

SPD HUSH SERIES 38 SPECIAL/357 MAGNUM LEVER ACTION RIFLE - SPD HUSH 357 MAGNUM/38 SPECIAL 16.5" BBL 7 ROUND GRAY

[Firearms](#) > [Rifles](#) > [Lever Action](#)

HENRY SPD HUSH SERIES 38 SPECIAL/357 MAGNUM LEVER ACTION RIFLE The Henry SPD HUSH Series is a bold evolution in lever-action rifle design, purpose-built to be run suppressed. Developed by the Henry Special Products Division—this new R&D initiative focused on forward-thinking innovation—this inaugural release reimagines what a lever gun can be in modern hunting and shooting applications. The HUSH Series strikes the perfect balance of traditional feel and modern performance. **Designed To Be Silenced** Lever actions already offer excellent balance and speed, with the added suppressor-friendly benefit of a closed action during firing. Henry's HUSH Series takes this a step further. Every component forward of the receiver is optimized to minimize weight, keeping the rifle's natural center of gravity intact—even when a suppressor is mounted. The result is a no-compromise suppressor host that retains the instinctive handling and quick follow-up shot capability that lever guns are known for. **Match-Grade Carbon Fiber Barrel** At the heart of the HUSH Series is a match-grade 416R stainless steel barrel, wrapped in a tension-loaded roll of carbon fiber, supplied by way of a collaborative partnership with BSF Barrels of Delavan, Wisconsin. This design creates a 95% air gap between the carbon and steel, reducing weight, promoting faster cooling, and ensuring temperature stability. As the steel heats and expands, the carbon sleeve expands with it—preventing delamination and maintaining accuracy during long shooting sessions. **Adaptable. Balanced. Purposeful.** The forearm is a skeletonized aluminum design, created in collaboration with TAPCO, The American Parts Company. Its slim profile, light weight, and M-LOK® compatibility allow for quick attachment of hunting or shooting accessories without adding bulk. A forged carbon fiber Picatinny rail atop the receiver gives you the freedom to mount your preferred optic, while a threaded muzzle makes it ready for your suppressor of choice. See specifications listed below for caliber-specific thread patterns. The matte dark gray American hardwood laminate buttstock conceals more than meets the eye. It's hollowed out just enough to remove some weight while retaining exceptional durability, and the checkering and rubber recoil pad provide increased purchase and comfort. Opting for the laminate buttstock ensures the familiar wood-to-skin touch that's missing from full aluminum builds. Additional visual and functional enhancements—like a matte-finished outer magazine tube, lever, and trigger—round out the series with thoughtful finishing touches. After all, we have to make it look good too. **A Smarter Way to Hunt** By shooting suppressed, you reduce felt recoil, protect your hearing, and lessen disruption to surrounding game. It's a smarter, safer, and more ethical way to hunt—and now there's a rifle built specifically for it. **Made in America, Or Not Made At All** The SPD HUSH Series is the debut release from Henry's Special Products Division and represents our commitment to innovation without compromise. Each one is built and fine-tuned in Rice Lake, Wisconsin, backed by a Lifetime Warranty, and comes with our 100% Satisfaction Guarantee. **FEATURES:** Match-grade 416R stainless steel barrel encased in a tension-wrapped carbon fiber sleeve, manufactured in partnership with BSF Barrels of Delavan, Wisconsin Lightweight, skeletonized aluminum forearm featuring M-LOK® accessory slots, designed in collaboration with TAPCO, The American Parts Company A checkered, lightweight, matte dark gray American hardwood laminate stock with a rubber

recoil pad. Receiver-mounted forged carbon fiber Picatinny rail for optics mounting Threaded muzzle for suppressor use Matte-finished magazine tube, lever, and trigger components for a refined aesthetic SPECIFICATIONS: Caliber: 38 Special/357 Magnum Barrel Length: 16.5" Barrel Type: Round Carbon Fiber Tension-Wrapped 416R Stainless Steel Rate of Twist: 1:20 Overall Length: 34.29" Weight: 6.4 lbs. SPD HUSH SERIES 38 SPECIAL/357 MAGNUM LEVER ACTION RIFLE SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the SPD HUSH Series 38 Special/357 Magnum Lever Action Rifle. This safety instruction guide provides essential information to ensure safe and proper use of your firearm. Please read and follow these instructions carefully to maximize safety and performance.

General Safety Guidelines

- Always treat every firearm as if it is loaded.
- Always keep the muzzle pointed in a safe direction.
- Keep your finger off the trigger until you are ready to shoot.
- Be aware of your target and what is beyond it.
- Store firearms securely and out of reach of children.
- Use appropriate eye and ear protection when shooting.
- Regularly inspect your firearm for any signs of wear or damage.
- Do not use damaged or defective ammunition.
- Always follow local laws and regulations regarding firearm ownership and use.

Specific Safety Precautions for Use

- Ensure that the rifle is unloaded before handling or cleaning.
- Only use ammunition specified for this rifle (38 Special/357 Magnum).
- Do not attempt to modify the firearm or its components.
- Use only suppressors that are compatible with the threaded muzzle of your rifle.
- Avoid shooting in environments where ricochets or bullets may pose a danger to others.
- Be cautious of environmental conditions that may affect shooting, such as wind or rain.
- If you experience a misfire, keep the muzzle pointed in a safe direction and wait at least 30 seconds before attempting to clear the firearm.

Instructions for Installation and Usage

1. Inspection Before Use

- Before using the rifle, inspect all components, including the barrel, action, and stock for any signs of damage.
- Ensure the action is clear and the chamber is empty.

2. Loading the Rifle

- Open the action and insert the magazine into the rifle.
- Load the appropriate ammunition into the magazine, ensuring it is seated properly.
- Close the action securely.

3. Firing the Rifle

- Ensure you are in a safe and designated shooting area.
- Position yourself comfortably and assume a stable shooting stance.
- Aim at your target while keeping your finger off the trigger.
- When ready to fire, take a deep breath, and gently squeeze the trigger.

4. After Firing

- After shooting, open the action and remove the magazine.
- Inspect the chamber to ensure it is empty.
- Clean the rifle according to the manufacturer's instructions to maintain performance.

Disposal Instructions

- Dispose of any unused or expired ammunition according to local regulations.
- If the rifle is no longer in use, consider surrendering it to a licensed dealer or law enforcement agency for safe disposal.
- Do not dispose of firearms or ammunition in regular household waste.

Contact Information for Further Support

For any safety inquiries or concerns regarding your SPD HUSH Series 38 Special/357 Magnum Lever Action Rifle, please contact your local Henry Repeating Arms dealer or visit the official Henry Repeating Arms website for support resources.

By following these safety instructions, you can ensure a safe and enjoyable experience with your rifle. Remember, safety is the responsibility of every firearm owner. Always prioritize safety for yourself and those around you.
