

# 4" MICRO QUICK CHANGE ULTRAMOUNT W/LEGS & QUICK CHNGE BASE PLATE - INLINE FABRICATION 4" MICRO QUIK CHNG ULTRAMOUNT W/LEGS & QUK CHANGE BASE PLATE

[Reloading](#) > [Reloading Presses](#) > [Reloading Press Accessories](#)

Ultramount Micro 4" has the same beefy 3/16" thick steel construction as the standard Ultramount, however, Micro is only 4" tall. With Ultramount Micro being only 4" tall, press linkages will hang below the benchtop to impede opening of cabinet doors or drawers below your bench. If you have any doubt, before placing an order, measure the linkages hanging down below your bench top and subtract 4". If you want to have the press completely on top of the bench, the standard 9 3/4" tall Ultramount will fix you up perfectly. This base set up is to be used with Inlines quick change top plates. You need one top plate per item you wish to swap in and out. INCLUDES Legs and Quick Change Base Plage. NOTE: Quick Change Top Plates Sold Seperate.

# Safety Instruction Guide for 4" Micro Quick Change Ultramount with Legs & Quick Change Base Plate

## Introduction

Thank you for choosing the 4" Micro Quick Change Ultramount with Legs & Quick Change Base Plate from Inline Fabrication. This product is designed to enhance your reloading experience while ensuring safety and ease of use. Please read this safety instruction guide carefully to understand how to use the product safely and effectively.

## General Safety Guidelines

- Always follow the manufacturer's instructions for use.
- Ensure that the product is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Check the EU Safety Gate platform for recall updates on this product.

## Specific Safety Precautions for Use

- Ensure that the Ultramount is securely attached to the workbench before use.
- Do not exceed the recommended weight limit for the Ultramount.
- Avoid placing heavy items on the Ultramount that could cause instability.
- Ensure that all linkages are properly secured and not obstructing any doors or drawers.
- Use caution when swapping out top plates to avoid pinching fingers or causing injury.
- Always wear appropriate personal protective equipment (PPE) while using the product.

## Instructions for Installation and Usage

### 1. Installation

- Select a sturdy workbench that can support the weight of the Ultramount and any equipment used with it.
- Position the Ultramount on the desired location of the workbench.
- Use the provided legs to stabilize the Ultramount, ensuring all screws and bolts are tightened securely.
- Check that the Ultramount is level and stable before proceeding to use.

### 2. Using the Quick Change Base Plate

- Ensure that the Ultramount is securely fastened to the workbench before attaching any top plates.
- To attach a top plate, align it with the Ultramount and press down firmly until it clicks into place.
- To remove a top plate, lift the release mechanism and gently pull the plate away from the Ultramount.
- Always have one top plate per item you wish to swap in and out.

### 3. Maintenance

- Regularly check all parts for signs of wear or damage.
- Clean the Ultramount and top plates with a damp cloth to remove dust and debris.

- Lubricate moving parts as necessary to ensure smooth operation.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Consider recycling components where possible to minimize environmental impact.

## **Contact Information for Further Support**

For any questions or concerns regarding the safety or use of the 4" Micro Quick Change Ultramount, please refer to the manufacturer's contact information provided with your product packaging.

Thank you for your attention to these safety instructions. Enjoy your reloading experience with the 4" Micro Quick Change Ultramount!
