

EHG™ SG9™ GRIP FRAME FOR RUGER RXM™ SUB-COMPACT - EHG RG9 GRIP FRAME FOR RUGER RXM SUB-COMPACT GRAY

MAGPUL® EHG™ SG9™ GRIP FRAME FOR RUGER RXM™ SUB-COMPACT

Ruger and Magpul have over 100 years of combined experience designing and producing innovative, high-quality products in the firearms space. Magpul recently created a new grip - the EHG RG9 - for the new Ruger RXM, a 9mm NATO pistol made in the USA at Ruger's factory in Prescott, AZ. The RXM is designed for personalization and customization for your self-defense needs. Want a different look or size? The Ruger Fire Control Insert (FCI) is compatible with Magpul EHG RG9 Grips available in Black, Flat Dark Earth, Stealth Gray, and Olive Drab Green in the OEM 15-round Compact size as well as the new 12-round Sub-Compact and 17-round Full-Size. The EHG RG9 Grip packs many valuable features into its comfortable design. It includes a ¾-scale Magpul Trapezoidal Surface Projection (TSP) texture on the front strap, back strap, side panels, and forward index pads, providing improved tactile grip and weapons control where you need it most. To improve ergonomics, the grip also features an undercut trigger guard for comfortable handling of the gun. The magazine release scallop provides a recessed but easily accessed space for the magazine release, which has a textured, ridged surface to support more efficient magazine changes. The front of the grip features a universal rail for mounting lights and lasers to further enhance the pistol's utility. Of course, the EHG RG9 uses a strong, durable polymer like other Magpul products. The RXM Pistol ships from Ruger with the MAG1436 Compact EHG RG9 Grip plus two PMAG 15 GL9 15-round mags (the capacity-compliant version of the RXM ships with two 10-round GL9 PMAGs). This Sub-Compact Grip replaces the factory one for those who want an even more condensed profile. It is compatible with the MAG674 Magpul PMAG® 12 GL9® for the G26 as well as longer magazines with some protrusion from the bottom of the grip. The EHG RG9 Grip also comes assembled with a Ruger-manufactured magazine release, release spring, slide-lock spring, and takedown-pin spring, and functions with most aftermarket Gen3 parts, so if any of these pieces need to be replaced or upgraded, spare parts are readily available. Made in the USA.

FEATURES TSP TEXTURE Magpul's proprietary TSP texturing on the front and backstraps, side panels, and forward index pads of the RXM EHG provide solid purchase on the grip in all conditions **OPTIMIZED FOR CONCEALMENT** Shorter grip length for improved CCW ability Easily accessed magazine release The RXM EHG integrates perfectly with the PMAG 12 GL9 for the G26 GEN3 **COMPATIBILITY** The RXM EHG is compatible with most Gen3 aftermarket parts, such as slide-stop and mag release components **SPECS** Platform: Ruger® RXM™ Grip Angle: 20.5 deg. Compatibility: The Magpul EHG RG9 Grips only fit the Ruger RXM Pistol. Compatible with other Gen3 magazine release and slide stop components. **NOTE:** The universal rail is not the same as a 1913 Picatinny rail; different attachment components may be necessary.

Attributes

EHG RG9 Grip Frame Safety Instruction Guide

Introduction

Thank you for choosing the EHG RG9 Grip Frame for the Ruger RXM SubCompact. This guide provides essential safety information and instructions to ensure the safe and effective use of your product. Please read this guide carefully before installation and use.

General Safety Guidelines

- **Product Safety:** Ensure that the EHG RG9 Grip Frame is used only as intended. Familiarize yourself with the product features and safety measures.
- **Enhanced Recalls:** Stay informed about any recall notices related to your product. If you receive a recall notice, follow the instructions provided.
- **Online Shopping Safety:** Ensure that you purchase your product from authorized retailers to guarantee compliance with safety standards.
- **Special Consumer Focus:** Keep the product out of reach of children. This product is not intended for use by individuals under the age of 18.
- **EU Contact Point:** For safety inquiries, consult the relevant EU-based contact or authorized dealer.
- **Rapid Alerts:** Regularly check the EU Safety Gate platform for updates regarding product safety and recalls.

Specific Safety Precautions for Use

- **Installation Safety:**
 - Ensure the firearm is unloaded before installing the grip frame.
 - Use appropriate tools and follow the installation instructions carefully.
- **Handling Safety:**
 - Always treat the firearm as if it is loaded.
 - Keep your finger off the trigger until you are ready to shoot.
 - Be aware of your surroundings and ensure a safe shooting environment.
- **Maintenance Safety:**
 - Regularly inspect the grip frame for any signs of wear or damage.
 - Clean the grip frame according to the manufacturer's instructions to maintain its integrity.
- **Compatibility Warning:**
 - Ensure that the EHG RG9 Grip Frame is compatible with the Ruger RXM Pistol. It is not compatible with other firearm models.

Instructions for Installation and Usage

Installation Instructions

1. Prepare Your Workspace:

- Choose a clean, flat surface to work on.
- Gather necessary tools, including a screwdriver and any other tools recommended in the product manual.

2. Remove the Existing Grip:

- Ensure the firearm is unloaded.
- Follow the manufacturer's instructions to safely remove the factory grip from the Ruger RXM.

3. Install the EHG RG9 Grip Frame:

- Align the EHG RG9 Grip Frame with the firearm's frame.
- Secure the grip frame using the provided screws and tools.
- Ensure that the grip frame is firmly attached and does not move.

4. Check Functionality:

- Verify that the magazine release and other components function correctly after installation.
- Conduct a safety check to ensure everything is in place before using the firearm.

Usage Instructions

- **Grip the Firearm:**
 - Hold the firearm with a firm grip, ensuring your fingers are positioned correctly on the grip frame.
- **Magazine Release:**
 - Familiarize yourself with the magazine release location and operation for efficient magazine changes.
- **Mounting Accessories:**
 - If desired, utilize the universal rail on the grip frame to attach lights or lasers as needed.

Disposal Instructions

- **Environmental Responsibility:**
 - Dispose of the product in accordance with local regulations for plastic and polymer materials.
- **Recycling:**
 - If possible, recycle the grip frame and any packaging materials to minimize environmental impact.

Contact Information for Further Support

For any questions or concerns regarding the EHG RG9 Grip Frame, please consult with your authorized dealer or the manufacturer for assistance. Always ensure that you are following the latest safety guidelines and product updates.

Thank you for your attention to these safety instructions. Enjoy your new EHG RG9 Grip Frame and practice safe handling at all times.
