## TACTICAL CANTILEVER 36MM DIA 39MM HIGH 20 MOA PICATINN MOUNT

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Mount Sets](#)

TACTICAL CANTILEVERED 1-PIECE SCOPE MOUNTS When Area 419 set out to make the perfect scope mount, they knew what they needed to make something that was reliable and consistent at a degree you won't find anywhere else on the market. This led us down a rabbit-hole, ultimately arriving on a process that gets you final-bore matched rings, with raw aluminum internals, for a grip on your optic that is more reliable and more true than anything else made – as well as an incredible amount of robustness without adding unnecessary weight. Like most mounts, these begin as separate parts. Area 419 are making the bases and caps in batches. While many will make these parts, send them to anodize, and then just assemble, they produce around the extra steps. Once these parts return from anodize, they are fully assembled, placed back into specially produced rail fixtures, with the caps torqued to spec over specially made spacers (to give the rings space to torque down on the optic), and final-bored as sets in Area 419's world-class machining centers. Mounts are then brought off the machine in sets, QC'd and packaged, ensuring that you receive a mount that was finished perfectly. Is it overkill? Probably. But Area 419 think it's the right way. So that's what they are going to do. NOTE: All 1.54" (39mm) height mounts are a more traditional AR-style cantilever. KEY FEATURES CNC Milled in America from American 7075 Aluminum Raw aluminum, precision bored scope contact surfaces for maximum grip Final-bored in sets, and never fully disassembled after boring 8-9oz per mount, depending on model, balancing weight management and robustness Multiple accessory mounting points Separate rail clamping bars for maximum grab on the pic rail Inset clamping feet, allowing for maximum mounting adjustment and pic rail utility Steel guide pins between base and caps, aiding in alignment Custom nitrided stainless hardware

### Attributes

- Name: [AREA 419 TACTICAL CANTILEVER 36MM DIA 39MM HIGH 20 MOA PICATINN MOUNT](#)
- Manufacturer: [AREA 419](#)
- Product no.: 430112780
- Mfr. No.: 419-TCM-363920
- Elevation: 20 MOA
- Finish: Black
- Height: 6"
- Length: 2"
- Scope Tube Diameter: 36mm
- Style: Picatinny
- Delivery weight: 0.68kg
- Shipping height: 76mm
- Shipping width: 152mm
- Shipping length: 241mm
- UPC: 810080182738

# Safety Instruction Guide for TACTICAL CANTILEVERED 1PIECE SCOPE MOUNTS

## Introduction

Thank you for choosing the TACTICAL CANTILEVERED 1PIECE SCOPE MOUNTS by Area 419. This guide provides essential safety instructions and usage guidelines to ensure your product is used safely and effectively. Please read this guide carefully before installation and use.

## General Safety Guidelines

- Ensure safe use of the scope mount by following all provided instructions.
- Regularly inspect the product for any signs of wear or damage.
- Use the scope mount only for its intended purpose as outlined in this guide.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe product conditions or accidents to the appropriate authorities.
- Stay informed about any product recalls or safety alerts via the EU Safety Gate platform.

## Specific Safety Precautions for Use

- Always verify that the scope mount is compatible with your firearm and scope specifications.
- Avoid overtightening the mount, as this may damage the scope or firearm.
- Handle the scope mount with care to prevent injury from sharp edges or components.
- Ensure that all components are securely fastened before use.
- Use protective eyewear when installing or adjusting the scope mount.
- Do not modify the scope mount in any way, as this may compromise safety and performance.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary tools for installation, including a torque wrench.
- Ensure the firearm is unloaded and pointed in a safe direction.

### 2. Installation Steps

- Position the scope mount on the picatinny rail of your firearm.
- Align the mount with the desired position, ensuring that it is level.
- Using the provided clamping bars, secure the mount to the rail.
- Torque the screws to the specified values as indicated in the product specifications.
- Attach your scope to the mount, ensuring that it is securely fastened.

### 3. Usage Tips

- Regularly check the tightness of the mount and scope during use.
- Avoid exposing the mount to extreme conditions that may affect its integrity.
- Clean the mount and scope with appropriate materials to avoid damage.

## Disposal Instructions

- Dispose of the scope mount and any packaging materials in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Consider recycling materials where possible to minimize environmental impact.

## **Contact Information for Further Support**

For any questions or concerns regarding the TACTICAL CANTILEVERED 1PIECE SCOPE MOUNTS, please refer to the manufacturer's contact details provided with your product packaging.

By following these safety instructions, you can ensure the safe and effective use of your TACTICAL CANTILEVERED 1PIECE SCOPE MOUNTS. Thank you for your attention to safety and for choosing Area 419.
