

# ERGO ROLLER LEVER FOR RELOADING PRESSES - INLINE FABRICATION ERGO ROLLER LEVER FOR AREA 419 ZERO PRESS

[Reloading](#) > [Reloading Presses](#) > [Reloading Press Accessories](#)

Inline Fabrication manufactures several accessories to enhance your reloading experience. Each Ergo Roller lever is made specifically for a specific model of press to position you in the most ergonomic reloading position. The forward offset design of the ergonomic levers snug you into your press, positions you perfectly to see your powder charge before placing a bullet, keeps you from bending/leaning over time after time and keeps you comfortable through-out your reloading session. The roller handle is super smooth and a dream to use. The levers are lathe cut & threaded; then black powder coated. The roller bearing handle is very comfortable diameter to grip and a dream to use.

# Safety Instruction Guide for ERGO ROLLER LEVER FOR RELOADING PRESSES

## Introduction

Thank you for choosing the ERGO Roller Lever for Reloading Presses by Inline Fabrication. This product is designed to enhance your reloading experience by providing an ergonomic solution for your reloading tasks. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Always ensure that the reloading area is clean and free of obstructions before using the ERGO Roller Lever.
- Keep all tools and accessories out of reach of children and pets.
- Use the product only for its intended purpose as described in this guide.
- Regularly inspect the ERGO Roller Lever for any signs of wear or damage before each use.
- If you notice any damage or malfunction, discontinue use immediately and contact the manufacturer for support.

## Specific Safety Precautions for Use

- Ensure that you are in a stable position while using the lever to avoid loss of balance.
- Avoid excessive force when operating the lever; use smooth and controlled motions.
- Always check that the lever is properly secured to the reloading press before use.
- Do not use the lever if it is wet or if your hands are oily, as this may cause slippage.
- Be cautious of moving parts; keep fingers and hands clear of any areas where they may be pinched or caught.

## Instructions for Installation and Usage

### Installation

#### 1. Prepare the Reloading Press:

- Ensure the press is unplugged and free from any reloading materials.
- Clean the area where the lever will be installed.

#### 2. Attach the ERGO Roller Lever:

- Align the lever with the designated mounting point on your reloading press.
- Secure the lever using the provided screws, ensuring it is tightly fastened.
- Doublecheck that the lever is firmly attached before proceeding.

### Usage

#### 1. Positioning:

- Stand comfortably in front of the reloading press.
- Ensure that your feet are shoulderwidth apart for stability.

#### 2. Operating the Lever:

- Grip the roller handle firmly but comfortably.

- Use a smooth motion to operate the lever, allowing the roller to glide easily.
- Maintain focus on the reloading process to ensure accuracy and safety.

### **3. After Use:**

- Clean the lever and surrounding area after use to maintain a safe workspace.
- Store the lever in a dry place, away from direct sunlight and moisture.

## **Disposal Instructions**

- Dispose of the ERGO Roller Lever in accordance with local regulations.
- If the product is damaged beyond repair, contact your local waste management facility for guidance on proper disposal methods.
- Do not dispose of the product in household waste; follow appropriate recycling protocols where applicable.

## **Contact Information for Further Support**

For any safety inquiries or further assistance regarding the ERGO Roller Lever, please reach out to the manufacturer. Ensure to have the product details and any relevant information ready for a quicker response.

By following these safety instructions, you can ensure a safe and enjoyable reloading experience with your ERGO Roller Lever. Thank you for choosing Inline Fabrication, and happy reloading!
