

SUPPRESSOR CLEANER 1 GALLON JUG

SUPPRESSOR CLEANER The Breakthrough Clean Technologies Suppressor Cleaner is a water-based, ammonia-free cleaner that removes heavy carbon and lead deposits. Utilizing a proprietary blend of chemical surfactants and detergents, this cleaner effectively neutralizes all corrosive residues, preventing damaging rust and corrosion without etching or harming your suppressor. With no noxious fumes or hazardous chemicals, the suppressor cleaner is a safe and effective choice for removing stubborn carbon and lead build-up in your suppressor. **FEATURES:** **SUPPRESSOR CLEANING SUPPLIES:** Our carbon remover is a water-based cleaner that dissolves heavy carbon and lead deposits on a firearm's suppressor. It neutralizes all corrosive residues and temporarily protects against rust and corrosion. **FIREARM ACCESSORY CARE AND MAINTENANCE:** Our premium degreaser helps keep your gun accessories in peak condition and top-notch performance. It is petroleum and ammonia-free. **SUPERIOR QUALITY:** Utilizing a proprietary blend of chemical surfactants and detergents, this cleaner prevents the build-up of rust and corrosion without etching or harming the suppressor's surface. **MULTI-PURPOSE DEGREASER:** This carbon cleaner works with aluminum, stainless steel, and titanium-based suppressors. **BREAKTHROUGH CLEAN:** We offer the finest line of products to safely and efficiently maintain your equipment. Our cleaners eliminate more contaminants than the leading competitors, and our lubricants provide the ultimate protection from the elements. *Prolonged contact with Cerakote or Anodized metal may cause discoloring. Always test a small area to ensure product will not harm surface.

Safety Instruction Guide for SUPPRESSOR CLEANER 1 GALLON JUG

Introduction

Thank you for choosing the Breakthrough Clean Technologies Suppressor Cleaner. This product is designed to effectively clean suppressors by removing heavy carbon and lead deposits while ensuring safety during use. Please read this safety instruction guide carefully to understand how to use the product safely and effectively.

General Safety Guidelines

- Always use the suppressor cleaner in a wellventilated area to avoid inhaling any vapors.
- Keep the product out of reach of children and pets to prevent accidental ingestion or misuse.
- Avoid contact with eyes and skin. In case of contact, rinse immediately with plenty of water.
- Store the cleaner in its original container, tightly closed, and in a cool, dry place away from direct sunlight.
- Dispose of any unused product or waste in accordance with local regulations.

Specific Safety Precautions for Use

- Ensure that the surface of the suppressor is cool to the touch before applying the cleaner.
- Do not use the cleaner on hot surfaces or firearms to prevent splattering and potential burns.
- Always wear protective gloves and eyewear when handling the cleaner to minimize skin and eye exposure.
- Avoid prolonged contact with Cerakote or anodized metal surfaces, as this may cause discoloration. Always test a small area first.
- Do not mix the cleaner with other chemicals or cleaners, as this may create hazardous reactions.

Instructions for Installation and Usage

1. Preparation:

- Ensure the suppressor is detached from the firearm and is cool to the touch.
- Gather all necessary materials, including the suppressor cleaner, a cleaning cloth, and protective gloves and eyewear.

2. Application:

- Shake the 1gallon jug of suppressor cleaner well before use.
- Apply a generous amount of the cleaner directly onto the suppressor surface or onto a cleaning cloth.
- Allow the cleaner to sit for a few minutes to penetrate heavy carbon and lead deposits.

3. Cleaning:

- Use the cleaning cloth to wipe away the loosened deposits. For stubborn areas, reapply the cleaner and scrub gently.
- Rinse the suppressor thoroughly with water to remove any remaining cleaner and contaminants.
- Dry the suppressor completely with a clean cloth before reattaching it to the firearm.

4. PostCleaning:

- Dispose of any used cleaning cloths and excess cleaner in accordance with local regulations.

- Store the cleaner in a safe location for future use.

Disposal Instructions

- Dispose of the product and any cleaning materials in accordance with local waste disposal regulations.
- Do not pour the cleaner down drains or into the environment.

Contact Information for Further Support
