

ARCALOCK 17" UNIVERSAL FLAT RAIL W/MLOK HARDWARE - ARCALOCK 17" UNIVERSAL FLAT RAIL W/M-LOK HARDWARE

ARCALOCK 17" UNIVERSAL FLAT RAIL W/MLOK HARDWARE Area 419 is always looking for ways to improve existing products when Area 419 are not developing new technologies. With the rapid growth in popularity of ARCA rails in precision rifle, they saw a need to improve this great dovetail technology to something that could be mechanically locked in place instead of just friction. If you have ever tried using a Barricade stop on an existing ARCA rail, you've probably also seen it slide under much pressure. Introducing the ARCALOCK Dovetail Rail System *Rail is only locking with an Area 419 clamp* *MLOK Hardware included.* Rail Features: Serrated rail sides interface with Area 419's proprietary clamp design to mechanically lock it in place so no movement is possible. Serrations are not sharp, will not damage bags or your hands. Rail is backwards compatible with standard Arca accessories, but will not be locking without their clamp Rail is 17" long giving you the entire length of the stock forend for attachments. Made to the RRS 1.5" Dovetail Standard, so you can be sure lever clamps will work No sharp edges. Every corner is radiused, and every edge is chamfered on the machine. This takes longer to make, but it is the only right way. Spacers for rifle stocks with non-flat forends are available [HERE](#) Designed to attach to the rifle up to 4 places for maximum strength and stability. Type 3 Hard Coat anodized for additional durability. Made from 6061-T6 Aluminum Made in-house here in the USA from USA sourced Aluminum on USA made CNCs Notes Rail comes with extra Remington 700-style action screw of extended length to fit the rail to the front action screw attachment point. Some trimming will likely be required. A 3/4" paddle bit and drill press may be required for installation of tee-nuts, depending on current rifle configuration. Tee nuts and hardware included.

Attributes

- Name: ARCALOCK 17" UNIVERSAL FLAT RAIL W/M-LOK HARDWARE
- Manufacturer: AREA 419
- Product no.: 430112801
- Mfr. No.: 419-ALK-UNIV17
- Color: Black
- Material: Aluminum
- Delivery weight: 0.907kg
- Shipping height: 64mm
- Shipping width: 64mm
- Shipping length: 457mm
- UPC: 810080181250

ARCALOCK 17" Universal Flat Rail Safety Instruction Guide

Introduction

Thank you for choosing the ARCALOCK 17" Universal Flat Rail with MLOK Hardware. This product is designed to enhance your shooting experience by providing a stable and reliable mounting solution for your precision rifle. To ensure safe and effective use of this product, please read and follow the guidelines outlined in this safety instruction guide.

General Safety Guidelines

- Ensure that the product is used in accordance with all applicable laws and regulations.
- Inspect the rail and hardware for any signs of damage before use. Do not use if damaged.
- Keep the product out of reach of children and unauthorized users.
- Use the product only for its intended purpose as described in this guide.
- Report any unsafe conditions or incidents to the appropriate authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always ensure that the rail is securely locked in place using the Area 419 clamp before use.
- Avoid applying excessive force that may compromise the integrity of the rail or the rifle.
- Do not use the rail with incompatible accessories that may lead to instability or malfunction.
- Ensure that all screws and hardware are properly tightened before use.
- Be cautious when handling sharp tools or equipment during installation.
- If you are inexperienced in firearm modifications, seek assistance from a qualified gunsmith.

Instructions for Installation and Usage

Installation

1. Gather Tools and Materials:

- Ensure you have the following tools:
 - 3/4" paddle bit
 - Drill press (if necessary)
- Confirm that you have all included hardware, including tee nuts and an extra Remington 700style action screw.

2. Prepare the Rifle:

- Unload the rifle completely and ensure it is in a safe condition before starting the installation.

3. Position the Rail:

- Align the rail with the front action screw attachment point on your rifle.
- Mark the locations for the tee nuts based on the rail's mounting holes.

4. Drill Holes:

- Use the 3/4" paddle bit to drill holes at the marked locations. Ensure precision to avoid damaging the rifle.

5. Install Tee Nuts:

- Insert the tee nuts into the drilled holes and secure them according to the manufacturer's instructions.

6. Attach the Rail:

- Use the provided screws to attach the rail to the rifle, ensuring it is firmly secured.

7. Lock the Rail:

- Use the Area 419 clamp to lock the rail in place. Ensure it is tightly secured to prevent movement.

Usage

- When using the rail, ensure that any accessories are compatible and securely attached.
- Regularly check the rail and clamp for signs of wear or loosening during use.
- If you experience any instability or movement, immediately cease use and inspect the installation.

Disposal Instructions

- Dispose of the product and any packaging materials in accordance with local regulations.
- If the product is no longer usable, consider recycling the aluminum material where facilities exist.

Contact Information for Further Support

For further assistance, please refer to the manufacturer's website or contact your local dealer. Ensure that you have your product details available for a more efficient response.

By following these safety instructions, you can ensure a safe and enjoyable experience with your ARCALOCK 17" Universal Flat Rail. Thank you for prioritizing safety and compliance with the EU General Product Safety Regulation.
