

TYPE 3 ACTION ENHANCEMENT KIT FOR SLIM FRAME GLOCK - APEX TACTICAL SPECIALTIES INC. TYPE 3 ACTION ENHANCEMENT KIT FOR SLIM FRAME GLOCK BLACK

[Handgun Parts](#) > [Trigger Group Parts](#) > [Trigger Parts](#) > [Triggers](#)

The Action Enhancement Kit for Slim Frame Glock pistols features the Apex Action Enhancement Trigger with Type 3 Aesthetics, with an Apex Trigger Bar, and Apex Performance Connector. The kit is a direct drop- in replacement of the factory polymer trigger, trigger bar, and connector, it provides for a smoother trigger pull with reduced travel, reduced reset length and a crisp break between 4.5 and 5.0 lbs. Type 3 Aesthetics: The Type 3 Trigger for Glocks feature a visually distinct design that sets it apart while maintaining the same excellent performance as our classic triggers for Glocks. Features of the Type 3 triggers include: Chamfers at the front corners (classic trigger has a radius on the front corners) Additional decorative face cuts on the visible sides of the trigger Same performance as the classic line, just a different look Features: Direct drop-in replacement of factory polymer trigger, trigger bar, and connector Smooths uptake and reset. Reduces trigger pre-travel, overall travel and reset distance. Crisp trigger break with a 4.5 to 5 lb. Trigger Pull Weight. Center mounted pivoting safety maintains factory safety values. 100% Manufactured in the USA, right here in Phoenix. Applicable to What Guns: Glock Models: G43, G43X, and G48 Not for use with: Not for use in the G42 (The trigger bar in the G42 is shorter) Non-Glock brand frames - If your frame is not made by Glock, do not use this kit in your pistol. Clones do not count as a Glock frame.

Safety Instruction Guide for TYPE 3 ACTION ENHANCEMENT KIT FOR SLIM FRAME GLOCK

Introduction

Thank you for choosing the TYPE 3 Action Enhancement Kit for Slim Frame Glock by Apex Tactical Specialties Inc. This guide provides essential safety instructions to ensure the safe use and installation of this product. Please read this guide carefully before use.

General Safety Guidelines

- Ensure that you are familiar with the safe handling and operation of firearms before using this kit.
- Always treat firearms as if they are loaded.
- Keep firearms pointed in a safe direction at all times.
- Store firearms and ammunition separately and securely, out of reach of children and unauthorized users.
- Always wear appropriate eye and ear protection when handling firearms.
- Be aware of your surroundings and ensure that there is a safe backdrop when shooting.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- This kit is designed for use with specific Glock models: G43, G43X, and G48.
- **Not for use with G42:** The trigger bar in the G42 is shorter and may cause malfunction.
- **NonGlock Brand Frames:** Do not use this kit in nonGlock frames or clones, as they do not meet safety standards.
- Ensure that the firearm is unloaded before installation.
- Verify that all components are present and undamaged before use.
- If you are unsure about the installation or use of this kit, consult a qualified gunsmith.

Instructions for Installation and Usage

1. Preparation:

- Ensure that your workspace is clean and free from distractions.
- Gather necessary tools, including a punch tool and a small hammer.

2. Disassembly of the Firearm:

- Unload the firearm completely.
- Follow the manufacturer's instructions to safely disassemble the Glock pistol.

3. Removal of Factory Components:

- Remove the factory polymer trigger, trigger bar, and connector from the firearm.
- Take care not to damage any surrounding components during removal.

4. Installation of the Action Enhancement Kit:

- Insert the Apex Action Enhancement Trigger into the trigger housing.
- Attach the Apex Trigger Bar, ensuring it is properly seated.
- Install the Apex Performance Connector in accordance with the provided instructions.

5. Reassembly of the Firearm:

- Carefully reassemble the firearm, following the manufacturer's guidelines.
- Ensure that all components are correctly aligned and secured.

6. Testing:

- After reassembly, conduct a safety check to ensure proper function.
- Test the trigger pull in a safe environment, ensuring all safety mechanisms are operational.

7. Final Inspection:

- Inspect the firearm to ensure that there are no loose parts or malfunctions.
- Confirm that the firearm is functioning as intended before use.

Disposal Instructions

- Dispose of any packaging materials in accordance with local waste disposal regulations.
- If you need to dispose of the kit or components, check with local authorities for proper disposal methods, especially if they contain any hazardous materials.

Contact Information for Further Support

For any inquiries related to the TYPE 3 Action Enhancement Kit or for assistance, please refer to the manufacturer's website or contact their support team directly.

Thank you for following these safety guidelines. Your safety and the safe operation of your firearm are of utmost importance. Please remember to practice safe handling and maintenance of your firearm at all times.
