

# TACTICAL CANTILEVERED 1-PIECE SCOPE MOUNTS - TACTICAL CANTILEVER 36MM DIA 39MM HIGH 0 MOA PICATINNY MOUNT

TACTICAL CANTILEVERED 1-PIECE SCOPE MOUNTS When Area 419 set out to make the perfect scope mount, they knew what they needed to make something that was reliable and consistent at a degree you won't find anywhere else on the market. This led us down a rabbit-hole, ultimately arriving on a process that gets you final-bore matched rings, with raw aluminum internals, for a grip on your optic that is more reliable and more true than anything else made – as well as an incredible amount of robustness without adding unnecessary weight. Like most mounts, these begin as separate parts. Area 419 are making the bases and caps in batches. While many will make these parts, send them to anodize, and then just assemble, they produce around the extra steps. Once these parts return from anodize, they are fully assembled, placed back into specially produced rail fixtures, with the caps torqued to spec over specially made spacers (to give the rings space to torque down on the optic), and final-bored as sets in Area 419's world-class machining centers. Mounts are then brought off the machine in sets, QC'd and packaged, ensuring that you receive a mount that was finished perfectly. Is it overkill? Probably. But Area 419 think it's the right way. So that's what they are going to do. NOTE: All 1.54" (39mm) height mounts are a more traditional AR-style cantilever. KEY FEATURES CNC Milled in America from American 7075 Aluminum Raw aluminum, precision bored scope contact surfaces for maximum grip Final-bored in sets, and never fully disassembled after boring 8-9oz per mount, depending on model, balancing weight management and robustness Multiple accessory mounting points Separate rail clamping bars for maximum grab on the pic rail Inset clamping feet, allowing for maximum mounting adjustment and pic rail utility Steel guide pins between base and caps, aiding in alignment Custom nitrided stainless hardware

## Attributes

- Name: TACTICAL CANTILEVER 36MM DIA 39MM HIGH 0 MOA PICATINNY MOUNT
- Manufacturer: AREA 419
- Product no.: 430112779
- Mfr. No.: 419-TCM-3639
- Elevation: 0 MOA
- Finish: Black
- Height: 6"
- Length: 2"
- Scope Tube Diameter: 36mm
- Style: Picatinny
- Delivery weight: 0.68kg
- Shipping height: 76mm
- Shipping width: 152mm
- Shipping length: 241mm
- UPC: 810080182523

# Safety Instruction Guide for TACTICAL CANTILEVERED 1PIECE SCOPE MOUNTS

## Introduction

Thank you for choosing the TACTICAL CANTILEVERED 1PIECE SCOPE MOUNTS. This guide provides important safety information, installation instructions, and usage tips to ensure that you use this product safely and effectively. Please read this guide carefully before use.

## General Safety Guidelines

- Ensure that the scope mount is compatible with your firearm and optic before installation.
- Inspect the mount for any visible damage or defects before use.
- Always follow local laws and regulations regarding firearm accessories and modifications.
- Keep the product out of reach of children and unauthorized users.
- Report any unsafe product experiences to the appropriate authorities.

## Specific Safety Precautions for Use

- Do not exceed the recommended torque specifications when installing the mount to avoid damage.
- Ensure that all mounting points are securely tightened before using the firearm.
- Regularly check the mount for signs of wear or loosening, especially after heavy use.
- Avoid using the mount in extreme conditions (e.g., excessive heat, moisture) that may affect its performance.
- Use only approved accessories with the mount to prevent instability or accidents.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary tools, including a torque wrench and compatible screws.
- Ensure that the firearm is unloaded and pointed in a safe direction.

### 2. Installation

- Align the scope mount with the Picatinny rail on your firearm.
- Place the mounting bars over the rail and ensure they are positioned correctly.
- Insert the screws through the mounting bars into the rail and handtighten them.
- Use a torque wrench to tighten the screws to the manufacturer's recommended specifications.
- Ensure that the scope is properly seated in the rings and secure it according to the scope's instructions.

### 3. Usage

- After installation, check the mount and scope for stability before taking your firearm to the range or field.
- Adjust your scope as needed for optimal accuracy.
- Always handle your firearm responsibly and follow all safety protocols.

## Disposal Instructions

- Dispose of the scope mount in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Consider recycling aluminum components where possible to minimize environmental impact.

## Contact Information for Further Support

For any questions or concerns regarding the TACTICAL CANTILEVERED 1PIECE SCOPE MOUNTS, please consult the manufacturer's website or contact customer support directly.

Thank you for prioritizing safety and compliance with the EU General Product Safety Regulation. Your responsible use of this product contributes to a safer environment for all users.
