

## BRESLAU FOLDING KNIFE 2.94" BLACK

MAGPUL BRESLAU FOLDING KNIFE 2.94" BLACK Magpul's latest knife, the Breslau, is breaking new ground in the knife scene with its specialized MIM steel blade. Creating the Breslau required achieving the impossible, and Magpul pulled it off with flying colors. The Magpul Breslau is breaking the mold of modern knifemaking with proprietary MIM (Metal Injection Molding) technology. The Breslau's blade is made from a new MIM steel called MVN35, which is functionally identical to CPM S35VN (those familiar with conventional MIM technology will recognize this as the feat it is!) This new technology has widespread ramifications, which Magpul is taking full advantage of, producing premium blades with complex shapes and details. Magpul's method is faster and cheaper than conventional blade making, and it's passing the savings on to the customer. The Breslau's handle is made from Magpul's premium polymer and houses a pair of full-length steel liners and a Lug Lock, which cleverly interfaces with the three-dimensional blade. Said blade has a built-in friction-reduction system that makes opening it via the flipper tab easy; closing the blade is as simple as pulling down on the lock tabs (the same motion you'd use to disengage a crossbar lock). The knife is ergonomic, a comfortable medium size, and has a reversible pocket clip. If you're looking for an affordable knife that performs at a high level and pushes bounties, you won't want to miss the Magpul Breslau!

**FEATURES:** Blade: Wharncliffe blade made from MVN35 MIM steel that has a hollow-to-flat grind. Opener: Flipper opener riding on a built-in friction reduction system. Handle: Proprietary blue polymer handle scales made from a super plastic that has a carefully guarded recipe. Lock: Lug lock that interfaces with the unique blade. # BRESLAU FOLDING KNIFE SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the Magpul Breslau Folding Knife. This guide provides essential safety instructions to ensure the safe use and handling of your knife. Please read this manual thoroughly before using the product to understand its features and safety precautions.

## General Safety Guidelines

- Always keep the knife out of reach of children and vulnerable individuals to prevent accidents.
- Inspect the knife before each use for any signs of damage or wear. Do not use if the knife is damaged.
- Use the knife only for its intended purpose; do not use it for prying or other inappropriate tasks.
- Keep the blade clean and dry to maintain its performance and longevity.
- Store the knife in a secure location when not in use, preferably in a sheath or protective case.
- Be aware of your surroundings when using the knife to avoid accidental injury to yourself or others.
- Follow local laws and regulations regarding the carrying and use of knives.

## Specific Safety Precautions for Use

- **Opening the Knife:**
  - Use the flipper tab to open the knife. Ensure your fingers are clear of the blade path during this process.
- **Closing the Knife:**
  - To close the knife, pull down on the lock tabs while holding the handle securely. Keep your fingers away from the blade's edge.
- **Cutting Technique:**
  - Always cut away from your body and keep your other hand and fingers clear of the cutting path.
- **Handling:**
  - Do not handle the knife while under the influence of drugs or alcohol, as this may impair your judgment and coordination.
- **Carrying the Knife:**
  - Use the tipup pocket clip for ambidextrous carry, ensuring the knife is securely clipped to your pocket or belt.
- **Maintenance:**
  - Regularly clean the blade and handle with a soft cloth. Avoid using harsh chemicals that may damage the materials.

## Instructions for Installation and Usage

### 1. Opening the Knife:

- Hold the knife firmly by the handle.
- Use your index finger to press the flipper tab located on the back of the blade.
- The blade will deploy smoothly due to the builtin friction reduction system.

### 2. Using the Knife:

- Hold the knife securely with your dominant hand.
- Position your nondominant hand away from the cutting edge.
- Use a stable cutting surface for optimal control.

### 3. Closing the Knife:

- With the knife in a safe position, pull down on the lock tabs with your thumb.
- Gently guide the blade back into the handle while keeping fingers clear of the blade's path.

#### **4. Storing the Knife:**

- After use, ensure the blade is fully closed.
- Store the knife in a dry place, away from moisture and extreme temperatures.

## **Disposal Instructions**

- Dispose of the knife responsibly. If the knife is damaged beyond safe repair, consider recycling the materials where possible.
- Check local regulations for proper disposal methods of knives and sharp objects to ensure safety and compliance.

## **Contact Information for Further Support**

For any inquiries regarding safety or product support, please refer to the contact information provided with your purchase. Always ensure you have the latest information on recalls or safety notices through official channels.

By following these safety instructions, you can enjoy the full benefits of your Magpul Breslau Folding Knife while ensuring safety for yourself and others. Thank you for your attention to these important guidelines.
