

MINIMAL OPTICAL DEFLECTION (MOD) 4 HANDGUARD - AERO PRECISION MINIMAL OPTICAL DEFLECTION (MOD) 4 HANDGUARD 13.5" BLACK

[Rifle Parts](#) > [Build Kits](#) > [Handguards & Rails](#)

MINIMAL OPTICAL DEFLECTION (MOD) 4 HANDGUARD The Aero Precision Minimal Optical Deflection (MOD) 4 handguard seamlessly blends robust construction with an ergonomic form factor, ensuring no compromises between the two. Machined from 6061-T6 aluminum, the handguard is engineered with a focus on stiffness to drastically reduce deflection under load. It attaches to the upper receiver via a steel barrel nut, which also serves to significantly reduce point-of-impact shift when using an infrared laser aiming device under load. In addition to its premium engineering, the MOD 4 handguard offers several quality-of-life improvements. A full-length, 7-sided M-LOK™ interface allows the user to customize their build according to their preferences. The steel-reinforced QD sockets are a small but important detail, enhancing the sheer strength of the sockets and ensuring they do not wear prematurely when interfaced with standard steel QD sling attachments. Installation of this handguard is simplified at the barrel nut, as the need for timing has been eliminated, and the barrel nut lug pattern matches mil-spec castle nuts, removing the need for specialty tools. Finally, the inclusion of two anti-rotation set screws adds redundancy and ensures a more tailored fit when the handguard is used with third-party upper receivers. FEATURES: 6061-T6 aluminum construction Steel barrel nut 7 sided M-LOK™ 4 steel-reinforced Quick Disconnect (QD) sockets Internal Diameter: 1.2" Compatible with low-profile gas blocks INCLUDES: MOD 4 Handguard MOD 4 Barrel Nut MOD 4 Mounting Hardware NOTE: MOD 4 Handguards are designed to match seamlessly with Aero's M4E1 Threaded Upper Receivers and components from the PRO series. Additionally, the MOD 4 handguards are compatible with Mil-Spec AR-15 upper receivers. SPECIFICATIONS: Platform: AR-15 Series: MOD 4 Attachment Type: M-LOK Material: Machined from 6061-T6 aluminum Actual Handguard Lengths: 10.6", 11.4", 12.7", 13.5", 15" NOTE: Aero Precision rail lengths are measured from end to end. Weight(s): 10.6" = 14.78 oz, 11.4" = 15.06 oz, 12.7" = 16.12 oz, 13.5" = 16.75 oz, 15" = 17.73 oz Other: Handguard Screw Torque - 55+/-5 in-lbs

Attributes

- Name: [AERO PRECISION MINIMAL OPTICAL DEFLECTION \(MOD\) 4 HANDGUARD 13.5" BLACK](#)
- Manufacturer: [AERO PRECISION](#)
- Product no.: 430111465
- Mfr. No.: APRA600002C
- Colour: Black
- Length: 13.5"
- Material: Aluminum
- Model: -
- Style: M-LOK
- Type: -
- Weapon type: AR-15
- Delivery weight: 0.907kg
- Shipping height: 76mm

- Shipping width: 76mm
- Shipping length: 457mm
- UPC: 840014623280

Item details

Made in USA

US export classification: 0A501.y.1

Safety Instruction Guide for MINIMAL OPTICAL DEFLECTION (MOD) 4 HANDGUARD

Introduction

Thank you for choosing the Aero Precision Minimal Optical Deflection (MOD) 4 Handguard. This guide provides essential safety instructions to ensure the safe use, installation, and disposal of your handguard. Please read this guide carefully before use.

General Safety Guidelines

- **Product Safety:** Ensure that the handguard is used in accordance with the instructions provided. This product is designed for the AR15 platform and should only be used with compatible components.
- **Enhanced Recalls:** Stay informed about any recall notices related to this product. If a recall occurs, follow the instructions provided for returning or remedying the product.
- **Online Shopping:** If purchased online, verify that the seller complies with safety regulations and offers a secure transaction process.
- **Special Consumer Focus:** This product is not intended for use by children. Ensure that it is stored safely out of reach of minors.
- **EU Contact Point:** For any safety inquiries, refer to the appropriate contact points established in your region.
- **Rapid Alerts:** Regularly check the EU's Safety Gate platform for updates on any unsafe products.

Specific Safety Precautions for Use

- **Installation Precautions:**
 - Always ensure that the handguard is properly installed on the upper receiver.
 - Use the provided barrel nut and mounting hardware to secure the handguard.
 - Do not attempt to modify the handguard or its components.
- **Handling Precautions:**
 - Handle the handguard with care during installation and maintenance to avoid injury.
 - Ensure that all tools used during installation are in good condition.
- **Usage Precautions:**
 - Regularly inspect the handguard for any signs of wear or damage.
 - Ensure that the handguard is compatible with all accessories used.
 - Avoid exceeding the weight limit specified for accessories mounted on the handguard.

Instructions for Installation and Usage

1. Installation:

- Gather all necessary tools and components.
- Ensure that the upper receiver is clean and free from debris.
- Align the handguard with the upper receiver and slide it into place.
- Secure the handguard using the steel barrel nut provided.
- Tighten the barrel nut to the specified torque of 55 +/- 5 inlbs.
- Install the antirotation set screws to ensure a secure fit.

2. Usage:

- Use the MLOK™ interface to attach accessories as desired.
- Ensure that any accessories mounted do not exceed the internal diameter specifications.
- Regularly check the tightness of all mounted accessories and the handguard itself.

Disposal Instructions

- Dispose of the handguard and its components in accordance with local regulations.
- Do not dispose of the handguard in regular household waste.
- Consider recycling aluminum components where possible.

Contact Information for Further Support

For any questions or concerns regarding the installation, usage, or safety of the Aero Precision MOD 4 Handguard, please consult the manufacturer or authorized retailers for assistance.

Thank you for following these safety guidelines. Your safety and satisfaction are our top priorities.
