TRIGGER FOR SMITH & WESSON M&P 1.0/2.0 Tyrant CNC Trigger for Smith & Wesson M&P Handguns - Precision Engineering Meets Functional Excellence

Introducing the top performing M&P Pistol Trigger: The Tyrant CNC made Smith & Wesson M&P trigger for both 1.0 and 2.0 Generation guns. Whether you're handling a full-size or compact model, Tyrant's M&P 1.0/2.0 trigger is engineered to enhance the functionality and efficiency of your firearm. A reduced take up and crisp break makes this trigger a must-have upgrade for all M&P handgun enthusiasts. Works with 9mm, 10mm, and .45 caliber models.

**Comprehensive Compatibility:** This trigger is meticulously crafted to fit Smith & Wesson M&P 1.0/2.0 full-size and compact models. This universal compatibility ensures that no matter which M&P trigger you need, you'll experience the unparalleled benefits of the Tyrant CNC M&P Trigger. This includes both the first and second generations of the M&P series, providing a versatile solution for a wide range of users.

**Innovative Design Features:**

- Center Body Safety Blade Design:** At the core of our trigger's design is the center body safety blade. This crucial feature maintains the inherent safety of your firearm while offering an unimpeded, smooth trigger pull. It is a testament to Tyrant's commitment to safety without compromising performance.
- Crisp 90-Degree Break:** Their S&W M&P Trigger is characterized by its crisp 90-degree break, allowing for a sharp and precise trigger action. This feature is essential for shooters who demand accuracy and control in every shot.
- Straight Bladed Trigger:** Their straight bladed trigger design is not just about aesthetics; it offers functional benefits including improved finger placement and enhanced trigger control. This design results in a more intuitive and responsive shooting experience.
- Technical Advantages:** Utilizes Stock/OEM Components: Their trigger for the Smith & Wesson M&P is engineered to work seamlessly with your handgun's existing components. This ease of integration means no additional modifications are necessary, ensuring a straightforward installation process.
- Rapid Reset Mechanism:** Designed for minimal split times between shots, their M&P trigger shoe's rapid reset feature is a game-changer for competitive shooters. This fast and short travel reset allows for quicker follow-up shots, giving you an edge in both competitive and tactical scenarios.
- All-Aluminum Construction:** Durability is a cornerstone of the Tyrant CNC made Smith and Wesson Trigger. Constructed entirely from high-grade aluminum, this trigger is built to withstand rigorous use, ensuring longevity and reliability.
- Engineered for All Shooters:** Balanced for Competitive and Hard Use: Whether you're a competitive shooter aiming for precision or a tactical user looking for reliability, their trigger is the perfect combination. It offers a balance between a competitive trigger's responsiveness and the ruggedness required for hard use.
- Reduced Take-Up:** Their trigger reduces take-up, or pre-travel, allowing for a more direct and responsive trigger pull. This reduction in take-up enhances shooting precision, providing a more immediate connection between your intention and the firearm's response.
- Extended Benefits and Usage:** Ergonomic Design for Comfort and Control: The ergonomic design of the Tyrant CNC Trigger contributes to a comfortable shooting experience. The trigger's shape and surface are optimized for consistent finger placement, reducing fatigue and improving control.
- Enhanced Aesthetics:** Beyond performance, this trigger also adds a sleek, modern look to your M&P handgun. Its design complements the firearm,

# Safety Instruction Guide for TRIGGER FOR SMITH & WESSON M&P 1.0/2.0 TYRANT CNC TRIGGER

## Introduction

Thank you for purchasing the Tyrant CNC Trigger for Smith & Wesson M&P 1.0/2.0. This safety instruction guide is designed to ensure the safe and effective use of your new trigger. Please read this guide carefully to understand the safety precautions, installation instructions, and proper usage of the product.

## General Safety Guidelines

- Always treat your firearm as if it is loaded, even if you believe it is not.
- Keep your finger off the trigger until you are ready to shoot.
- Store your firearm and trigger in a secure location, away from children and unauthorized users.
- Regularly inspect your firearm and trigger for any signs of wear or damage.
- Follow all manufacturer instructions and warnings provided with your firearm and trigger.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Ensure that you are familiar with the operation of your Smith & Wesson M&P handgun before installing the trigger.
- Only use the Tyrant CNC Trigger with compatible models of the Smith & Wesson M&P 1.0 and 2.0.
- Do not modify the trigger or your firearm in any way that is not recommended by the manufacturer.
- Always wear appropriate eye and ear protection when using your firearm.
- Be aware of your surroundings and ensure a safe shooting environment.
- If you experience any malfunctions with your trigger or firearm, cease use immediately and seek professional assistance.

## Instructions for Installation and Usage

### 1. Installation Instructions:

- Ensure your firearm is unloaded and pointed in a safe direction.
- Remove the existing trigger from your Smith & Wesson M&P handgun according to the manufacturer's instructions.
- Carefully install the Tyrant CNC Trigger, ensuring it is properly aligned and secured.
- Verify that the trigger functions correctly before using the firearm.
- If you are unsure about the installation process, consult a qualified gunsmith.

### 2. Usage Instructions:

- Grip your firearm firmly and ensure your finger is off the trigger until ready to shoot.
- When ready to fire, smoothly apply pressure to the trigger until the shot is released.
- Practice regularly to become familiar with the trigger's feel and response.
- Always clean and maintain your firearm and trigger according to the manufacturer's guidelines.

## Disposal Instructions

- Dispose of any packaging materials in accordance with local regulations.
- If the trigger is damaged or no longer functional, contact a qualified professional for proper disposal.
- Do not throw away firearms or firearm components in regular household waste.

## Contact Information for Further Support

For any questions or concerns regarding the Tyrant CNC Trigger for Smith & Wesson M&P 1.0/2.0, please refer to the manufacturer's website or customer support resources. Ensure that you have the product details and any relevant information available when seeking assistance.

By following these guidelines and instructions, you can ensure a safe and enjoyable experience with your Tyrant CNC Trigger. Always prioritize safety and responsible firearm handling. Thank you for choosing Tyrant CNC.
