Enhanced Takedown Pins for Glock Gen 4 Safety Instruction Guide

Introduction

Thank you for choosing the Enhanced Takedown Pins for Glock Gen 4 by Tyrant CNC. This guide provides essential safety information and instructions to ensure the safe use and installation of your new takedown pins. Please read this guide carefully before use.

General Safety Guidelines

- Product Safety:
 - Ensure the safe use of the Enhanced Takedown Pins by following all instructions provided in this guide.
 - The pins are designed specifically for Glock Gen 4 models. Using them with other generations or brands may pose safety risks.
- Enhanced Recalls:
 - Stay informed about any recalls by checking the EU Safety Gate platform regularly.
- Online Shopping:
 - Ensure that you purchase from authorized retailers to guarantee product safety and compliance with EU regulations.
- Special Consumer Focus:
 - Keep the product out of reach of children and vulnerable individuals to prevent accidental injury.
- EU Contact Point:
 - For any safety inquiries regarding the product, please refer to the manufacturer's contact information provided at the point of sale.
- Rapid Alerts:
 - Report any unsafe products or incidents to the relevant authorities.

Specific Safety Precautions for Use

- Always inspect the takedown pins for any signs of damage or wear before installation.
- Ensure that the firearm is unloaded and pointed in a safe direction before replacing the takedown pins.
- Avoid using excessive force during installation to prevent damage to the pins or the firearm.
- Do not modify the pins or use them in a manner not intended by the manufacturer.
- If you experience any issues during installation or use, cease use immediately and seek assistance.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is unloaded and in a safe environment.

- Gather necessary tools, including a punch tool for pin removal and installation.

2. Removal of Old Pins:

- Using the punch tool, carefully drive out the OEM takedown pins from the Glock frame.
- Take care to avoid damaging any surrounding components during removal.

3. Installation of Enhanced Takedown Pins:

- Align the new Enhanced Takedown Pins with the pin holes on the Glock frame.
- Gently tap the pins into place using the punch tool until they are securely seated.
- Ensure that the pins are flush with the frame and properly aligned.

4. Final Inspection:

- Doublecheck that the pins are securely installed and that the firearm operates smoothly.
- Conduct a function check of the firearm to ensure proper operation.

Disposal Instructions

- Dispose of any old pins and packaging materials in accordance with local regulations.
- Ensure that any discarded items do not pose a safety hazard to others, especially children and pets.

Contact Information for Further Support

For any questions or concerns regarding the Enhanced Takedown Pins, please refer to the contact information provided at the point of sale or on the manufacturer's website. Your safety is our priority, and we are here to assist you.

Thank you for choosing Tyrant CNC. Enjoy your enhanced Glock experience!
