

MICROMETER ADJUST SCREW - HANDGUN MICROMETER ADJUST SCREW

MICROMETER ADJUST SCREW The micrometer adjust screw by Lee Precision replaces the original adjusting screw on any Lee bullet seating die. Infinitely adjustable, allows precision bullet seating depth. Easy to read laser engraved divisions represent .001" one thousandth of an inch. The integrated friction ring eliminates annoying clicks that prevent splitting thousandths. No clicks, just smooth adjustment. Reads just like a precision depth micrometer, record your setting and easily return to them for future use. The micrometer adjuster can be easily transferred to other Lee Bullet Seating Dies, but it is so economically priced, you will want one for every die. Handgun micrometer adjust screw works with all handgun cartridges that use this style bullet seating plug. Rifle micrometer adjust screw works with all cartridges that use this style bullet seating plug. Large Caliber rifle micrometer adjust screw works with all straight wall cartridges that use this style bullet seating plug

MICROMETER ADJUST SCREW Safety Instructions

Introduction

Thank you for purchasing the Micrometer Adjust Screw by Lee Precision. This product is designed to enhance your bullet seating experience with precision and ease. To ensure safe and effective use, please read this safety instruction guide thoroughly. It contains essential information regarding the safe handling, installation, and disposal of the product, in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that the micrometer adjust screw is used only with compatible Lee bullet seating dies.
- Always wear appropriate safety equipment, such as safety glasses, when working with reloading equipment.
- Keep the product out of reach of children and individuals who may not understand its use.
- Regularly inspect the micrometer adjust screw for wear or damage. Do not use if damaged.
- Store the product in a dry, cool place when not in use to prevent corrosion or damage.
- Follow all local laws and regulations regarding ammunition reloading and handling.

Specific Safety Precautions for Use

- Use the micrometer adjust screw only for its intended purpose: adjusting bullet seating depth in reloading dies.
- Avoid applying excessive force during adjustments to prevent damage to the screw or the die.
- Ensure that the friction ring is engaged to avoid unintended adjustments during use.
- Do not attempt to modify or disassemble the micrometer adjust screw. Doing so may lead to improper function or injury.
- If you experience any issues with the product, cease use immediately and consult the manufacturer for guidance.

Instructions for Installation and Usage

Installation

1. **Remove the Original Screw:** Unscrew the original adjusting screw from your Lee bullet seating die.
2. **Install the Micrometer Adjust Screw:** Carefully screw the micrometer adjust screw into the die, ensuring it is securely fastened.
3. **Check Alignment:** Ensure that the screw is aligned properly and operates smoothly without any obstruction.

Usage

1. **Adjusting Bullet Seating Depth:**
 - Rotate the micrometer adjust screw clockwise to decrease bullet seating depth.
 - Rotate the micrometer adjust screw counterclockwise to increase bullet seating depth.
 - Use the laserengraved divisions to measure adjustments accurately in increments of .001 inches.
2. **Recording Settings:** After achieving the desired bullet seating depth, record your settings for future reference. This will help you return to your preferred settings easily.
3. **Transferring to Other Dies:** The micrometer adjust screw can be transferred to other Lee Bullet Seating Dies. Simply follow the installation instructions for each die.

Disposal Instructions

- Dispose of the micrometer adjust screw in accordance with local regulations for metal products.
- Do not dispose of the product in household waste. Instead, consider recycling options available in your area.

Contact Information for Further Support

For any inquiries or concerns regarding the safety or functionality of your Micrometer Adjust Screw, please contact the manufacturer. Ensure that you have your product details ready for more efficient support.

Thank you for following these safety instructions. Your adherence to these guidelines will help ensure a safe and effective reloading experience.
