[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

**ZERO S-SERIES SIZING DIES** Following the resounding success of our M-Series Sizing Die, the mission became to take as many of those industry-leading features as possible and push them into a traditional 7/8" die, keeping the price point under \$300. Introducing the ZERO S-Series Sizing Die. KEY

**FEATURES** Precision Ground Expander Mandrels (all dies ship with a .002 neck tension mandrel, or add more increments with our MANDREL KIT) Full-Length Neck to Extractor Sizing Spring Ejection for Spent Primers Replaceable Steel Decap Pins Reamer Cut to Exacting Dimensions for a TRUE Size (no more sticky bolt after the second firing) Hydraulic Shoulder Pressure Relief 100% Made in AMERICA NOTE: This is for a Die-Only. These dies do not come with a shellholder. They are compatible with common shellholders from Redding, Hornady, RCBS, etc. They are also compatible with our ZERO Modular Shellholder System All dies ship with an Area 419 ZERO Universal Die Ring, a spare decapping pin and necessary install/removal tools. After testing them all, and finding everything Area 419 like and didn't like, and working with thousands of customers and a variety of industry partners, they believe this is what a 7/8" sizing die should be.

# ZERO SSERIES SIZING DIES Safety Instruction Guide

## Introduction

Thank you for choosing the ZERO SSeries Sizing Die. This product is designed for precision reloading and has been developed with safety as a top priority. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always wear appropriate safety gear, including eye protection, when using reloading equipment.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the die for any signs of wear or damage before use.
- Follow all manufacturer instructions and guidelines to avoid potential hazards.

## Specific Safety Precautions for Use

- Handle all reloading components with care to prevent accidents.
- Ensure that the die is properly secured in the reloading press before use.
- Do not exceed the recommended load specifications for the 6.5 PRC cartridge.
- Avoid using the die if it shows signs of damage or malfunction.
- Be aware of your surroundings and ensure that the workspace is clear of distractions.

## Instructions for Installation and Usage

### 1. Installation

- Remove the die from its packaging and inspect it for any damage.
- Secure the die in your reloading press according to the manufacturer's instructions.
- Ensure that the die is tightened properly to prevent movement during use.

### 2. Usage

- Use the included .002 neck tension mandrel for sizing operations.
- Follow the recommended procedures for sizing the 6.5 PRC cartridge.
- Use the hydraulic shoulder pressure relief feature as needed to prevent oversizing.
- After sizing, inspect the cartridge to ensure proper fit and functionality.

### 3. PostUse

- After completing the reloading process, clean the die to remove any debris or residue.
- Store the die in a safe and dry location when not in use.

## Disposal Instructions

- Dispose of any damaged or unusable components in accordance with local regulations.
- Do not dispose of the die in regular household waste. Check with local authorities for proper disposal methods.

## Contact Information for Further Support

For any safety inquiries or support regarding the ZERO SSeries Sizing Die, please refer to the manufacturer's website or customer service resources.

This safety instruction guide is designed to help you use the ZERO SSeries Sizing Die safely and effectively. By following these guidelines, you can ensure a safer reloading experience. Thank you for your attention to safety.
