

ERGO ROLLER LEVER FOR RELOADING PRESSES - INLINE FABRICATION ERGO ROLLER LEVER FOR HORNADY SINGLE STAGE CLASSIC PRESS

[Reloading](#) > [Reloading Presses](#) > [Reloading Press Accessories](#)

Inline Fabrication manufactures several accessories to enhance your reloading experience. Each Ergo Roller lever is made specifically for a specific model of press to position you in the most ergonomic reloading position. The forward offset design of the ergonomic levers snug you into your press, positions you perfectly to see your powder charge before placing a bullet, keeps you from bending/leaning over time after time and keeps your comfortable through-out your reloading session. The roller handle is super smooth and a dream to use. The levers are lathe cut & threaded; then black powder coated. The roller bearing handle is very comfortable diameter to grip and a dream to use.

Safety Instructions for ERGO Roller Lever for Reloading Presses

Introduction

Thank you for choosing the ERGO Roller Lever for your reloading press. This product is designed to enhance your reloading experience by providing an ergonomic position for safe and efficient use. Please read this safety instruction guide carefully to ensure proper use and to maximize your safety while using the lever.

General Safety Guidelines

- Ensure that you are familiar with the operation of your reloading press before using the ERGO Roller Lever.
- Always wear appropriate safety gear, including safety glasses and gloves, when reloading.
- Keep the reloading area clean and free from clutter to prevent accidents.
- Do not use the lever for any purpose other than its intended use.
- Regularly inspect the lever for signs of wear or damage. Do not use if damaged.
- Store the lever in a dry place when not in use to prevent corrosion or deterioration.
- Keep the lever out of reach of children and vulnerable individuals.

Specific Safety Precautions for Use

- Before installation, ensure that your reloading press is turned off and unplugged (if applicable).
- When using the lever, maintain a firm grip and ensure your hands are clear of moving parts.
- Do not attempt to modify or alter the lever in any way, as this may compromise safety.
- Be cautious of your surroundings while using the lever, and ensure that no one is in close proximity.
- If you experience any discomfort while using the lever, stop immediately and consult a professional.

Instructions for Installation and Usage

Installation

1. Ensure that your reloading press is turned off and unplugged (if applicable).
2. Remove the existing lever from your reloading press according to the manufacturer's instructions.
3. Align the ERGO Roller Lever with the mounting point on your reloading press.
4. Securely attach the lever using the provided screws or fasteners, ensuring that it is firmly in place.
5. Check that the lever moves smoothly before proceeding to use it.

Usage

1. Stand or sit in a comfortable position that allows you to operate the reloading press without straining.
2. Grasp the roller handle of the lever with a firm grip.
3. Operate the lever smoothly and steadily, avoiding sudden movements.
4. Always check your powder charge before placing a bullet to ensure accuracy and safety.
5. After use, return the lever to its resting position and store it properly.

Disposal Instructions

- Dispose of the ERGO Roller Lever in accordance with local regulations regarding electronic waste and metal recycling.
- If the lever is damaged beyond repair, consider contacting your local waste management facility for proper disposal methods.

Contact Information for Further Support

For any questions regarding the ERGO Roller Lever or safety concerns, please refer to the manufacturer's website or customer service for assistance.

Remember, your safety is paramount. Follow these guidelines to ensure a safe and enjoyable reloading experience.
