ZERO SSeries Sizing Die Safety Instructions

Introduction

Thank you for choosing the ZERO SSeries Sizing Die. This product is designed to provide precision and reliability for your reloading needs. To ensure safe and effective use, please read and follow these safety instructions carefully.

General Safety Guidelines

- Ensure safe use of the ZERO SSeries Sizing Die by following these guidelines:
 - Always handle the die with care to avoid injury.
 - Keep the die out of reach of children and vulnerable individuals.
 - Use the die only for its intended purpose as described in this manual.
 - Regularly inspect the die for wear or damage before use.
 - Store the die in a dry, safe place when not in use.

Specific Safety Precautions for Use

- When using the ZERO SSeries Sizing Die, adhere to the following precautions:
 - Wear appropriate safety gear, including safety glasses and gloves.
 - Ensure that your workspace is clean and free of obstructions.
 - Do not exceed the recommended specifications for cartridge sizing.
 - Avoid using excessive force when operating the die to prevent damage.
 - If you experience any difficulties during use, stop immediately and consult the troubleshooting section of this manual.

Instructions for Installation and Usage

- Follow these steps to properly install and use the ZERO SSeries Sizing Die:

Installation

1. Prepare Your Equipment:

- Gather all necessary tools and components, including your reloading press and shellholder.

2. Attach the Die:

- Insert the ZERO SSeries Sizing Die into your reloading press.
- Ensure that the die is securely tightened to prevent movement during operation.

3. Install the Shellholder:

- Select a compatible shellholder from Redding, Hornady, RCBS, or use the ZERO Modular Shellholder System.
- Securely attach the shellholder to the reloading press.

Usage

1. Prepare Cases:

- Ensure that your cases are clean and free of debris before sizing.

2. Adjust the Die:

- Adjust the die for the desired neck tension using the included .002 neck tension mandrel or additional increments from the Mandrel Kit.

3. Begin Sizing:

- Insert a case into the shellholder and raise the ram of the press to engage the die.
- Apply steady pressure until the case is fully sized.

4. Eject Spent Primers:

- Utilize the spring ejection feature for spent primers. Ensure that the area is clear of obstructions.

5. Inspect Sized Cases:

- After sizing, inspect the cases for consistency and proper dimensions.

Disposal Instructions

- Dispose of any packaging materials and used components in accordance with local regulations.
- Ensure that the ZERO SSeries Sizing Die is disposed of responsibly if it becomes damaged or unusable.

Contact Information for Further Support

- For safety inquiries or further assistance, please refer to the contact details provided with your product packaging.

Thank you for following these safety instructions. Your adherence to these guidelines will help ensure a safe and enjoyable reloading experience with the ZERO SSeries Sizing Die.
