

# BASE PLATE FOR SIG SAUER P365 X-MACRO - TYRANT CNC BASE PLATE FOR SIG SAUER P365 X-MACRO BLACK

[Magazines](#) > [Handgun Magazines](#) > [Magazine Parts](#) > [Magazine Extension](#)

TYRANT CNC BASE PLATE FOR SIG SAUER P365 X-MACRO Experience the ultimate convenience with Tyrant's in-stock P365 XMacro Base Plate, designed for effortless installation on all SIG SAUER 17-round magazines. This design allows you to upgrade your firearm with new magazine plates swiftly and efficiently, ensuring you can spend more time in action and less time on setup. The floor plate adds weight which allows for easier and quicker reloads for operators. It also adds surface area that is useful in firearm malfunctions/double feeds, jams, etc. The geometry Tyrant has chosen also helps ergonomically, making it comfortable yet grippy and allowing the operator to successfully strip a magazine quicker than the OEM magazine floor plate. The secure fit and straightforward installation process of the P365 Base Plate make it an ideal choice for both seasoned shooters and novices alike. Compatible with 17-Round Macro Magazine This Sig P365 base plate is engineered to be compatible with 17-round Macro magazines, ensuring a seamless and secure fit that eliminates some of the gaps between the mag and grip without compromising magwell fitment. This precise compatibility enhances your firearm's ergonomics and aesthetics while improving magazine reload performance in part because of the added magazine weight. Upgrade Your OEM Floor Plate Elevate your shooting experience by upgrading your stock floor plate with Tyrant's high-quality P365 XMacro Base Plate. This base pad replacement enhances your firearm's aesthetic appeal, improves its functionality, and extends its durability. Crafted from high-grade 6061 series aluminum, it provides a reliable and long-lasting enhancement that meets the demands of any shooting environment. Flush Fit Design This Sig P365 base plate features a flush-fit design that seamlessly integrates with your P365 XMacro, maintaining its sleek and streamlined profile. This design enhances the visual appeal of your firearm while ensuring a more comfortable and controlled handling experience. The thicker than OEM, Tyrant CNC base pad increases surface and contributes to a more ergonomic and efficient shooting experience, decreasing your cycling times. All while remaining compliant with most P365 magwells! Enhanced Geometry for Improved Grip & Handling The enhanced geometry of this base pad significantly improves grip and handling, offering a more secure and comfortable hold with added magazine weight. One of the Sig P365's main "pain points" is low surface area, ultimately leading to reduced control, but this base plate provides the necessary enhancement for better control and stability. This advanced base pad design feature allows for quicker and more precise magazine changes, making it an essential upgrade for the everyday carry of any serious shooter. SPECIFICATIONS: Platform: Sig-Sauer Designed For Models: P365 X-MACRO Compatible with 17-round X-MACRO magazine only Replacement floor plate for 17-round X-MACRO magazine Easy/quick installation Enhanced Geometry for Improved Grip & Handling Component: Magazine Base Plate

# Safety Instruction Guide for Tyrant CNC Base Plate for Sig Sauer P365 XMacro

## Introduction

Thank you for choosing the Tyrant CNC Base Plate for your Sig Sauer P365 XMacro. This product is designed to enhance the functionality and ergonomics of your firearm. To ensure safe and effective use, please read and follow the safety instructions outlined in this guide carefully.

## General Safety Guidelines

- Always treat your firearm as if it is loaded, even when it is not.
- Store the base plate and firearm in a secure location, out of reach of children and unauthorized users.
- Ensure that all safety mechanisms on your firearm are engaged when not in use.
- Regularly inspect your firearm and accessories for wear and damage.
- Follow all local laws and regulations regarding firearm ownership and use.
- Report any unsafe products or incidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform to stay informed about product safety.

## Specific Safety Precautions for Use

- Use the base plate only with the specified Sig Sauer 17round Macro magazines.
- Do not attempt to modify or alter the base plate in any way.
- Ensure the base plate is securely attached to the magazine before use.
- Avoid using the product in extreme environmental conditions that may affect its performance.
- If you experience any difficulties during installation or use, stop immediately and seek assistance.

## Instructions for Installation and Usage

### Installation Instructions

1. **Preparation:** Ensure that the magazine is unloaded and your firearm is safe before beginning the installation.
2. **Remove the Existing Floor Plate:**
  - Press the floor plate release button on the magazine.
  - Carefully slide the existing floor plate off the magazine.
3. **Attach the Tyrant CNC Base Plate:**
  - Align the Tyrant CNC Base Plate with the magazine.
  - Slide the base plate onto the magazine until it clicks into place securely.
4. **Check the Fit:**
  - Ensure that the base plate is flush with the magazine and does not move or wobble.
5. **Final Inspection:**
  - Doublecheck that the magazine functions properly with the new base plate installed.

### Usage Instructions

- Load the magazine according to the manufacturer's guidelines.
- Insert the magazine into your firearm, ensuring it locks into place securely.
- Practice safe handling and shooting techniques at all times.

## Disposal Instructions

- Dispose of the product responsibly and in accordance with local regulations.

- If the base plate is damaged or no longer usable, consider recycling it if possible.
- Do not dispose of the product in regular household waste.

## **Contact Information for Further Support**

For any inquiries or support regarding the Tyrant CNC Base Plate for Sig Sauer P365 XMacro, please refer to the product packaging or your retailer for contact information.

By following these safety instructions, you can ensure a safer and more effective experience with your Tyrant CNC Base Plate. Thank you for prioritizing safety in your firearm use.
