

MTH 375 CALIBER (0.375") RIFLE BULLETS - CUTTING EDGE BULLETS MTH 375 CAL (0.375") LEAD FREE HP SINGLE FEED 375GR 50/BOX

[Reloading](#) > [Bullets](#) > [Rifle Bullets](#)

This is a SINGLE FEED bullet was designed for large cartridge .375 rifles. Curtting Edge's MTH® line is machined out of lead free solid copper bar stock on a CNC lathe. These are a high BC, expanding bullet designed for hunting at all ranges. A unique feature of this bullet is their patented SealTite® band which is a band slightly larger than caliber diameter around the bullet which was designed to eliminate fliers by preventing gas blow-by. The SealTite® band also decreases copper fouling which is typically associated with mono metal bullets. These bullets do not mushroom, but instead, fracture. After 1-2"" of penetration, 3-4 petals will break off and radiate outward from the main wound channel about 2-3" creating massive trauma. They will expand down to 1600fps.

Attributes

- Name: [CUTTING EDGE BULLETS MTH 375 CAL \(0.375"\) LEAD FREE HP SINGLE FEED 375GR 50/BOX](#)
- Manufacturer: [CUTTING EDGE BULLETS](#)
- Product no.: 430110695
- Mfr. No.: MTH 375 375 MAX
- Ballistic Coefficient (G1): 0.843
- Ballistic Coefficient (G7): 0.432
- Brand Style: Match Tactical Hunting
- Bullet Style: Lead Free Hollow Point
- Caliber: 375 Caliber
- Diameter (in): 0.375
- Grain: 375
- Quantity: 50
- Delivery weight: 1.216kg
- UPC: 812191022071

MTH 375 Caliber Rifle Bullets Safety Instruction Guide

Introduction

Thank you for choosing the MTH 375 Caliber (0.375") Rifle Bullets from Cutting Edge Bullets. These leadfree, high ballistic coefficient bullets are designed for hunting and require careful handling to ensure safety and optimal performance. This guide provides essential safety instructions, usage guidelines, and disposal information in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that you are familiar with the safe handling and usage of ammunition.
- Always store ammunition in a cool, dry place away from direct sunlight.
- Keep ammunition out of reach of children and unauthorized persons.
- Regularly check for any signs of damage or wear on your ammunition, and do not use damaged products.
- Follow all local laws and regulations regarding the purchase, storage, and use of ammunition.

Specific Safety Precautions for Use

- Always wear appropriate eye and ear protection when using firearms.
- Ensure that your firearm is compatible with .375 caliber ammunition before use.
- Do not exceed the recommended load specifications for your firearm.
- Avoid using ammunition that has been exposed to moisture or extreme temperatures.
- Inspect the bullet and cartridge for any irregularities before loading.
- Use only in designated hunting or shooting areas where it is legal to do so.

Instructions for Installation and Usage

- Carefully read the firearm's manual before loading ammunition.
- Load the MTH 375 caliber bullets into your firearm according to the manufacturer's instructions.
- Ensure that the firearm is pointed in a safe direction during loading and unloading.
- After loading, check to ensure that the bullet is seated properly in the chamber.
- Fire the bullet only when you are sure of your target and what lies beyond it.
- After use, clean your firearm according to the manufacturer's instructions to maintain optimal performance and safety.

Disposal Instructions

- Dispose of any unused or damaged ammunition in accordance with local regulations.
- Do not throw ammunition in regular trash or recycling bins.
- Contact local authorities or hazardous waste disposal facilities for proper disposal methods.

Contact Information for Further Support

For any safety inquiries or product support, please refer to the manufacturer's website or your local distributor. Ensure that you have your product information ready for any questions or concerns.

By following these guidelines, you can ensure safe and effective use of the MTH 375 Caliber Rifle Bullets. Always prioritize safety and adhere to all relevant regulations. Thank you for your commitment to responsible firearm usage.
