

TACTICAL CANTILEVERED 1-PIECE SCOPE MOUNTS - TACTICAL CANTILEVER 34MM DIA 39MM HIGH 0 MOA PICATINNY MOUNT

TACTICAL CANTILEVERED 1-PIECE SCOPE MOUNTS When Area 419 set out to make the perfect scope mount, they knew what they needed to make something that was reliable and consistent at a degree you won't find anywhere else on the market. This led us down a rabbit-hole, ultimately arriving on a process that gets you final-bore matched rings, with raw aluminum internals, for a grip on your optic that is more reliable and more true than anything else made – as well as an incredible amount of robustness without adding unnecessary weight. Like most mounts, these begin as separate parts. Area 419 are making the bases and caps in batches. While many will make these parts, send them to anodize, and then just assemble, they produce around the extra steps. Once these parts return from anodize, they are fully assembled, placed back into specially produced rail fixtures, with the caps torqued to spec over specially made spacers (to give the rings space to torque down on the optic), and final-bored as sets in Area 419's world-class machining centers. Mounts are then brought off the machine in sets, QC'd and packaged, ensuring that you receive a mount that was finished perfectly. Is it overkill? Probably. But Area 419 think it's the right way. So that's what they are going to do. NOTE: All 1.54" (39mm) height mounts are a more traditional AR-style cantilever. KEY FEATURES CNC Milled in America from American 7075 Aluminum Raw aluminum, precision bored scope contact surfaces for maximum grip Final-bored in sets, and never fully disassembled after boring 8-9oz per mount, depending on model, balancing weight management and robustness Multiple accessory mounting points Separate rail clamping bars for maximum grab on the pic rail Inset clamping feet, allowing for maximum mounting adjustment and pic rail utility Steel guide pins between base and caps, aiding in alignment Custom nitrided stainless hardware

Attributes

- Name: TACTICAL CANTILEVER 34MM DIA 39MM HIGH 0 MOA PICATINNY MOUNT
- Manufacturer: AREA 419
- Product no.: 430112771
- Mfr. No.: 419-TCM-3439
- Elevation: 0 MOA
- Finish: Black
- Height: 6"
- Length: 2"
- Scope Tube Diameter: 34mm
- Style: Picatinny
- Delivery weight: 0.68kg
- Shipping height: 76mm
- Shipping width: 152mm
- Shipping length: 241mm
- UPC: 810080182547

TACTICAL CANTILEVERED 1PIECE SCOPE MOUNTS

Safety Instruction Guide

Introduction

Thank you for choosing the TACTICAL CANTILEVERED 1PIECE SCOPE MOUNTS. This guide provides essential safety instructions and information to ensure the safe and effective use of your scope mount. Please read this guide carefully before installation and usage.

General Safety Guidelines

- Ensure the product is used only for its intended purpose.
- Always follow the installation instructions to avoid misuse or accidents.
- Regularly inspect the scope mount for any signs of wear or damage.
- Do not modify the scope mount in any way, as this can compromise safety and performance.
- Keep out of reach of children and vulnerable individuals who may not understand the risks associated with the product.
- Report any unsafe conditions or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Always ensure that the scope mount is securely attached to the firearm before use.
- Verify that the mounting surfaces are clean and free from debris to ensure a secure fit.
- Use only compatible optics with the specified diameter (34mm) to avoid misalignment or damage.
- Do not exceed the recommended torque specifications when securing the caps to avoid stripping or damaging the components.
- Be cautious when handling the scope mount, as sharp edges may be present.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including a torque wrench and compatible mounting hardware.
- Ensure the workspace is clean and welllit.

2. Installation:

- Place the base of the scope mount onto the Picatinny rail of your firearm.
- Align the mounting holes of the base with the rail slots.
- Insert the provided screws through the base into the rail slots.
- Tighten the screws using a torque wrench to the manufacturer's recommended specifications.
- Attach the scope to the mount by placing it in the rings and aligning it properly.
- Secure the scope using the provided caps, ensuring they are torqued to the specified settings.
- Verify that the scope is level and properly aligned with the firearm.

3. Usage:

- Always check the scope mount and its components before each use.
- Ensure that the scope is securely mounted and functioning correctly before firing the firearm.
- Regularly check for any signs of loosening or wear during use.

Disposal Instructions

- Dispose of the scope mount and any associated packaging materials in accordance with local regulations.
- Do not dispose of the product in regular household waste. Check for local recycling programs that accept aluminum and metal components.

Contact Information for Further Support

For any questions or concerns regarding the TACTICAL CANTILEVERED 1PIECE SCOPE MOUNTS, please refer to the manufacturer's customer support resources. Ensure that you have the product details readily available for assistance.

By following these safety instructions, you can ensure a safe and effective experience with your TACTICAL CANTILEVERED 1PIECE SCOPE MOUNTS. Thank you for your attention to safety.
