## DAKA GRID ORGANIZER FOR PELICAN V770 VAULT

[Shooting Accessories](#) > [Gun Storage](#) > [Gun Storage Accessories](#)

Magpul's DAKA GRID Organizer is a fully customizable drop-in organizational solution that secures and protects your important equipment when it's stored or transported in your existing hard case. Specifically designed to fit Pelican™ V770 Vault gun cases, the GRID Organizer is completely reconfigurable to meet your storage needs. Individual Expanded Polypropylene (EPP) Panels and Blocks nest together securely to maximize protection, versatility, and ease-of-use. They can be organized to brace and immobilize rifles, optics, ammunition, accessories, and other gear, and they can be quickly removed and reinstalled for your next loadout. The lightweight GRID system uses compression to immobilize and compartmentalize your gear, firmly holding it in place and providing advanced protection during transport. The result is less movement and better impact resistance for your gear than you'll get from current open cell foam options that can let your gear slide around inside your case during transport. Also, the GRID's EPP make up doesn't absorb contaminants like open cell foam does, providing resistance to liquid and chemical intrusion and mitigating contamination of your gear. Cleaning up dirt, chemicals, and liquids is easy with just a damp cloth. Offering numerous advantages over traditional foam and expensive laser-cut inserts, the GRID provides intuitive, modular organization at your fingertips. It's reconfigurable without tools, so it can be adapted to your loadout in seconds. If you're carrying wider or taller equipment, a center GRID Panel can also be removed to open up space for objects approximately 4.25" inches wide. If you end up needing to cut a Panel to create a unique cavity for wider gear, the EPP cuts smoothly and doesn't lose its strength or ability to protect your important equipment. For unique equipment loading techniques, see Magpul's Getting The Best Fit video and others in the Resources tab. Simple to configure, stronger than foam, and versatile enough to change with every loadout, the DAKA GRID Organizer lets you use every inch of your case to store and securely carry your gear the way you want. Includes GRID base Panels, six triple Blocks, six double Blocks, and replacement base foam. EASILY ADDED TO POPULAR PELICAN™ V770 VAULT CASES EPP Panels and Blocks quickly replace current internal setup GRID system holds your gear securely and protects better than foam sheets Not just for firearms; can be used for all types of gear LIGHTWEIGHT AND EASY TO USE EPP construction is lighter and stronger than traditional foam Endlessly customizable and no tools required Unique gear loadouts set up in seconds BETTER PROTECTION THAN YOUR OLD FOAM GRID is stronger than open cell foam, holds your gear in place, and protects better from impacts Resists absorbing liquids and chemicals and easy to clean with a damp cloth Good temperature stability VERSATILE AND ENDLESSLY CUSTOMIZABLE GRID Block arrangement lets you maximize the use of all of your space Ability to reconfigure the GRID means no cutting or plucking of foam that leaves you with one fixed configuration

# DAKA® GRID ORGANIZER FOR PELICAN V770 VAULT Safety Instruction Guide

## Introduction

Thank you for choosing the DAKA GRID Organizer for your Pelican V770 Vault. This product is designed to provide a customizable and secure organizational solution for your equipment. Please read this safety instruction guide carefully to ensure safe use and maintenance of the product.

## General Safety Guidelines

- Ensure that the DAKA GRID Organizer is compatible with your Pelican V770 Vault case before use.
- Always inspect the product for any damage before installation or use. Do not use if damaged.
- Keep the product out of reach of children to prevent accidental injury.
- Avoid using the organizer for any purpose other than its intended use.
- Regularly check for wear and tear, and replace any damaged components as necessary.
- If you notice any unusual behavior or performance, discontinue use immediately and contact customer support.

## Specific Safety Precautions for Use

- **Hazard Identification:**

- Risk of equipment damage if not properly secured.
- Potential for injury if the organizer is overloaded or improperly configured.

- **Avoiding Hazards:**

- Do not exceed the weight limit of your Pelican V770 Vault case.
- Ensure that all gear is securely fastened within the GRID Organizer to prevent movement during transport.
- Be cautious when cutting EPP Panels; use a suitable cutting tool and follow safety guidelines to avoid injury.
- Do not store hazardous materials that may leak or cause contamination.

- **AgeSpecific Warnings:**

- This product is not intended for use by children. Keep out of reach of minors.

## Instructions for Installation and Usage

- **Installation:**

1. Open your Pelican V770 Vault case and remove any existing foam or inserts.
2. Identify the desired configuration for your GRID Organizer based on the equipment you wish to store.
3. Arrange the EPP Panels and Blocks according to your configuration. Ensure they fit snugly together.
4. If necessary, cut a Panel for wider equipment using a sharp utility knife. Ensure cuts are clean and safe.
5. Place the assembled GRID Organizer back into the case, ensuring that it is securely in place.

- **Usage:**

- Load your gear into the GRID Organizer carefully, ensuring that all items are properly secured.
- Use compression to immobilize your gear within the organizer, preventing movement during transport.
- Clean the organizer with a damp cloth as needed to maintain hygiene and functionality.
- Adjust the configuration as needed for different loadouts, ensuring that no tools are required for reconfiguration.

## **Disposal Instructions**

- Dispose of any damaged or unusable components of the DAKA GRID Organizer in accordance with local waste disposal regulations.
- EPP material can typically be recycled; check with local recycling facilities for specific guidelines.
- Do not dispose of the product in regular household waste if it can be recycled.

## **Contact Information for Further Support**

For any questions or concerns regarding the DAKA GRID Organizer, please reach out to customer support. Ensure you have the product details on hand for a more efficient response.

Thank you for your attention to these safety guidelines. Proper use and care of your DAKA GRID Organizer will enhance your experience and ensure the safety of your gear.
