

BRASS SMITH ALL-AMERICAN 8 PRESS AND UNIV PRESS STAND KIT - LYMAN BRASS SMITH ALL-AMERICAN 8 PRESS AND UNIV PRESS STAND KIT

[Reloading](#) > [Reloading Kits](#)

Get both the Lyman Brass Smith press you want AND the Lyman Universal Press Stand to mount it on your bench and save money over buying the two items separately! Lyman's Brass-Smith Ideal Press is the perfect starting point for beginners or as a precision companion press for experienced reloaders. The compact design of the Ideal Press requires minimal bench space, but it is not some flimsy lightweight! The rugged press frame is made of cast iron, while other components are all steel. The press features compound linkage for optimum leverage, a 1" diameter ram, and a 3 7/8" press opening which can handle all pistol calibers and rifle cartridges with a loaded length of up to 3.700". The press has a central handle position for easy ambidextrous use and a ball handle for comfortable operation. The Ideal Press accepts all 7/8x14 thread dies and standard shell holders. The press will provide accuracy and precision for beginners or experts and is the perfect auxiliary press for those wishing to perform a specific operation separate from their main press.

FEATURES: Rugged cast iron frame Ambidextrous design Handles all pistol calibers and rifle cartridges up to 3.700 in length Accepts all standard 7/8"x14 dies and standard shell holders Durable powder coat finish Compound linkage and 1" diameter ram Weight 13.8 pounds **THE EIGHT STATION BRASS SMITH ALL-AMERICAN 8 PRESS IS THE MOST FEATURE-PACKED, RUGGED TURRET PRESS ON THE MARKET!** Starting at the top, the extra-large 8 station turret is machined out of heavy duty cast iron. It is equipped with an easily removed turret bolt which makes swapping turrets simple. The 8 die station turret is the largest available and will hold two complete 4 die sets or up to four 2 die sets. Below the turret is a rigid cast iron frame, housing a 1" diameter ram and compound linkage. The frame is large enough to work with even the longest rifle cartridges. Work the press handle and you will feel the tight, precision fit and smooth operation. Unlike many competitive presses, the Brass Smith All-American 8 Press comes with a newly designed straight line primer feed. The straight-line primer feed is completely reliable and simple to use. Simply push the priming arm forward at the bottom of the ram travel to position it beneath the shell holder. For added safety, the primer feed comes with a heavy steel shield which surrounds the primer tubes. The Brass Smith All-American 8 Press is equipped with a comfortable ball handle which can be positioned for either right- or left-hand use. The Brass Smith All-American 8 Press is designed for use with any standard 7/8"x14 thread dies and accepts standard shell holders. **FEATURES:** Heavy-duty cast-iron frame and turret Extra-large 8 station turret is easily removed to make swapping turrets simple. Holds two complete 4 die sets or up to four 2 die sets 1" diameter ram Comes with straight line primer feed with large and small primer tubes Precision fit and smooth operation Large press opening, works with the largest cases For added safety, the primer feed comes with a heavy steel shield which surrounds the primer tubes. Right or left hand operation Durable powder coat finish Weight 23 pounds **WARNING! DO NOT USE THE PRIMING SYSTEM WITHOUT THE BLAST SHIELD IN PLACE.**

Safety Instruction Guide for Lyman Brass Smith AllAmerican 8 Press and Universal Press Stand Kit

Introduction

Thank you for choosing the Lyman Brass Smith AllAmerican 8 Press and Universal Press Stand Kit. This guide provides important safety information to ensure the safe use and operation of the product. Please read this document thoroughly before using the press and stand kit.

General Safety Guidelines

- Always read and follow all instructions provided in this guide.
- Ensure the product is used only for its intended purpose.
- Keep the workspace clean and organized to prevent accidents.
- Store the product in a dry place, away from moisture and extreme temperatures.
- Use personal protective equipment (PPE) such as safety glasses and gloves when operating the press.
- Be aware of your surroundings and ensure no one is in close proximity while using the press.
- Regularly inspect the press and stand for any signs of damage or wear before use.
- Do not use the press if any components are damaged or missing.

Specific Safety Precautions for Use

- **Hazard Awareness:** Be aware of potential hazards such as pinch points, sharp edges, and heavy components.
- **Weight Handling:** The Brass Smith AllAmerican 8 Press weighs 23 pounds. Use proper lifting techniques to avoid injury.
- **Priming System:**
 - DO NOT use the priming system without the blast shield in place.
 - Ensure the primer feed is properly secured before operation.
- **Ambidextrous Use:** The press is designed for both right and lefthand operation. Ensure the handle is set to your preference before use.
- **Child Safety:** Keep the press and stand out of reach of children and vulnerable individuals. This product is not intended for use by persons under 18 years of age.

Instructions for Installation and Usage

1. Installation:

- Place the Universal Press Stand on a stable, flat surface.
- Secure the press onto the stand using the provided bolts and tools. Ensure that all connections are tight.
- Check that the press is level and stable before use.

2. Usage:

- Ensure you have all necessary tools and materials ready before starting.
- Set the desired die and shell holder into the press. Ensure they are properly seated.
- Adjust the ram height as needed for your specific reloading operation.
- Operate the handle smoothly and steadily to avoid sudden movements.
- After completing your task, clean the press and stand to remove any debris or residue.

Disposal Instructions

- Dispose of the product and any packaging materials in accordance with local regulations.
- Do not dispose of the product in household waste. Instead, check for local recycling programs that accept metal and plastic components.

Contact Information for Further Support

For any safety inquiries or product support, please refer to the manufacturer's website or contact their customer service team through the provided channels.

Conclusion

By following this safety instruction guide, you can ensure a safe and effective experience with your Lyman Brass Smith AllAmerican 8 Press and Universal Press Stand Kit. Always prioritize safety and proper usage to enjoy the full benefits of your reloading equipment.
