# ZERO SSeries Sizing Die Safety Instruction Guide

## Introduction

Thank you for choosing the ZERO SSeries Sizing Die. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your die. It is important to follow these instructions to minimize risks and ensure your safety while using this product.

## General Safety Guidelines

- Always read and understand the instructions before using the product.
- Ensure that the die is used in accordance with the manufacturer's specifications.
- Keep the die and its components out of reach of children and vulnerable individuals.
- Inspect the die for any damage before use. Do not use if damaged.
- Use appropriate personal protective equipment (PPE) such as safety glasses and gloves while handling the die.
- Do not modify the die or its components in any way.
- Follow all local laws and regulations concerning the use of reloading equipment.

## Specific Safety Precautions for Use

- **Hazard Identification:**
  - Risk of injury from sharp edges or moving parts.
  - Potential for eye injury from debris during operation.
  - Risk of damage to the firearm if the die is not used correctly.
- **Avoiding Hazards:**
  - Always ensure the die is securely mounted to your reloading press before use.
  - Do not attempt to resize cases that are excessively damaged or deformed.
  - Use the die only with compatible shellholders as specified by the manufacturer.
  - Ensure that the work area is clean and free of obstructions to avoid accidents.
- **AgeSpecific Warnings:**
  - This product is intended for use by individuals aged 18 and older.
  - Ensure that all users are trained and knowledgeable about reloading practices.

## Instructions for Installation and Usage

- **Installation:**
  1. Ensure that your reloading press is securely mounted on a stable surface.
  2. Select the appropriate shellholder for the cartridge being resized.
  3. Insert the ZERO SSeries Sizing Die into the reloading press and tighten securely.
  4. Attach the shellholder to the ram of the reloading press.
- **Usage:**
  1. Place a clean, empty cartridge case into the shellholder.
  2. Slowly raise the ram of the reloading press to engage the die with the cartridge case.
  3. Apply steady pressure until the resizing operation is complete.
  4. Lower the ram to remove the resized cartridge case from the shellholder.
  5. Inspect the resized case for any defects before proceeding with further reloading steps.

## Disposal Instructions

- Dispose of any defective or damaged dies in accordance with local regulations.
- Do not dispose of the die in regular household waste. Check for local recycling programs or hazardous waste disposal options.
- Ensure that all packaging materials are disposed of safely and responsibly.

## **Contact Information for Further Support**

For any questions or concerns regarding the ZERO SSeries Sizing Die, please refer to the manufacturer's website or contact customer support. Always ensure that you are using the most up-to-date information available.

By following these safety instructions, you can ensure a safe and effective reloading experience with your ZERO SSeries Sizing Die. Thank you for prioritizing safety in your reloading practices.
