

ZERO S-SERIES SIZING DIES - ZERO S-SERIES 6MM DASHER SIZING DIE

ZERO S-SERIES SIZING DIES Following the resounding success of our M-Series Sizing Die, the mission became to take as many of those industry-leading features as possible and push them into a traditional 7/8" die, keeping the price point under \$300. Introducing the ZERO S-Series Sizing Die. KEY FEATURES Precision Ground Expander Mandrels (all dies ship with a .002 neck tension mandrel, or add more increments with our MANDREL KIT) Full-Length Neck to Extractor Sizing Spring Ejection for Spent Primers Replaceable Steel Decap Pins Reamer Cut to Exacting Dimensions for a TRUE Size (no more sticky bolt after the second firing) Hydraulic Shoulder Pressure Relief 100% Made in AMERICA NOTE: This is for a Die-Only. These dies do not come with a shellholder. They are compatible with common shellholders from Redding, Hornady, RCBS, etc. They are also compatible with our ZERO Modular Shellholder System All dies ship with an Area 419 ZERO Universal Die Ring, a spare decapping pin and necessary install/removal tools. After testing them all, and finding everything Area 419 like and didn't like, and working with thousands of customers and a variety of industry partners, they believe this is what a 7/8" sizing die should be.

ZERO S SERIES SIZING DIES Consumer Safety Instruction Guide

Introduction

Thank you for choosing the ZERO S Series Sizing Die. This guide is designed to ensure your safety and the safe use of this product. Please read all instructions carefully before use. Adhering to these guidelines will help you avoid potential hazards and ensure a positive experience with your die.

General Safety Guidelines

- Always use the ZERO S Series Sizing Die according to the manufacturer's instructions.
- Ensure that the die is used in a wellventilated area to avoid inhalation of any dust or debris generated during use.
- Keep the die and all associated tools out of reach of children and vulnerable individuals.
- Regularly inspect the die for any signs of wear or damage. Do not use if any parts are damaged or missing.
- Report any unsafe products or accidents to the relevant authorities and check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE) including safety goggles and gloves when using the die.
- Handle the die with care to avoid injury from sharp edges or moving parts.
- Ensure that the die is securely mounted before use to prevent accidents during operation.
- Avoid using excessive force when sizing to prevent damage to the die or injury to yourself.
- Be aware of your surroundings and ensure that no one is in close proximity while you are operating the die.

Instructions for Installation and Usage

1. Installation:

- Ensure you have the necessary tools and equipment ready before beginning installation.
- Carefully read the instructions provided with the die.
- Mount the die securely in a compatible reloading press. Ensure it is tightened according to the manufacturer's specifications.
- Check that the die is aligned properly with the press and that all components are securely fastened.

2. Usage:

- Before sizing, ensure that the cartridge case is clean and free of debris.
- Insert the cartridge case into the die and apply gentle pressure to begin the sizing process.
- Use the expander mandrel to adjust neck tension as needed, following the provided guidelines.
- After sizing, inspect the cartridge case for any signs of damage or improper sizing.
- Eject the spent primer using the spring ejection feature, ensuring no parts are obstructed.

Disposal Instructions

- Dispose of any packaging materials responsibly, following local recycling guidelines.
- If the die or any components become damaged beyond repair, dispose of them in accordance with local regulations for metal and plastic waste.
- Do not throw away the die in regular household waste if it is still functional. Consider donating or recycling it instead.

Contact Information for Further Support

For any inquiries regarding the ZERO S Series Sizing Die, please refer to the manufacturer's website or contact their support team. Ensure you have your product details ready for a more efficient response.

Thank you for your attention to these safety guidelines. Enjoy using your ZERO SSeries Sizing Die responsibly and safely!
