

ERGO ROLLER LEVER FOR RELOADING PRESSES - INLINE FABRICATION ERGO ROLLER LEVER FOR RCBS VINTAGE RC1 & RC2 PRESSES

[Reloading](#) > [Reloading Presses](#) > [Reloading Press Accessories](#)

Inline Fabrication manufactures several accessories to enhance your reloading experience. Each Ergo Roller lever is made specifically for a specific model of press to position you in the most ergonomic reloading position. The forward offset design of the ergonomic levers snug you into your press, positions you perfectly to see your powder charge before placing a bullet, keeps you from bending/leaning over time after time and keeps your comfortable through-out your reloading session. The roller handle is super smooth and a dream to use. The levers are lathe cut & threaded; then black powder coated. The roller bearing handle is very comfortable diameter to grip and a dream to use.

Safety Instruction Guide for ERGO ROLLER LEVER

Introduction

Thank you for choosing the ERGO ROLLER LEVER for Reloading Presses by Inline Fabrication. This guide provides important safety instructions and information to ensure a safe and effective reloading experience. Please read this guide carefully before using the product.

General Safety Guidelines

- Ensure safe use of the product by following all instructions provided in this guide.
- Be aware of potential risks associated with the use of reloading equipment.
- Keep the product out of reach of children and vulnerable individuals.
- Always inspect the product before use for any signs of damage or wear.
- Report any unsafe products or accidents to the relevant authorities immediately.
- Check for recall updates on the EU's Safety Gate platform regularly.

Specific Safety Precautions for Use

- Always use the ERGO ROLLER LEVER in accordance with the manufacturer's instructions.
- Ensure the reloading press is stable and securely mounted before use.
- Do not overload the reloading press beyond its specified capacity.
- Wear appropriate personal protective equipment, including safety glasses and gloves, when reloading.
- Avoid wearing loose clothing or jewelry that could become entangled in moving parts.
- Do not attempt to modify or alter the ERGO ROLLER LEVER or any associated equipment.
- Keep hands and other body parts clear of moving parts during operation.
- Always work in a welllit area to ensure visibility of your work.

Instructions for Installation and Usage

1. Installation:

- Ensure the reloading press is turned off and unplugged before installation.
- Remove the existing lever from the reloading press if applicable.
- Align the ERGO ROLLER LEVER with the mounting point on the press.
- Securely attach the lever using the provided screws, ensuring a tight fit.
- Check the installation for stability before using.

2. Usage:

- Position yourself comfortably at the reloading press.
- Use the roller handle to operate the lever smoothly.
- Maintain a steady and controlled motion while operating the lever.
- Regularly check the lever and press for any signs of wear or damage during use.
- If you experience any difficulty or irregularities during operation, stop using the product immediately and consult a professional.

Disposal Instructions

- Dispose of the ERGO ROLLER LEVER responsibly at the end of its life cycle.
- Follow local regulations for the disposal of mechanical parts and equipment.
- Recycle materials where possible.

Contact Information for Further Support

For any inquiries regarding safety or product issues, please consult the manufacturer's website or customer support resources. Ensure you have the product details available for reference.

By following these guidelines, you can ensure a safer reloading experience with the ERGO ROLLER LEVER. Thank you for your attention to safety and for choosing Inline Fabrication products.
