

SIGHTLINES GEL EAR PAD ADAPTER PLATES - SIGHTLINES ADAPTER PLATES FOR HL IMPACT SPORTS BLACK

SIGHTLINES GEL EAR PAD ADAPTER PLATES W/ADHESIVE BACKING

Noisefighters® Sightlines Gel Ear Pads – with patented relief cut for glasses arms to slide through to prevent headaches and reduce noise Upgrade your headset experience with Noisefighters Sightlines gel ear pads. Made in the USA, these innovative replacement pads feature a patented relief cut feature that allows your glasses to pass through comfortably, eliminating the frustration of headset pressure on your frames. Crafted from premium silicone gel and polyurethane materials, they provide superior noise isolation and long-lasting cushioning for extended wear. Compatible with most popular headsets, these versatile ear pads offer a customized fit and enhanced comfort. Whether you are sport shooting, operating machinery, or enjoying your favorite tunes, Noisefighters Sightlines ensure an immersive audio experience without compromising your hearing or comfort. Upgrade your hearing protection today and experience the difference. Their design features a rim to slide under the clips on headsets like Howard Leight® Impact Sport plus a non-permanent, pressure-sensitive adhesive for a much more secure fit and peel + stick compatibility with their optional snap-in plastic adapter plates to fit headsets from dozens of manufacturers. This model is also compatible with any headset that utilizes oval pads that are 4" tall x 3" wide and allow users to peel off / remove their original pads and apply new adhesive-backed pads. Their gel ear pads are 0.625" thick. HERE ARE THE COMPATIBLE HEADSETS USING EITHER THE ADHESIVE BACKING OR THE INCLUDED ADAPTER PLATES: 3M™

WorkTunes™ Wireless / Bluetooth model (please additionally purchase their Peltor™ ComTac™ style cloned adapter plates if you own the old-style WorkTunes™ headset that only has an AM/FM radio) - 3M™ Peltor™ RangeGuard™ - 3M™ Peltor™ Sport Tactical 100 / 300 / 500 - Awesafe® GF01 - Axil® / Sportear® Trackr™ (Including BLU) - Caldwell® E-Max (standard and low-profile) - GLORYFIRE™ M8056T - Howard Leight® Impact® Sport (including Bolt® version) - Howard Leight® Impact® Pro - Howard Leight® Lightning® - Howard Leight® Sync® - Howard Leight® Verishield - Howard Leight® Viking® - ISOTunes LINK 1.0, LINK 2.0, LINK Aware, DEFY - Kask® SC1 / SC2 / SC3 - Mpow® Noise Reduction Safety Ear Muffs - NoiseBuster® PA4000, PA4100, and PA4200 - Ops-Core® AMP® (note: outer lip may overlap and can be removed with knife / scissors, but this is only an aesthetic issue) - Otto® NoizeBarrier® Range SA and TAC - Peltor™ RangeGuard™ and Peltor™ Sport Tactical™ 100 / 300 / 500 - Pro Ears® - multiple models compatible; customer must verify that their original pads can be peeled off and their oval 3 x 4" pads can be glued on - Radians® - multiple models compatible; customer must verify that their original pads can be peeled off and their oval 3 x 4" pads can be glued on - Savior Equipment® Apollo - (existing pads can be peeled off the existing plastic plate and residue cleaned up, and new pads can be applied, but we instead recommend additionally purchasing their AD108 Sightlines with Adapter Plates for Savior® Apollo and similar headsets due to the improvement in secure mounting) - TR Industrial® Forestry Safety Helmet and Hearing Protection System - Walker's Game Ear® FireMax® (requires cutting off original pads and reusing the factory-installed plastic plates) - Walker's Game Ear® Recon® (requires cutting off original pads and reusing the factory-installed plastic plates) - Winchester® Passive Folding Earmuffs / Low Pro Passive Folding Earmuffs Noisefighters is in no way affiliated with 3M Peltor® (or any other headset manufacturer) and they have not been involved in the development, manufacturing, labeling, testing, or

certification of any Noisefighters products. 3M Peltor has stated that modifying their headsets may negatively impact sound attenuation and it makes the 40 CF 211 Subpart B noise reduction rating inapplicable. FEATURES: Comfort for Glasses Wearers: A patented relief cut, these pads allow glasses to pass through comfortably Fully compatible with headsets from Howard Leight®, 3M Peltor®, Ops-Core®, Sordin®, Walker's Game Ear®, and other headsets by installing optional adapter plates; please see attached images for compatibility information The adhesive is non-permanent, and pads can be removed dozens of times, or even swapped between headsets, without degrading the bonding strength Designed, manufactured, and assembled in the USA and covered by a one-year unconditional warranty Noisefighters® is a combat veteran owned company

Safety Instruction Guide for SIGHTLINES GEL EAR PAD ADAPTER PLATES

Introduction

Thank you for choosing the Noisefighters® Sightlines Gel Ear Pad Adapter Plates. These innovative ear pads are designed to enhance your headset experience by providing comfort and superior noise isolation. This guide contains important safety information and instructions for the proper use and care of your product. Please read this guide carefully before use.

General Safety Guidelines

- Ensure the product is compatible with your headset model before installation.
- Inspect the ear pads regularly for any signs of wear or damage. Do not use if damaged.
- Always follow the installation instructions to ensure a secure fit and optimal performance.
- Keep the product out of reach of children and vulnerable individuals to prevent misuse.
- Report any unsafe product issues to authorities and check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Comfort for Glasses Wearers:** The patented relief cut allows glasses to pass through comfortably. Ensure proper alignment to avoid pressure on the frames.
- **Adhesive Backing:** The adhesive is nonpermanent and allows for multiple removals. However, avoid excessive handling to maintain adhesive strength.
- **Headset Compatibility:** Confirm that your headset can accommodate the adapter plates. Refer to the compatibility list provided in the product description.
- **Age Restrictions:** This product is designed for adult use. Ensure that minors are supervised when using headsets with these ear pads.

Instructions for Installation and Usage

1. Preparation:

- Clean the surface of your headset where the ear pads will be applied. Ensure it is free from dust and oils.
- Remove any existing ear pads, if necessary, by peeling them off gently.

2. Installation of Gel Ear Pads:

- Align the ear pad with the headset's mounting area.
- Press the ear pad firmly against the surface to ensure a secure fit.
- If using adapter plates, follow the specific instructions provided with the plates to ensure proper installation.

3. Usage:

- Once installed, wear the headset as usual. Adjust for comfort and ensure that the ear pads fit snugly against your ears.
- If you experience discomfort or pressure, remove the headset and check the alignment of the ear pads.

4. Removal:

- To remove the ear pads, gently peel them away from the headset. If using adhesive, do so slowly to avoid damaging the headset.
- Clean the surface of the headset after removal to prepare for new pads if necessary.

Disposal Instructions

- Dispose of the ear pads responsibly. Check local regulations for proper disposal methods.
- Do not dispose of ear pads in regular household waste if they are made from materials that require special handling.

Contact Information for Further Support

For any inquiries or additional support regarding the SIGHTLINES GEL EAR PAD ADAPTER PLATES, please consult the manufacturer's website or refer to the product packaging for contact details.

By following these guidelines, you can ensure a safe and enjoyable experience with your Noisefighters® Sightlines Gel Ear Pad Adapter Plates. Thank you for your attention to safety.
