

VIPER RIMFIRE/SPORTER BARREL TOP - PYTHON SPORT TOP BARRREL TOP

VIPER INTERNATIONAL-THE VIPER RIMFIRE/SPORTER BARREL TOP FEATURES:

The Viper Rimfire/Sporter Barrel Top is just that. These tops are made to fit either the Viper (four-hole top) or the Python (two-hole top) barrel vise with rimfire/sporter barrels in mind. The tops will enable you to grip barrels as small as .500" to 1". To use the Viper or Python Barrel Vise Rimfire/Sporter top just remove the nuts and washers from your Viper or Python Barrel Vise. Keep the springs in place, put the Rimfire/Sporter top onto your vise. On a sporter barrel- grip the barrel several inches away from the receiver/action on an area of the barrel that will make full contact with the barrel vise sporter top. On a rimfire barrel-Grip on an area of the barrel that will make full contact with the barrel vise near the receiver/action. On very tight action to barrel manufacturers companies that start with H, T or R a cardboard wrap is recommended to keep the barrel from slipping in the vise. These tops will handle over 90 ft/lbs. of torque on the nuts without bending. Viper advises wrapping the barrel when working with rifles where the torque of the action to barrel is unknown. Viper also advises wrapping the barrel when torquing the nuts over 50 lbs. This will help to prevent damage to the powder coat finish. This will help your Viper Barrel Vise last for years and years.

Attributes

- Name: PYTHON SPORT TOP BARRREL TOP
- Manufacturer: VIPER BENCH REST
- Product no.: 430113566

VIPER RIMFIRE/SPORTER BARREL TOP Safety Instruction Guide

Introduction

Thank you for choosing the VIPER RIMFIRE/SPORTER BARREL TOP. This product is designed to provide secure support for rimfire and sporter barrels during maintenance and adjustments. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Always use the product in accordance with the manufacturer's instructions.
- Ensure that the product is suitable for the specific barrel type you are working with.
- Regularly inspect the product for any signs of wear or damage before use.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe conditions or incidents to the relevant authorities.

Specific Safety Precautions for Use

- **Torque Limitations:** Do not exceed 90 ft/lbs. of torque on the nuts when using the Viper Barrel Vise. Excessive torque may result in damage to the product or injury.
- **Barrel Wrapping:** When working with rifles where the torque of the action to barrel is unknown, or when torquing the nuts over 50 lbs., wrap the barrel with a cardboard material to prevent slipping.
- **Grip Area:** Ensure that you grip the barrel in an area that allows full contact with the barrel vise sporter top. This is crucial for maintaining stability and safety during use.
- **Manufacturer Recommendations:** For barrels from manufacturers that start with H, T, or R, it is highly recommended to use a cardboard wrap to prevent slipping in the vise.

Instructions for Installation and Usage

1. **Remove Existing Components:** Start by removing the nuts and washers from your Viper or Python Barrel Vise.
2. **Keep Springs in Place:** Ensure that the springs remain in their original position during the installation process.
3. **Attach the Barrel Top:** Place the Rimfire/Sporter top onto your vise, ensuring it is securely positioned.
4. **Grip the Barrel:**
 - For sporter barrels: Grip the barrel several inches away from the receiver/action, ensuring full contact with the barrel vise sporter top.
 - For rimfire barrels: Grip the barrel near the receiver/action, ensuring full contact with the barrel vise.
5. **Apply Torque:** Carefully apply torque to the nuts, ensuring not to exceed the recommended limits. If unsure, consult with a professional.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- If the product is damaged or no longer usable, ensure it is disposed of in a manner that prevents harm to the environment.

Contact Information for Further Support

For any safety inquiries or additional support, please contact the manufacturer directly through the provided channels.

This safety instruction guide is designed to ensure safe and effective use of the VIPER RIMFIRE/SPORTER BARREL TOP. By following these guidelines, you will help maintain the integrity of the product and ensure a safe working environment.
