

BRN-4"! M27 QUAD RAIL HANDGUARDS - BROWNELLS BRN-4 QUAD RAIL HANDGUARD, 11", FDE

[Rifle Parts](#) > [Build Kits](#) > [Handguards & Rails](#)

"M27" inspired Quad Rail Handguard for the BRN-4™ and HK® 416 platforms. Available in 11 and 9 inch lengths, the BRN-4 M27 handguards are suitable for a variety of barrel lengths and applications. The 11 inch model is right at home with the BRN-4 M27 16 inch barrel, as it covers up the gas block and provides plenty of picatinny rail real estate on a rifle platform. The 9 inch model is right at home on carbine builds, especially a handy 10.4" model. Unique to Brownells BRN-4, these quad rail handguards are available in Flat Dark Earth. The handguard by itself on a matte black upper receiver has a distinct and unique look, and breaks up the overall profile of the firearm. Also unique on the Brownells BRN-4 quad rail handguard compared to similar handguards, is the machined in locking bolt hardware. This ensures the clamping forces are evenly spread to the body of the handguard, optimizing clamping force. You don't have to worry about zero shifting with this setup. Indexing tab at the top interfaces with the BRN-4 upper receiver and prevents rotation. Handguard attaches directly to any Brownells BRN-4 upper receiver group, and is also compatible with HK®, 416, MR556 and MR223 platforms.

Safety Instruction Guide for BRN4 M27 Quad Rail Handguards

Introduction

Thank you for choosing the BRN4 M27 Quad Rail Handguards. This guide provides essential safety instructions and information to ensure safe use and installation of the product. Please read this guide carefully before use.

General Safety Guidelines

- Ensure the product is compatible with your firearm model.
- Always follow firearm safety rules when handling the BRN4 M27 Quad Rail Handguards.
- Inspect the handguards for any damage or defects before installation.
- Store the handguards in a safe place, away from children and unauthorized users.
- Report any unsafe product conditions or accidents to the appropriate authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Do not exceed the recommended weight limit for accessories mounted on the handguard.
- Ensure that the handguard is securely attached to the firearm before use.
- Avoid using the handguard in extreme conditions that may affect its integrity.
- Do not modify the handguard, as this may compromise safety and performance.
- Always wear appropriate personal protective equipment (PPE) when handling firearms.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools for installation.
- Ensure that the firearm is unloaded and pointed in a safe direction.

2. Installation:

- Remove any existing handguard from the firearm as per the manufacturer's instructions.
- Align the indexing tab of the BRN4 M27 Quad Rail Handguard with the upper receiver.
- Attach the handguard securely using the provided locking bolt hardware.
- Ensure that the handguard is firmly clamped and does not rotate.

3. Usage:

- Once installed, verify that the handguard is securely attached before mounting any accessories.
- Use the Picatinny rail system to attach accessories only as intended.
- Regularly check the tightness of the handguard and accessories during use.

Disposal Instructions

- Dispose of the handguard in accordance with local regulations.
- Do not dispose of the handguard in regular household waste.
- Consider recycling options if available in your area.

Contact Information for Further Support

For any inquiries regarding safety or product support, please refer to the official contact points provided by the manufacturer.

By following these guidelines, you can ensure the safe and effective use of your BRN4 M27 Quad Rail Handguards. Thank you for your attention to safety.
