disposal.

## Contact Information for Further Support

For any safety inquiries or additional support regarding the XS Standard Dot Night Sights, please refer to the contact information provided with your product. Ensure you have the product details ready when seeking assistance.

Thank you for your attention to these safety instructions. Your safety and the safety of others is paramount when using firearm accessories. Enjoy your enhanced shooting experience with the XS Standard Dot Night Sights!
