

DAKA RANGE BAGS - MAGPUL DAKA RANGE BAG 20L SMALL BLACK

[Shooting Accessories](#) > [Range Gear](#) > [Range Bags](#)

MAGPUL DAKA RANGE BAGS The new DAKA Range Bag line is designed and built to be the last range bag you'll ever need. Constructed from our proprietary DAKA Grit (600D TPU-coated nylon) and DAKA Dura (840D TPU-coated nylon) fabrics that include RF-welded seams and dual YKK Aquaguard® zippers, the DAKA Range Bag can handle the weather, dirt, and rough treatment of your next range trip. Their Large Range Bag has a volume of 40 liters, comprised of a main compartment to house most of your range gear, plus two side pockets sized to fit ear pro, ammo, eye pro, or other range necessities. On the bag's external wall under the main compartment lid, there's a zippered, mesh slip pocket as well as four (4) stretch woven pockets; two hold up to an AR-10 or a short-action AICS PMAG®, and two smaller pockets that can each store a GLOCK® PMAG or an AMAG®. On the backside of the magazine wall is a document pocket for any manuals, NFA paperwork, or targets. Within the main compartment of the bag are two sets of four elastic loops to hold up to eight (8) magazines, a stretch, mesh- gusseted pocket, and a loop-lined wall to attach accessories that use a hook-and-loop style of attachment. Their Small Range Bag has a volume of 20 liters, comprised of a main compartment to house most of your range gear, plus a side pocket sized to fit ear pro, eye pro, ammo or other range necessities. On the bag's external wall under the main compartment lid, there's a zippered, mesh slip pocket as well as four (4) stretch woven pockets; two hold up to an AR-10 or a short-action AICS PMAG®, and two smaller pockets that can each store a GLOCK® PMAG or an AMAG®. On the backside of the magazine wall is a document pocket for any manuals, NFA paperwork, or targets. Within the main compartment of the bag are two sets of four elastic loops to hold up to eight (8) magazines, a stretch, mesh- gusseted pocket, and a loop-lined wall to attach accessories that use a hook-and-loop style of attachment. To protect all your gear, the DAKA Range Bag is built upon a structured Hypalon® bottom that also includes a layer of compressed foam for extra durability and support. For easy carrying, there are stowable sling mounting plates on each side of the bag to attach a QD, Paraclip™, MASH Hook, or other similar connecting device to support carrying the bag with a sling over the shoulder when the Range Bag is loaded with gear. The Range Bag also includes a pair of handles attached with a die-cut DAKA patch for extra strength when the bag is full of equipment. There's also an exterior-mounted, RF-welded DAKA ID card slot and a dot matrix grid for keeping tabs on your Range Bag. **SPECIFICATIONS:** Collection: DAKA Range Bags DAKA Range Bag Large: Internal volume: 40 L Weight: 3.3 lbs. DAKA RANGE BAG SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the DAKA Range Bag. This guide provides important safety instructions and guidelines to ensure the safe use and handling of your range bag. Please read this manual carefully before use to understand the potential hazards and how to avoid them.

General Safety Guidelines

- Ensure that the DAKA Range Bag is used only for its intended purpose, which is to carry range gear and accessories.
- Regularly inspect the bag for any signs of wear or damage. If you notice any issues, discontinue use immediately.
- Keep the bag away from extreme temperatures, moisture, and direct sunlight to maintain the integrity of the materials.
- Store the bag in a cool, dry place when not in use to prevent mold and deterioration.
- Be aware of your surroundings while using the bag, especially in crowded areas, to avoid accidental injuries.

Specific Safety Precautions for Use

- Do not overload the bag beyond its capacity. The Small Range Bag has a volume of 20 liters; exceeding this limit may compromise its structural integrity.
- Ensure that all items stored in the bag are securely placed to prevent shifting during transport.
- Avoid placing sharp or heavy objects in the bag without proper padding, as this may cause damage to the bag or injury to the user.
- When using the sling mounting plates, ensure that the attachment is secure to prevent the bag from falling or slipping.
- Always carry the bag using the handles or sling, and do not drag it on the ground, as this may cause wear and tear.

Instructions for Installation and Usage

- To use the DAKA Range Bag, follow these steps:
 1. **Packing the Bag:** Open the main compartment and organize your range gear. Utilize the elastic loops for magazines and the side pockets for smaller items like ear protection and ammunition.
 2. **Zippering the Bag:** Ensure that all compartments are closed securely with the YKK Aquaguard zippers to protect your items from the elements.
 3. **Carrying the Bag:** Use the stowable sling mounting plates to attach a carrying device if desired. Alternatively, use the handles for easy transport.
 4. **Storing the Bag:** After use, empty the bag and store it in a dry location to prevent moisture buildup.

Disposal Instructions

- When disposing of the DAKA Range Bag, ensure that all materials are disposed of in accordance with local regulations.
- If the bag is damaged beyond repair, consider recycling the materials if possible, or dispose of it as general waste.

Contact Information for Further Support

For any safety inquiries or concerns about the DAKA Range Bag, please reach out to your local distributor or retailer. They can provide assistance and guidance regarding any safety issues or product recalls.

Conclusion

Your safety is our priority. By following these guidelines, you can ensure the safe and effective use of the DAKA Range Bag. Thank you for your attention to these important safety instructions. Enjoy your time at the range!
