

TACTICAL CANTILEVERED 1-PIECE SCOPE MOUNTS - TACTICAL CANTILEVER 35MM DIA 39MM HIGH 0 MOA PICATINNY MOUNT

TACTICAL CANTILEVERED 1-PIECE SCOPE MOUNTS When Area 419 set out to make the perfect scope mount, they knew what they needed to make something that was reliable and consistent at a degree you won't find anywhere else on the market. This led us down a rabbit-hole, ultimately arriving on a process that gets you final-bore matched rings, with raw aluminum internals, for a grip on your optic that is more reliable and more true than anything else made – as well as an incredible amount of robustness without adding unnecessary weight. Like most mounts, these begin as separate parts. Area 419 are making the bases and caps in batches. While many will make these parts, send them to anodize, and then just assemble, they produce around the extra steps. Once these parts return from anodize, they are fully assembled, placed back into specially produced rail fixtures, with the caps torqued to spec over specially made spacers (to give the rings space to torque down on the optic), and final-bored as sets in Area 419's world-class machining centers. Mounts are then brought off the machine in sets, QC'd and packaged, ensuring that you receive a mount that was finished perfectly. Is it overkill? Probably. But Area 419 think it's the right way. So that's what they are going to do. NOTE: All 1.54" (39mm) height mounts are a more traditional AR-style cantilever. KEY FEATURES CNC Milled in America from American 7075 Aluminum Raw aluminum, precision bored scope contact surfaces for maximum grip Final-bored in sets, and never fully disassembled after boring 8-9oz per mount, depending on model, balancing weight management and robustness Multiple accessory mounting points Separate rail clamping bars for maximum grab on the pic rail Inset clamping feet, allowing for maximum mounting adjustment and pic rail utility Steel guide pins between base and caps, aiding in alignment Custom nitrided stainless hardware

Attributes

- Name: TACTICAL CANTILEVER 35MM DIA 39MM HIGH 0 MOA PICATINNY MOUNT
- Manufacturer: AREA 419
- Product no.: 430112775
- Mfr. No.: 419-TCM-3539
- Elevation: 0 MOA
- Finish: Black
- Height: 6"
- Length: 2"
- Scope Tube Diameter: 35mm
- Style: Picatinny
- Delivery weight: 0.68kg
- Shipping height: 76mm
- Shipping width: 152mm
- Shipping length: 241mm
- UPC: 810080182561

Safety Instruction Guide for TACTICAL CANTILEVERED 1PIECE SCOPE MOUNTS

Introduction

Thank you for choosing the TACTICAL CANTILEVERED 1PIECE SCOPE MOUNTS from AREA 419. This guide provides essential safety instructions and usage information to ensure a safe and effective experience with your product. Please read this guide thoroughly before installation and use.

General Safety Guidelines

- Ensure that the scope mount is compatible with your firearm and scope before installation.
- Always handle firearms responsibly and in accordance with local laws and regulations.
- Keep the scope mount and all components out of reach of children and unauthorized users.
- Inspect the scope mount for any damage or defects before each use.
- Do not exceed the manufacturer's recommended weight limits for accessories mounted on the scope mount.
- Report any unsafe products or accidents to local authorities.

Specific Safety Precautions for Use

- Always wear appropriate eye protection when handling firearms and during the installation of the scope mount.
- Avoid using the scope mount in extreme conditions (e.g., excessive heat, cold, or moisture) that may affect performance.
- Ensure that all mounting hardware is securely tightened before use.
- Do not modify the scope mount or its components, as this may compromise safety and performance.
- Be cautious of sharp edges on the mount and its components during installation and handling.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools and components for installation.
- Ensure that the workspace is clean and free of distractions.

2. Installation Steps

- Remove any existing scope mount or accessories from your firearm.
- Position the TACTICAL CANTILEVERED 1PIECE SCOPE MOUNTS onto the Picatinny rail of your firearm.
- Align the mount with the desired position for optimal eye relief and comfort.
- Use the provided steel guide pins to aid in alignment between the base and caps.
- Secure the mount by tightening the clamping bars over the Picatinny rail. Ensure that the clamping feet are inset for proper mounting adjustment.
- Torque the caps to the specified values over the spacers to ensure a secure fit without overtightening.

3. Usage

- Once installed, mount your optic onto the scope mount, ensuring that it is properly seated.
- Check alignment and adjust as necessary for optimal sight picture.
- Regularly inspect the mount and optic for any signs of wear or loosening during use.

Disposal Instructions

- Dispose of any packaging materials in accordance with local waste management regulations.
- If the scope mount becomes damaged beyond repair, dispose of it responsibly, ensuring that it does not pose a risk of injury to others.

Contact Information for Further Support

For any safety inquiries or further assistance regarding your TACTICAL CANTILEVERED 1PIECE SCOPE MOUNTS, please refer to the manufacturer's contact information provided with your product.

By following these guidelines and instructions, you can ensure a safe and effective experience with your TACTICAL CANTILEVERED 1PIECE SCOPE MOUNTS. Thank you for your attention to safety, and enjoy your product responsibly.
