

SPD HUSH SERIES 44 SPECIAL/44 MAGNUM LEVER ACTION RIFLE - SPD HUSH 44 MAGNUM/44 SPECIAL 16.5" BBL 7 ROUND GRAY

[Firearms](#) > [Rifles](#) > [Lever Action](#)

HENRY SPD HUSH SERIES 44 SPECIAL/44 MAGNUM LEVER ACTION RIFLE The Henry SPD HUSH Series is a bold evolution in lever-action rifle design, purpose-built to be run suppressed. Developed by the Henry Special Products Division—this new R&D initiative focused on forward-thinking innovation—this inaugural release reimagines what a lever gun can be in modern hunting and shooting applications. The HUSH Series strikes the perfect balance of traditional feel and modern performance. Designed To Be Silenced Lever actions already offer excellent balance and speed, with the added suppressor-friendly benefit of a closed action during firing. Henry's HUSH Series takes this a step further. Every component forward of the receiver is optimized to minimize weight, keeping the rifle's natural center of gravity intact—even when a suppressor is mounted. The result is a no-compromise suppressor host that retains the instinctive handling and quick follow-up shot capability that lever guns are known for. Match-Grade Carbon Fiber Barrel At the heart of the HUSH Series is a match-grade 416R stainless steel barrel, wrapped in a tension-loaded roll of carbon fiber, supplied by way of a collaborative partnership with BSF Barrels of Delavan, Wisconsin. This design creates a 95% air gap between the carbon and steel, reducing weight, promoting faster cooling, and ensuring temperature stability. As the steel heats and expands, the carbon sleeve expands with it—preventing delamination and maintaining accuracy during long shooting sessions. Adaptable. Balanced. Purposeful. The forearm is a skeletonized aluminum design, created in collaboration with TAPCO, The American Parts Company. Its slim profile, light weight, and M-LOK® compatibility allow for quick attachment of hunting or shooting accessories without adding bulk. A forged carbon fiber Picatinny rail atop the receiver gives you the freedom to mount your preferred optic, while a threaded muzzle makes it ready for your suppressor of choice. See specifications listed below for caliber-specific thread patterns. The matte dark gray American hardwood laminate buttstock conceals more than meets the eye. It's hollowed out just enough to remove some weight while retaining exceptional durability, and the checkering and rubber recoil pad provide increased purchase and comfort. Opting for the laminate buttstock ensures the familiar wood-to-skin touch that's missing from full aluminum builds. Additional visual and functional enhancements—like a matte-finished outer magazine tube, lever, and trigger—round out the series with thoughtful finishing touches. After all, we have to make it look good too. A Smarter Way to Hunt By shooting suppressed, you reduce felt recoil, protect your hearing, and lessen disruption to surrounding game. It's a smarter, safer, and more ethical way to hunt—and now there's a rifle built specifically for it. Made in America, Or Not Made At All The SPD HUSH Series is the debut release from Henry's Special Products Division and represents our commitment to innovation without compromise. Each one is built and fine-tuned in Rice Lake, Wisconsin, backed by a Lifetime Warranty, and comes with our 100% Satisfaction Guarantee. FEATURES: Match-grade 416R stainless steel barrel encased in a tension-wrapped carbon fiber sleeve, manufactured in partnership with BSF Barrels of Delavan, Wisconsin Lightweight, skeletonized aluminum forearm featuring M-LOK® accessory slots, designed in collaboration with TAPCO, The American Parts Company A checkered, lightweight, matte dark gray American hardwood laminate stock with a rubber

recoil pad. SPD HUSH SERIES 44 SPECIAL/44 MAGNUM LEVER ACTION RIFLE Safety Instructions

Introduction

Thank you for choosing the SPD HUSH Series 44 Special/44 Magnum Lever Action Rifle. This guide provides essential safety instructions to ensure the safe use and handling of your firearm. Please read this manual carefully and follow all safety guidelines to prevent accidents and injuries.

General Safety Guidelines

- Always treat every firearm as if it is loaded.
- Keep the muzzle pointed in a safe direction at all times.
- Be aware of your target and what lies beyond it.
- Store firearms securely and out of reach of children.
- Use only the recommended ammunition for your firearm.
- Wear appropriate eye and ear protection when shooting.
- Never place your finger on the trigger until you are ready to shoot.
- Do not consume alcohol or drugs before or while handling firearms.
- Regularly inspect your firearm for any signs of damage or wear.

Specific Safety Precautions for Use

- Ensure that the safety is engaged when the rifle is not in use.
- Do not modify the firearm in any way that could affect its operation or safety.
- When shooting suppressed, ensure that the suppressor is properly attached and in good condition.
- Be cautious of the weight distribution when using a suppressor; it may affect handling.
- Always follow local laws and regulations regarding the use of firearms and suppressors.
- If you experience any malfunctions, cease firing immediately and seek assistance.
- Keep your firearm clean and wellmaintained to ensure reliable operation.

Instructions for Installation and Usage

1. Installation of Accessories:

- Ensure the rifle is unloaded before attaching any accessories.
- Use the MLOK® slots on the forearm for attaching accessories securely.
- If mounting an optic, use the receivermounted Picatinny rail. Ensure it is tightened properly.

2. Loading the Rifle:

- Open the lever to access the magazine.
- Insert the cartridges into the magazine, ensuring they are seated properly.
- Close the lever to chamber a round.

3. Shooting:

- Ensure the rifle is aimed at a safe target before disengaging the safety.
- Disengage the safety only when you are ready to fire.
- After firing, keep the muzzle pointed downrange and open the lever to eject the spent casing.

4. Cleaning and Maintenance:

- Regularly clean the barrel and action to prevent buildup of residue.
- Inspect the suppressor and ensure it is free of obstructions before use.
- Follow the manufacturer's recommendations for cleaning products and techniques.

Disposal Instructions

- Dispose of any used cartridges and firearm-related waste in accordance with local regulations.
- If disposing of the firearm, contact a local firearms dealer or law enforcement for guidance on safe disposal methods.
- Do not discard firearms or ammunition in regular trash.

Contact Information for Further Support

For any safety inquiries or concerns regarding your SPD HUSH Series 44 Special/44 Magnum Lever Action Rifle, please contact the manufacturer or a licensed firearms dealer.

By following these safety instructions, you can help ensure a safe and enjoyable experience with your new rifle. Always prioritize safety and responsible handling.
