

MAGWELL FOR GLOCK® GEN-3 19/23 - MAGWELL FOR GLOCK 19/23 GEN 3/4 GRAY

Engineering the Future of Glock Magwells with Tyrant CNC: A Deep Dive into Precision, Functionality, and Aesthetics for the Glock 19 and Glock 23 Magwells

The Glock pistol, a revered benchmark in the firearm industry, undoubtedly deserves components crafted with unyielding precision and dedication. If Glock 19/23 Magwell's for Gen 3, Gen 4, or Gen5 are keywords echoing in your search history, welcome to the epitome of engineering mastery. Dive deep into the mechanics and philosophy behind Tyrant CNC's meticulously engineered compatible magwell for the Glock 19 and Glock 23.

CNC Machining: The Heart of Precision In the vast realm of engineering, some techniques conspicuously rise above the rest. At the core of Tyrant CNC's commitment to excellence is their Magwell's birth process. Skillfully crafted by their experienced engineers, this magwell is birthed from the nuanced ballet of 5-axis CNC machines. Using the renowned 7000 series aluminum—known for its unyielding strength—each Magwell emerges as an artifact of pinpoint precision. This isn't mere manufacturing; it's where technology and craftsmanship converge.

In-depth on Angling: The Science Behind Smooth Reloading For many shooters, multidirectional reloading poses a persistent challenge. The solution, as sculpted by Tyrant CNC's engineering, lies in a Magwell designed with meticulously calculated angles ranging from 45 to 65 degrees pitch underneath. The rationale? These angles, derived from exhaustive testing, ensure the magazine finds its home flawlessly, whether in a high-stakes competition or a tense tactical moment.

Custom Securing: An Engineer's Touch To the untrained eye, a screw might seem inconsequential. But to an engineer, it's a universe of precision. Tyrant CNC's custom-made aluminum screw isn't a mere accessory. Birthed from countless design iterations, it guarantees the Tyrant CNC Magwell's secure affixation, preventing thread damage even if over-tightened.

Profile Design: Marrying Functionality with Aesthetics Striking the balance between utility and elegance is an engineer's perennial quest. Tyrant CNC's Glock 19/23 compatible Magwell, while built for competitive rigor, boasts a low-mid profile ensuring concealed carry users find no impediments. Thus, whether you're flexing your skills on the range or navigating urban terrains, their Magwell seamlessly integrates into your narrative.

Versatility in Compatibility: Embracing the Glock Ecosystem Anticipating user needs is at the heart of engineering foresight. Recognizing the varied magazine preferences of Glock aficionados, Tyrant CNC's Magwell promises unparalleled compatibility. From OEM magazines to their exclusive +5 magazine extensions and beyond, Tyrant Designs tailored a snug embrace. And in those rare challenging moments of magazine jams, rest easy knowing a swift solution awaits.

From Concept to Creation: The Odyssey of Tyrant CNC's Magwell Every creation has a backstory. From nascent sketches to intricate CAD designs, from first prototypes to relentless testing, the genesis of their Magwell is a tapestry of dedication. Insights from seasoned professionals, feedback from passionate users, and Tyrant CNC's unwavering commitment have all shaped its evolution.

Final Thoughts: Beyond Just a Component While "Magwell for Glock 19", "Magwell for Glock 23", and "P80 Magwell" might guide you to a plethora of products, Tyrant CNC's Magwell stands apart. It's not just a component—it's a declaration of what transpires when engineering marries passion. In a world that heralds precision, their Magwell stands as a testimony to Tyrant CNC's relentless pursuit of perfection. Experience the confluence of design, function, and artistry with their engineering magnum opus.

Platform: Glock Designed For Models: G19, G23 Glock Generation: Generation 3 Fitment Notes: Incompatible with OEM 10-Round Base Plate (But will work with Tyrant's 10-round base plate) Incompatible with backstraps. Component: Magwell

Attributes

- Name: MAGWELL FOR GLOCK 19/23 GEN 3/4 GRAY
- Manufacturer: TYRANT CNC
- Product no.: 430112935
- Mfr. No.: TD-G19-G34-MW-GREY-BLKSCRW
- Finish: Gray
- Make: Glock
- Model: 19,23,Gen 4
- Delivery weight: 0.009kg
- Shipping height: 102mm
- Shipping width: 6mm
- Shipping length: 114mm

Item details

Made in USA

US export classification: 0A501.y.1

Safety Instruction Guide for MAGWELL FOR GLOCK® GEN3 19/23

Introduction

Thank you for choosing the MAGWELL FOR GLOCK® GEN3 19/23. This product is designed to enhance your shooting experience while ensuring safety and functionality. Please read this safety instruction guide carefully to understand the proper use, installation, and disposal of this product.

General Safety Guidelines

- Ensure the product is compatible with your Glock model before use.
- Always handle firearms and firearm accessories with care.
- Regularly inspect the magwell for any signs of damage or wear.
- Keep the magwell and all firearm components out of reach of children and unauthorized users.
- Report any unsafe conditions or product defects to the relevant authorities.
- Stay updated on safety recalls through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Use only the recommended magazines with the magwell to ensure proper fit and function.
- Avoid overtightening the securing screw, as this may cause damage to the magwell or the firearm.
- When reloading, ensure your fingers are clear of the magazine well to prevent injury.
- If you experience any issues, such as magazine jams, cease use immediately and inspect the magwell for obstructions.
- Do not modify the magwell or any of its components, as this may compromise safety and performance.
- If you are new to firearm accessories, seek guidance from a knowledgeable individual or professional.

Instructions for Installation and Usage

1. Installation:

- Ensure your Glock is unloaded and pointed in a safe direction.
- Remove any existing magwell or base plate from your Glock.
- Align the Tyrant CNC Magwell with the grip of your Glock, ensuring it fits snugly.
- Use the custommade aluminum screw to secure the magwell in place. Avoid overtightening.
- Check that the magwell is securely attached and does not obstruct the magazine release.

2. Usage:

- Insert the magazine into the magwell, ensuring it is seated properly.
- Practice smooth reloading techniques to minimize the risk of jams or misfeeds.
- Regularly clean the magwell and surrounding areas to ensure optimal performance.
- If you experience any issues, cease use and consult a professional if needed.

Disposal Instructions

- Dispose of the magwell in accordance with local regulations regarding electronic and metal waste.
- Do not dispose of the magwell in regular household waste.
- Consider recycling options available in your area.

Contact Information for Further Support

For safety inquiries or further information regarding the MAGWELL FOR GLOCK® GEN3 19/23, please refer to the manufacturer's website or contact the designated EUbased contact point.

Thank you for prioritizing safety and functionality in your shooting experience. Enjoy using your MAGWELL FOR GLOCK® GEN3 19/23 responsibly!
