

ZERO S-SERIES SIZING DIES - AREA 419 ZERO S-SERIES 223 REMINGTON SIZING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

ZERO S-SERIES SIZING DIES Following the resounding success of our M-Series Sizing Die, the mission became to take as many of those industry-leading features as possible and push them into a traditional 7/8" die, keeping the price point under \$300. Introducing the ZERO S-Series Sizing Die. KEY FEATURES Precision Ground Expander Mandrels (all dies ship with a .002 neck tension mandrel, or add more increments with our MANDREL KIT) Full-Length Neck to Extractor Sizing Spring Ejection for Spent Primers Replaceable Steel Decap Pins Reamer Cut to Exact Dimensions for a TRUE Size (no more sticky bolt after the second firing) Hydraulic Shoulder Pressure Relief 100% Made in AMERICA NOTE: This is for a Die-Only. These dies do not come with a shellholder. They are compatible with common shellholders from Redding, Hornady, RCBS, etc. They are also compatible with our ZERO Modular Shellholder System All dies ship with an Area 419 ZERO Universal Die Ring, a spare decapping pin and necessary install/removal tools. After testing them all, and finding everything Area 419 like and didn't like, and working with thousands of customers and a variety of industry partners, they believe this is what a 7/8" sizing die should be.

ZERO SSERIES SIZING DIES Safety Instruction Guide

Introduction

Thank you for choosing the ZERO SSeries Sizing Die. This guide provides important safety information to ensure the safe and effective use of this product. Please read this guide carefully before using the die.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as described in the product specifications.
- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling the die.
- Keep the die out of reach of children and unauthorized users.
- Regularly inspect the die for any signs of wear or damage before each use.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Do not exceed the recommended specifications for the die, including cartridge type and sizing parameters.
- Always ensure the die is securely mounted in your reloading press before use.
- Avoid using excessive force when operating the die, as this may cause damage or malfunction.
- Ensure that the workspace is clean and free from obstructions to prevent accidents.
- Use only compatible shellholders as specified in the product description.

Instructions for Installation and Usage

1. Installation:

- Ensure that your reloading press is turned off and unplugged.
- Select the appropriate shellholder for your cartridge.
- Insert the ZERO SSeries Sizing Die into the reloading press and tighten securely.
- Attach the Area 419 ZERO Universal Die Ring if applicable.

2. Usage:

- Place an empty case into the shellholder.
- Adjust the die to achieve the desired neck tension using the supplied mandrel.
- Operate the press smoothly and steadily to resize the case.
- After resizing, remove the resized case and inspect it for any defects.

3. PostUsage:

- Clean the die after each use to prevent residue buildup.
- Store the die in a safe, dry place when not in use.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in household waste.
- If the product is damaged or no longer usable, contact your local waste management facility for proper disposal methods.

Contact Information for Further Support

For any questions regarding safety or product usage, please reach out to the designated contact point in your region. It is essential to have access to support for any safety inquiries related to the ZERO SSeries Sizing Die.

Thank you for your attention to these safety instructions. Your safety is our priority.
