

SPACER FOR FLUSH MOUNT BASE PLATE - INLINE FABRICATION

SPACER FOR FLUSH MOUNT BASE PLATE

[Reloading](#) > [Reloading Presses](#) > [Reloading Press Accessories](#)

The Inline Fabrication flush mount base plate was designed to be routed into your bench to provide a nice, flat benchtop. However, if you don't want to route your bench top (i.e. mount it directly to the surface) you must install this shim plate to raise it up a touch to allow the quick change top plate tongues to drop in and out. NOTE: REQUIRED IF NOT ROUTING THE FLUSH MOUNT BASE INTO YOUR BENCH

Safety Instruction Guide for Spacer for Flush Mount Base Plate

Introduction

Thank you for purchasing the Spacer for Flush Mount Base Plate from Inline Fabrication. This product is designed to enhance your reloading setup by providing a flat benchtop surface when used with the Inline Fabrication flush mount base plate. Please read this safety instruction guide carefully to ensure safe and proper use of the product.

General Safety Guidelines

- Always use the product as intended and follow the manufacturer's instructions.
- Ensure that the installation surface is stable and can support the weight of the equipment.
- Regularly inspect the spacer for any signs of wear or damage.
- Keep the product out of reach of children and vulnerable individuals.
- In case of any issues or concerns, report unsafe conditions or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Ensure that the spacer is securely installed before use to prevent accidents.
- Do not exceed the recommended load capacity of the reloading setup.
- Avoid using the spacer in wet or damp conditions to prevent slippage or instability.
- If using power tools for installation, follow all safety guidelines associated with those tools.
- Wear appropriate personal protective equipment (PPE), such as gloves and safety goggles, during installation.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools and materials for installation.
- Ensure that the work area is clean and free from obstructions.

2. Installation Steps

- If you are not routing the flush mount base into your bench, place the spacer on the surface where the base plate will be installed.
- Align the spacer with the mounting holes of the base plate.
- Secure the spacer to the surface using appropriate fasteners (not included).
- Ensure that the spacer is level and stable before proceeding to install the flush mount base plate.

3. Using the Flush Mount Base Plate

- Once the spacer is installed, attach the flush mount base plate according to its specific installation instructions.
- Make sure that the quick change top plate tongues can easily drop in and out of the base plate.

4. PostInstallation Checks

- After installation, check that all components are securely fastened.
- Perform a stability test by applying light pressure to the base plate and spacer to ensure there is no movement.

Disposal Instructions

- Dispose of any packaging materials in accordance with local regulations.
- If the spacer becomes damaged beyond repair, dispose of it responsibly, ensuring it does not pose a safety hazard to others.
- Consider recycling materials where possible.

Contact Information for Further Support

For any questions regarding the Spacer for Flush Mount Base Plate, please refer to the manufacturer's website or contact your local distributor for assistance. Always ensure you have the product details on hand when seeking support.

By following these safety instructions, you can ensure a safe and efficient experience with your Spacer for Flush Mount Base Plate. Thank you for prioritizing safety in your reloading activities.
