VIPER INTERNATIONAL-THE VIPER RIMFIRE/SPORTER BARREL TOP FEATURES:

The Viper Rimfire/Sporter Barrel Top is just that. These tops are made to fit either the Viper (four-hole top) or the Python (two-hole top) barrel vise with rimfire/sporter barrels in mind. The tops will enable you to grip barrels as small as .500" to 1". To use the Viper or Python Barrel Vise Rimfire/Sporter top just remove the nuts and washers from your Viper or Python Barrel Vise. Keep the springs in place, put the Rimfire/Sporter top onto your vise. On a sporter barrel- grip the barrel several inches away from the receiver/action on an area of the barrel that will make full contact with the barrel vise sporter top. On a rimfire barrel-Grip on an area of the barrel that will make full contact with the barrel vise near the receiver/action. On very tight action to barrel manufacturers companies that start with H, T or R a cardboard wrap is recommended to keep the barrel from slipping in the vise. These tops will handle over 90 ft/lbs. of torque on the nuts without bending. Viper advises wrapping the barrel when working with rifles where the torque of the action to barrel is unknown. Viper also advises wrapping the barrel when torquing the nuts over 50 lbs. This will help to prevent damage to the powder coat finish. This will help your Viper Barrel Vise last for years and years.

Attributes

- Name: [VIPER BENCH REST PYTHON SPORT TOP BARRREL TOP](#)

Safety Instruction Guide for VIPER RIMFIRE/SPORTER BARREL TOP

Introduction

Thank you for choosing the VIPER RIMFIRE/SPORTER BARREL TOP. This product is designed to provide secure and effective support for rimfire and sporter barrels during maintenance and assembly. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Always use the VIPER RIMFIRE/SPORTER BARREL TOP in accordance with the provided instructions.
- Ensure that the barrel vise is securely mounted and stable before use.
- Inspect the product for any signs of damage or wear before each use.
- Do not exceed the recommended torque specifications to avoid damage to the product or injury.
- Keep the workspace clean and organized to prevent accidents.
- Store the product in a safe place away from children and unauthorized users.
- Report any unsafe products or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Ensure that the barrel being worked on is properly supported and stable.
- For sporter barrels, grip the barrel several inches away from the receiver/action.
- For rimfire barrels, grip near the receiver/action to ensure full contact with the barrel vise.
- When working with tight actions from manufacturers starting with H, T, or R, use a cardboard wrap to prevent slipping.
- Always wrap the barrel when torquing the nuts over 50 lbs to protect the powder coat finish.
- Avoid using excessive force; the product is designed to handle over 90 ft/lbs of torque.
- Use appropriate personal protective equipment (PPE) such as safety glasses when working.

Instructions for Installation and Usage

1. Preparation:

- Remove the nuts and washers from your Viper or Python Barrel Vise.
- Ensure that the springs remain in place.

2. Installation:

- Place the Rimfire/Sporter top onto your barrel vise.
- Ensure that it is securely positioned.

3. Using the Barrel Vise:

- For sporter barrels:
 - Grip the barrel several inches away from the receiver/action.
 - Ensure that the gripping area makes full contact with the barrel vise sporter top.
- For rimfire barrels:
 - Grip on an area that makes full contact with the barrel vise near the receiver/action.

4. Torque Application:

- Apply torque gradually and do not exceed the recommended limits.

- If the action to barrel torque is unknown, consider wrapping the barrel to prevent slipping.

5. PostUse:

- After use, remove the Rimfire/Sporter top from the vise.
- Clean the area and store the product in a safe location.

Disposal Instructions

- Dispose of the VIPER RIMFIRE/SPORTER BARREL TOP in accordance with local regulations.
- Recycle materials where possible to minimize environmental impact.
- Do not dispose of the product in general waste if it can be recycled.

Contact Information for Further Support

For any inquiries regarding safety or product support, please refer to the contact information provided on the packaging or your purchase receipt. For updates on recalls or safety alerts, check the EU's Safety Gate platform.

Thank you for your attention to these safety instructions. Your safety is our priority. Enjoy using your VIPER RIMFIRE/SPORTER BARREL TOP responsibly.
