

FLUSH MOUNT QUICK CHANGE SYSTEM BASE PLATE - INLINE FABRICATION FLUSH MOUNT QUICK CHANGE SYSTEM BASE PLATE

[Reloading](#) > [Reloading Presses](#) > [Reloading Press Accessories](#)

One mount, countless uses. The flush mount quick change system base plate is for the reloader who's bench serves many purposes. Enjoy a clear, flat workspace when you want it, but in only 30 seconds, you can mount a vise, case trimming tools or your favorite press and get to work. Heavy duty 3/16 & 1/4 thick steel construction can take anything you can throw at it. Swapping out presses/tools takes less than 30 seconds and requires no tools. Attention: This plate is made to be routed into your bench to create a nice, flat unobstructed workspace. It also allows folks to use the quick-change system, with-out adding any height to their equipment, user ergonomics or to avoid overhead cabinets, etc. The plate measures 8" left/right x 7-7/8" front to back. When installed it overhangs the bench face 1 1/2" to give access to the wingnuts for fast, easy top plate swaps.

Safety Instruction Guide for FLUSH MOUNT QUICK CHANGE SYSTEM BASE PLATE

Introduction

Thank you for choosing the FLUSH MOUNT QUICK CHANGE SYSTEM BASE PLATE by INLINE FABRICATION. This product is designed for versatility and efficiency in your reloading activities. To ensure safe and effective use, please read this safety instruction guide thoroughly before installation and use.

General Safety Guidelines

- Ensure that the workspace is clean and free from clutter before installation and use.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling tools and equipment.
- Keep the base plate out of reach of children and pets to prevent accidents.
- Regularly inspect the base plate for any signs of wear or damage before each use.
- If you notice any defects, discontinue use immediately and contact the manufacturer for guidance.
- Ensure that all tools and accessories used with the base plate are in good working condition.

Specific Safety Precautions for Use

- Do not exceed the weight limit of the base plate as specified in the product specifications.
- Ensure that the base plate is securely mounted to the workbench before use.
- Avoid using the base plate for any purpose other than those specified in the product description.
- Do not use the base plate in wet or damp conditions to prevent slipping or electrical hazards.
- Be cautious when swapping out tools or presses to avoid pinching fingers or other injuries.
- Always follow the manufacturer's instructions for any tools or equipment used with the base plate.

Instructions for Installation and Usage

Installation

1. **Prepare the Workbench:** Ensure your workbench is flat and sturdy. Clean the area where the base plate will be installed.
2. **Routing the Base Plate:** Use a router to create a recess in your workbench that matches the dimensions of the base plate (8" left/right x 77/8" front to back).
3. **Secure the Base Plate:** Place the base plate into the routed area. Ensure that it is flush with the surface of the workbench.
4. **Access for Wingnuts:** The base plate should overhang the bench face by 1 1/2" to allow easy access to the wingnuts for fast swapping of top plates.
5. **Check Stability:** Ensure the base plate is stable and securely mounted before proceeding to use.

Usage

1. **Mounting Tools:** When you need to mount a vise, case trimming tools, or a press, simply align the tool with the base plate and press down firmly.
2. **Swapping Tools:** To change tools, loosen the wingnuts, remove the current tool, and repeat the mounting process with the new tool.
3. **Workspace Maintenance:** Keep the area around the base plate clean and organized to prevent accidents during use.

Disposal Instructions

- Dispose of the base plate in accordance with local regulations regarding metal waste.
- If the product is damaged beyond repair, ensure that it is recycled or disposed of in an environmentally friendly manner.

Contact Information for Further Support

For any safety inquiries or support regarding the FLUSH MOUNT QUICK CHANGE SYSTEM BASE PLATE, please refer to the manufacturer's contact information provided with the product packaging.

By following these safety guidelines and instructions, you can ensure a safe and efficient experience with your FLUSH MOUNT QUICK CHANGE SYSTEM BASE PLATE. Thank you for prioritizing safety in your reloading activities.
