

SLIDE COMPLETION KIT FOR GLOCK® 19 GEN 3 - BROWNELLS G19 GEN3 RMR W/WINDOW, PORTED BBL & SLIDE COMPLETION KIT

[Handgun Parts](#) > [Slide Parts](#) > [Slides](#)

Brownells has paired together all the pieces you need to finish your slide all by yourself! Featuring the Brownells Slide for the Glock® Gen 3, a small parts completion kit including the barrel, and an RMR Plate if you haven't quite decided which Red Dot is for you. Integral Red Dot Sight Mounting Slot + Unique Custom Upgrades! The Brownells RMR Slide for Glock® 19 Gen3 pistols is the ideal upgrade for your factory G19 or the perfect "top half" for a brand-new custom gun built on a compatible frame from another manufacturer. This slide features a pre-cut slot for easy, secure, low-profile mounting of a Trijicon RMR or Holosun red dot sight. Up front, you'll find distinctive cocking serrations that aid in manipulating the slide to check the chamber or clear a jam. And let's admit it: the serrations just look cool, too! The RMR Slide also has standard Glock® factory front and rear sight dovetails for backup "iron" sights. Use suppressor-height iron sights for proper co-witness with the red dot. You can get your RMR Slide for Glock® 19 Gen3 with the traditional solid top or with a "window" cutout between the front serrations that enhances air flow to cool the barrel - ideal for hard-working action competition pistols. If you have an upgraded barrel with a contrasting finish or a unique exterior pattern (fluting, spirals, flames, etc.) the window lets you show it off a bit! Or install our ported barrel for Glock 19, and combustion gas venting from the barrel ports through the window will counteract muzzle rise and help you keep the sights on the target for subsequent shots - no need to install a bulky compensator on the muzzle. Fits Gen3 Glock® 19 pistols & clones Built-in Trijicon RMR mounting slot Also accepts Holosun HE508T, HS507C & HS407C red dot sights Factory front/rear iron sight cuts, too Machined from corrosion-resistant 17-4 stainless steel billet Available with traditional Solid top or distinctive top Window cutout Each RMR Slide for Glock® starts life as a billet of 17-4 stainless steel that is machined to Glock® factory specifications inside, so it'll accept factory or aftermarket barrels and internal parts. Each slide is heat-treated to Rc 41-44 on the Rockwell C scale for superior surface hardness and wear resistance. RMR slides are available with a wear-resistant basic black Nitride finish, or a thin, extremely tough, good-looking physical vapor deposition (PVD) coating in other colors. Brownells Gun Tech™ Note: Channel liner required for these slides. Channel liner is a press fit and requires a tool to install. We recommend #777-100-017. This slide uses patented optic cut technology developed by ZEV Technologies (U.S. Patent No. RE47335). The Brownells Cover Plate provides a simple solution if you prefer to remove the RMR from a Brownells RMR slide when using iron sights. Matches all new production Brownells RMR cut slides for the G17, G19 and G26. Aluminum construction Anodized black The RMR Cover Plate is made of lightweight aluminum and anodized black. Requires the same screws that are included with the slide.

SLIDE COMPLETION KIT FOR GLOCK® 19 GEN 3

CONSUMER SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the SLIDE COMPLETION KIT FOR GLOCK® 19 GEN 3 from Brownells. This product is designed to enhance your shooting experience while ensuring safety during use. Please read and follow these safety instructions carefully to ensure proper handling and maintenance of your slide completion kit.

General Safety Guidelines

- Ensure that all firearms and accessories are stored securely and out of reach of children and unauthorized users.
- Always treat every firearm as if it is loaded, regardless of its condition.
- Wear appropriate safety gear, including eye and ear protection, when using firearms.
- Familiarize yourself with your firearm and the components of the slide completion kit before use.
- Regularly inspect your firearm and the slide completion kit for any signs of wear or damage.
- Follow all local laws and regulations regarding firearm ownership and use.

Specific Safety Precautions for Use

- **Potential Hazards:**
 - Improper installation or use may lead to malfunction or injury.
 - Using incompatible parts may compromise safety and performance.
 - Failure to follow safety instructions may result in accidents.
- **Instructions to Avoid Hazards:**
 - Only use components that are specifically designed for the Glock® 19 Gen3.
 - Ensure that the slide is properly installed before using the firearm.
 - Do not modify any parts of the slide completion kit beyond manufacturer specifications.
 - If you experience any malfunctions, cease use immediately and consult a qualified gunsmith.
- **Age Specific Warnings:**
 - This product is intended for use by adults only. Ensure that young or inexperienced users are supervised by a responsible adult.

Instructions for Installation and Usage

- **Installation:**
 1. Ensure that your firearm is unloaded and pointed in a safe direction.
 2. Remove the existing slide from your Glock® 19 Gen3.
 3. Install the Brownells RMR Slide according to the manufacturer's instructions.
 4. Ensure that the Trijicon RMR mounting slot is secure and ready for use.
 5. If using a channel liner, ensure it is properly installed using the recommended tool (#777100017).
 6. Reassemble your firearm and check that all components are functioning correctly.
- **Usage:**
 - Always check the chamber before handling or firing your firearm.

- Utilize suppressorheight iron sights for proper cowitness with the red dot.
- Maintain a firm grip on the firearm when firing to manage recoil effectively.
- Monitor for any signs of malfunction, and cease use if any issues arise.

Disposal Instructions

- Dispose of the slide completion kit and any associated components in accordance with local laws and regulations.
- Do not dispose of firearms or firearm components in regular household waste.
- Contact local waste management authorities for guidance on proper disposal methods.

Contact Information for Further Support

For any inquiries regarding the SLIDE COMPLETION KIT FOR GLOCK®19 GEN 3, please refer to the manufacturer's website or contact their customer service for assistance. Ensure that you have the product details available for a more efficient support experience.

By following these safety instructions, you can help ensure a safe and enjoyable experience with your SLIDE COMPLETION KIT FOR GLOCK®19 GEN 3. Thank you for your attention to these important safety guidelines.
