[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

**ZERO S-SERIES SIZING DIES** Following the resounding success of our M-Series Sizing Die, the mission became to take as many of those industry-leading features as possible and push them into a traditional 7/8" die, keeping the price point under \$300. Introducing the ZERO S-Series Sizing Die. KEY

**FEATURES** Precision Ground Expander Mandrels (all dies ship with a .002 neck tension mandrel, or add more increments with our MANDREL KIT) Full-Length Neck to Extractor Sizing Spring Ejection for Spent Primers Replaceable Steel Decap Pins Reamer Cut to Exacting Dimensions for a TRUE Size (no more sticky bolt after the second firing) Hydraulic Shoulder Pressure Relief 100% Made in AMERICA NOTE: This is for a Die-Only. These dies do not come with a shellholder. They are compatible with common shellholders from Redding, Hornady, RCBS, etc. They are also compatible with our ZERO Modular Shellholder System All dies ship with an Area 419 ZERO Universal Die Ring, a spare decapping pin and necessary install/removal tools. After testing them all, and finding everything Area 419 like and didn't like, and working with thousands of customers and a variety of industry partners, they believe this is what a 7/8" sizing die should be.

# ZERO SSeries Sizing Die Safety Instruction Guide

## Introduction

Thank you for choosing the ZERO SSeries Sizing Die. This guide provides essential safety instructions and guidelines to ensure safe and effective usage of your new product. Please read this document carefully before using the sizing die.

## General Safety Guidelines

- Ensure that the sizing die is used only for its intended purpose.
- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling the die.
- Keep the die out of reach of children and vulnerable individuals.
- Regularly inspect the die for any signs of damage or wear. Do not use if damaged.
- Follow all local laws and regulations regarding the use of reloading equipment.

## Specific Safety Precautions for Use

- Always work in a wellventilated area to avoid inhalation of any dust or particles.
- Ensure that the work area is clean and free of clutter to prevent accidents.
- Use the die with compatible shellholders only, as specified in the product description.
- Be aware of the potential for metal shavings or debris when using the die. Clean the area after use.
- Do not exceed the recommended load specifications for your specific cartridge type.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure your reloading press is securely mounted and stable.
- Select the appropriate shellholder that is compatible with the ZERO SSeries Sizing Die.
- Insert the sizing die into the reloading press according to the manufacturer's instructions.
- Adjust the die to the desired position, ensuring it is firmly in place.

### 2. Usage:

- Prepare your brass cases by cleaning them thoroughly before resizing.
- Insert the brass case into the shellholder.
- Operate the reloading press to raise the ram and engage the sizing die.
- Follow the instructions for using the expander mandrel and ensure it is properly adjusted to achieve the desired neck tension.
- After resizing, inspect the cases for proper dimensions and any signs of damage.

### 3. PostUsage:

- Remove any debris or residue from the die and surrounding area.
- Store the sizing die in a safe, dry location away from children and pets.

## Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Recycle materials whenever possible. Consult local recycling programs for guidance on metal and plastic disposal.

## Contact Information for Further Support

For any safety inquiries or further assistance, please refer to the manufacturer's contact information provided with your product. Always prioritize safety and do not hesitate to reach out for help if needed.

This safety instruction guide is designed to help you use the ZERO SSeries Sizing Die effectively and safely. Your adherence to these guidelines ensures not only your safety but also the optimal performance of your product. Thank you for your attention to these important safety measures.
