

ZERO S-SERIES SIZING DIES - ZERO S-SERIES 6.5 CREEDMOOR SIZING DIE

ZERO S-SERIES SIZING DIES Following the resounding success of our M-Series Sizing Die, the mission became to take as many of those industry-leading features as possible and push them into a traditional 7/8" die, keeping the price point under \$300. Introducing the ZERO S-Series Sizing Die. KEY FEATURES Precision Ground Expander Mandrels (all dies ship with a .002 neck tension mandrel, or add more increments with our MANDREL KIT) Full-Length Neck to Extractor Sizing Spring Ejection for Spent Primers Replaceable Steel Decap Pins Reamer Cut to Exacting Dimensions for a TRUE Size (no more sticky bolt after the second firing) Hydraulic Shoulder Pressure Relief 100% Made in AMERICA NOTE: This is for a Die-Only. These dies do not come with a shellholder. They are compatible with common shellholders from Redding, Hornady, RCBS, etc. They are also compatible with our ZERO Modular Shellholder System All dies ship with an Area 419 ZERO Universal Die Ring, a spare decapping pin and necessary install/removal tools. After testing them all, and finding everything Area 419 like and didn't like, and working with thousands of customers and a variety of industry partners, they believe this is what a 7/8" sizing die should be.

ZERO SSeries Sizing Die Safety Instruction Guide

Introduction

Thank you for choosing the ZERO SSeries Sizing Die, specifically designed for the 6.5 Creedmoor cartridge. This guide provides essential safety instructions to ensure the safe use of the product in compliance with the EU General Product Safety Regulation (GPSR). Please read this guide carefully before use.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as described in this manual.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the die for any signs of wear or damage before each use.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about product recalls by checking the EU Safety Gate platform.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, including safety glasses, when using the die.
- Use the die in a wellventilated area to avoid inhalation of any dust or particles.
- Do not exceed the recommended specifications for the die, as this may lead to malfunctions or accidents.
- Ensure that your workspace is clean and free of clutter to prevent accidents.
- Never modify or attempt to repair the die yourself. Contact a professional for any necessary repairs.

Instructions for Installation and Usage

1. Installation:

- Ensure that your reloading press is compatible with a 7/8" die.
- Securely attach the ZERO SSeries Sizing Die to your reloading press.
- Use the included Area 419 ZERO Universal Die Ring to ensure proper fit and stability.

2. Usage:

- Before use, ensure that the die is clean and free of obstructions.
- Insert the cartridge case into the die and apply the appropriate amount of force to resize.
- Utilize the precision ground expander mandrel included with the die for optimal neck tension.
- After resizing, check the cartridge for proper fit and function.
- Dispose of spent primers and any debris according to local regulations.

Disposal Instructions

- Dispose of the ZERO SSeries Sizing Die responsibly when it reaches the end of its life cycle.
- Do not dispose of the die in regular household waste.
- Check with local authorities for guidelines on the proper disposal of metal and plastic products.

Contact Information for Further Support

For any inquiries regarding the ZERO SSeries Sizing Die, please refer to the manufacturer's website or customer service for assistance.

Thank you for your attention to these safety guidelines. Enjoy using your ZERO SSeries Sizing Die responsibly and safely.
