

TACTICAL CANTILEVERED 1-PIECE SCOPE MOUNTS - AREA 419

TACTICAL CANTILEVER 30MM DIA 39MM HIGH 20 MOA PICATINN MOUNT

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Mount Sets](#)

TACTICAL CANTILEVERED 1-PIECE SCOPE MOUNTS When Area 419 set out to make the perfect scope mount, they knew what they needed to make something that was reliable and consistent at a degree you won't find anywhere else on the market. This led us down a rabbit-hole, ultimately arriving on a process that gets you final-bore matched rings, with raw aluminum internals, for a grip on your optic that is more reliable and more true than anything else made – as well as an incredible amount of robustness without adding unnecessary weight. Like most mounts, these begin as separate parts. Area 419 are making the bases and caps in batches. While many will make these parts, send them to anodize, and then just assemble, they produce around the extra steps. Once these parts return from anodize, they are fully assembled, placed back into specially produced rail fixtures, with the caps torqued to spec over specially made spacers (to give the rings space to torque down on the optic), and final-bored as sets in Area 419's world-class machining centers. Mounts are then brought off the machine in sets, QC'd and packaged, ensuring that you receive a mount that was finished perfectly. Is it overkill? Probably. But Area 419 think it's the right way. So that's what they are going to do. NOTE: All 1.54" (39mm) height mounts are a more traditional AR-style cantilever. KEY FEATURES CNC Milled in America from American 7075 Aluminum Raw aluminum, precision bored scope contact surfaces for maximum grip Final-bored in sets, and never fully disassembled after boring 8-9oz per mount, depending on model, balancing weight management and robustness Multiple accessory mounting points Separate rail clamping bars for maximum grab on the pic rail Inset clamping feet, allowing for maximum mounting adjustment and pic rail utility Steel guide pins between base and caps, aiding in alignment Custom nitrided stainless hardware

Attributes

- Name: [AREA 419 TACTICAL CANTILEVER 30MM DIA 39MM HIGH 20 MOA PICATINN MOUNT](#)
- Manufacturer: [AREA 419](#)
- Product no.: 430112768
- Mfr. No.: 419-TCM-303920
- Elevation: 20 MOA
- Finish: Black
- Height: 6"
- Length: 2"
- Scope Tube Diameter: 30mm
- Style: Picatinny
- Delivery weight: 0.68kg
- Shipping height: 76mm
- Shipping width: 152mm
- Shipping length: 241mm
- UPC: 810080182660

Consumer Safety Instruction Guide for TACTICAL CANTILEVERED 1PIECE SCOPE MOUNTS

Introduction

Thank you for choosing the TACTICAL CANTILEVERED 1PIECE SCOPE MOUNTS by AREA 419. This guide provides essential safety instructions and usage information to ensure the safe and effective use of your scope mounts. Please read this guide carefully before installation and usage.

General Safety Guidelines

- Ensure safe handling and usage of the scope mounts to prevent accidents or injuries.
- Always inspect the product for any visible defects before use. Do not use if any defects are found.
- Keep the product out of reach of children and vulnerable individuals.
- Use the product only for its intended purpose as specified in this guide.
- Be aware of your surroundings when using the scope mounts, especially in outdoor environments.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform to stay informed about product safety.

Specific Safety Precautions for Use

- Always wear safety glasses when installing the scope mounts to protect your eyes from debris.
- Ensure that the mounting surface is clean and free of obstructions before installation.
- Do not exceed the recommended torque specifications when tightening the mount. Overtightening may damage the mount or the firearm.
- Avoid using the scope mounts in extreme temperatures or harsh weather conditions unless specified.
- Regularly check the mount for signs of wear or damage, and replace if necessary.
- Ensure that the scope is securely attached to the mount before use. A loose scope can lead to inaccurate shooting.

Instructions for Installation and Usage

Installation

1. Prepare the Mounting Surface:

- Clean the area of the firearm where the mount will be installed.
- Ensure that the picatinny rail is free of dirt and debris.

2. Attach the Base:

- Position the base of the scope mount on the picatinny rail.
- Align the mounting holes with the rail slots.

3. Secure the Base:

- Use the provided stainless hardware to attach the base to the rail.
- Tighten the screws to the recommended torque specification to ensure a secure fit.

4. Install the Scope:

- Place the scope into the rings of the mount.
- Adjust the scope to your preferred position.

5. Secure the Scope:

- Tighten the cap screws to secure the scope in place.
- Ensure that the scope is level and properly aligned.

6. Final Inspection:

- Conduct a final check to ensure all screws are tightened and the scope is securely mounted.

Usage

- Use the scope mounts in conjunction with compatible optics for optimal performance.
- Regularly check the mount and scope for stability and alignment during use.
- If you notice any shifting or movement, stop using the product and inspect for necessary adjustments.

Disposal Instructions

- Dispose of the scope mounts in accordance with local regulations for metal and electronic waste.
- Do not dispose of the product in regular household waste.
- Consider recycling the product if possible.

Contact Information for Further Support

For additional support and inquiries regarding the TACTICAL CANTILEVERED 1PIECE SCOPE MOUNTS, please refer to the contact details provided in the product packaging or on the manufacturer's website.

Thank you for following these safety instructions. Your safety and satisfaction are our top priorities. Enjoy your shooting experience with the TACTICAL CANTILEVERED 1PIECE SCOPE MOUNTS!
