

ZERO S-SERIES SIZING DIES - AREA 419 ZERO S-SERIES 22 GT SIZING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

ZERO S-SERIES SIZING DIES Following the resounding success of our M-Series Sizing Die, the mission became to take as many of those industry-leading features as possible and push them into a traditional 7/8" die, keeping the price point under \$300. Introducing the ZERO S-Series Sizing Die. KEY FEATURES Precision Ground Expander Mandrels (all dies ship with a .002 neck tension mandrel, or add more increments with our MANDREL KIT) Full-Length Neck to Extractor Sizing Spring Ejection for Spent Primers Replaceable Steel Decap Pins Reamer Cut to Exacting Dimensions for a TRUE Size (no more sticky bolt after the second firing) Hydraulic Shoulder Pressure Relief 100% Made in AMERICA NOTE: This is for a Die-Only. These dies do not come with a shellholder. They are compatible with common shellholders from Redding, Hornady, RCBS, etc. They are also compatible with our ZERO Modular Shellholder System All dies ship with an Area 419 ZERO Universal Die Ring, a spare decapping pin and necessary install/removal tools. After testing them all, and finding everything Area 419 like and didn't like, and working with thousands of customers and a variety of industry partners, they believe this is what a 7/8" sizing die should be.

ZERO SSeries Sizing Die Safety Instructions

Introduction

Thank you for purchasing the ZERO SSeries Sizing Die. This guide provides essential safety information to ensure safe and effective use of the product. Please read this manual carefully before use to understand the safety guidelines, installation instructions, and proper disposal methods.

General Safety Guidelines

- Always ensure the workspace is clean and free from obstructions before starting any work with the sizing die.
- Use appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling the die.
- Keep the die and all related tools out of reach of children and vulnerable individuals.
- Do not use the die for any purpose other than its intended use.
- Inspect the die before each use for any signs of damage or wear. Do not use if damaged.
- Store the die in a secure and dry location when not in use to prevent damage or accidents.

Specific Safety Precautions for Use

- Ensure that the die is compatible with your reloading equipment and shellholder before use.
- Always follow the manufacturer's instructions when installing and using the die.
- Be cautious of sharp edges and points on the die and associated tools.
- Avoid direct contact with any chemicals or lubricants that may be used in conjunction with the die.
- Do not exceed the recommended neck tension specifications provided with the die.
- Always handle spent primers and other debris with care to avoid injury.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and equipment, including the ZERO SSeries Sizing Die, shellholder, and reloading press.
- Ensure that your workspace is organized and free of distractions.

2. Installation:

- Secure the ZERO SSeries Sizing Die into your reloading press according to the manufacturer's instructions.
- Ensure the die is tightened properly to prevent movement during operation.

3. Usage:

- Insert the cartridge case into the shellholder.
- Adjust the die to the appropriate height for the cartridge being processed.
- Apply even pressure to the press handle to size the cartridge.
- Inspect the sized cartridge for proper dimensions and any signs of damage.

4. PostUsage:

- Remove the cartridge from the shellholder and inspect it for any defects.
- Clean the die and surrounding area to remove any debris or residue.

Disposal Instructions

- Dispose of the ZERO SSeries Sizing Die and any associated materials in accordance with local regulations.
- If the die is damaged beyond repair, contact your local waste management facility for proper disposal methods.
- Do not dispose of the die in regular household waste.

Contact Information for Further Support

For any questions or concerns regarding the ZERO SSeries Sizing Die, please refer to the manufacturer's website or contact their support team for assistance.

Conclusion

Following these safety instructions will help ensure a safe and efficient experience with your ZERO SSeries Sizing Die. Always prioritize safety and adhere to the guidelines provided in this manual. Thank you for your commitment to safe reloading practices.
