

BDA MIL-SPEC/PISTOL ARM BRACE BLACK

MAGPUL BDA MIL-SPEC/PISTOL ARM BRACE The Magpul BDA is an AR arm brace designed to improve the single-handed employment of large-format pistols. Through Magpul engineering and design, the BDA offers an optimized stabilizing accessory with reliable Magpul quality. By simply swapping out the interchangeable clamps, the BDA is compatible with both Mil-Spec carbine and A5 receiver extensions as well as Pistol receiver extensions. An integrated rear QD cup provides ambidextrous sling mounting options, and the brace's large lateral surface area supplies plenty of forearm contact. Combined, these features allow application of sling tension, drastically increasing single-handed control of the firearm. With a straight-forward design and Magpul innovation, the BDA Arm Brace is a simple solution to improving your AR pistol. All ATF, NFA, state and local rules and laws apply, where applicable. Made in the USA.

SPECIFICATIONS: Platform: AR15, M4 Compatibility: Fits Mil-spec carbine or A5 receiver extension equipped AR pistols and cylindrical Pistol receiver extensions with an outside diameter of 1.175" – 1.25" **LEGAL**

DISCLAIMER: This product is designed and intended to be employed for lawful uses in accordance with all applicable laws and must be assembled into a legal configuration. ATF has ruled that attaching stabilizing braces with certain features will not make a firearm NFA controlled. This product conforms to this ATF precedent. As of December 10, 2019, ATF is no longer issuing classification letters for firearm accessories, including stabilizing braces. This product is designed and intended to serve only as a forearm brace for one-handed firing of a pistol. It is not intended to be fired from the shoulder. Any redesign or reconfiguration of this product may render the attached firearm NFA controlled. The user is exclusively responsible for determining the correct application of state and federal law based on the unique configuration of each firearm. All ATF, NFA, state and local rules and laws apply, where applicable.

Safety Instruction Guide for the Magpul BDA MILSPEC Pistol Arm Brace

Introduction

Thank you for choosing the Magpul BDA MILSPEC Pistol Arm Brace. This product is designed to enhance the singlehanded use of largeformat pistols while ensuring safety and compliance with applicable laws. Please read this safety instruction guide carefully to understand how to use the arm brace safely and effectively.

General Safety Guidelines

- Always follow local laws and regulations regarding the use of firearm accessories.
- Ensure that the arm brace is installed correctly to avoid accidents or malfunctions.
- Regularly inspect the arm brace for any signs of wear or damage before use.
- Store the arm brace and any associated firearms securely and out of reach of children.
- If you encounter any issues or have concerns about the product, do not hesitate to seek professional assistance.

Specific Safety Precautions for Use

- This product is intended for use as a forearm brace for onehanded firing of a pistol. It is not designed to be fired from the shoulder.
- Do not modify or alter the arm brace in any way, as this may render the attached firearm NFA controlled.
- Ensure that the arm brace is compatible with your firearm's receiver extension before use.
- Use the integrated rear QD cup for sling mounting only as instructed, ensuring that the sling is secure and does not interfere with the operation of the firearm.
- Always keep the muzzle pointed in a safe direction when handling the firearm.

Instructions for Installation and Usage

1. **Compatibility Check:** Ensure that your firearm is compatible with the Magpul BDA Arm Brace. It fits MilSpec carbine or A5 receiver extensions and cylindrical pistol receiver extensions with an outside diameter of 1.175" - 1.25".
2. **Installation Steps:**
 - Remove any existing arm brace or accessory from the firearm.
 - Select the appropriate interchangeable clamp that fits your receiver extension.
 - Attach the selected clamp to the arm brace securely, following the manufacturer's instructions.
 - Align the arm brace with the receiver extension and ensure it is fitted correctly.
 - Tighten all screws and clamps to ensure a secure fit.
3. **Usage Instructions:**
 - Hold the firearm with the arm brace against your forearm for stability.
 - Apply sling tension as needed to increase control while aiming and firing.
 - Practice safe handling and firing techniques to maximize the benefits of the arm brace.

Disposal Instructions

- Dispose of the arm brace in accordance with local regulations for plastic products.
- If the arm brace is damaged or no longer usable, consult local waste management services for proper disposal methods.

Contact Information for Further Support

For any inquiries regarding safety, installation, or product support, please refer to the official Magpul website or your local distributor for assistance.

Note: This product is designed and intended for lawful uses in accordance with all applicable laws. Always ensure compliance with ATF, NFA, state, and local regulations when using this product.
