SIGHTLINES GEL EAR PAD ADAPTER PLATES W/ADHESIVE BACKING

Noisefighters® Sightlines Gel Ear Pads – with patented relief cut for glasses arms to slide through to prevent headaches and reduce noise Upgrade your headset experience with Noisefighters Sightlines gel ear pads. Made in the USA, these innovative replacement pads feature a patented relief cut feature that allows your glasses to pass through comfortably, eliminating the frustration of headset pressure on your frames. Crafted from premium silicone gel and polyurethane materials, they provide superior noise isolation and long-lasting cushioning for extended wear. Compatible with most popular headsets, these versatile ear pads offer a customized fit and enhanced comfort. Whether you are sport shooting, operating machinery, or enjoying your favorite tunes, Noisefighters Sightlines ensure an immersive audio experience without compromising your hearing or comfort. Upgrade your hearing protection today and experience the difference. Their design features a rim to slide under the clips on headsets like Howard Leight® Impact Sport plus a non-permanent, pressure-sensitive adhesive for a much more secure fit and peel + stick compatibility with their optional snap-in plastic adapter plates to fit headsets from dozens of manufacturers. This model is also compatible with any headset that utilizes oval pads that are 4" tall x 3" wide and allow users to peel off / remove their original pads and apply new adhesive-backed pads. Their gel ear pads are 0.625" thick. HERE ARE THE COMPATIBLE HEADSETS USING EITHER THE ADHESIVE BACKING OR THE INCLUDED ADAPTER PLATES: 3M™

WorkTunes™ Wireless / Bluetooth model (please additionally purchase their Peltor™ ComTac™ style cloned adapter plates if you own the old-style WorkTunes™ headset that only has an AM/FM radio) - 3M™ Peltor™ RangeGuard™ - 3M™ Peltor™ Sport Tactical 100 / 300 / 500 - Awesafe® GF01 - Axil® / Sportear® Trackr™ (Including BLU) - Caldwell® E-Max (standard and low-profile) - GLORYFIRE™ M8056T - Howard Leight® Impact® Sport (including Bolt® version) - Howard Leight® Impact® Pro - Howard Leight® Lightning® - Howard Leight® Sync® - Howard Leight® Verishield - Howard Leight® Viking® - ISOtunes LINK 1.0, LINK 2.0, LINK Aware, DEFY - Kask® SC1 / SC2 / SC3 - Mpow® Noise Reduction Safety Ear Muffs - NoiseBuster® PA4000, PA4100, and PA4200 - Ops-Core® AMP® (note: outer lip may overlap and can be removed with knife / scissors, but this is only an aesthetic issue) - Otto® NoizeBarrier® Range SA and TAC - Peltor™ RangeGuard™ and Peltor™ Sport Tactical™ 100 / 300 / 500 - Pro Ears® - multiple models compatible; customer must verify that their original pads can be peeled off and their oval 3 x 4" pads can be glued on - Radians® - multiple models compatible; customer must verify that their original pads can be peeled off and their oval 3 x 4" pads can be glued on - Savior Equipment® Apollo - (existing pads can be peeled off the existing plastic plate and residue cleaned up, and new pads can be applied, but we instead recommend additionally purchasing their AD108 Sightlines with Adapter Plates for Savior® Apollo and similar headsets due to the improvement in secure mounting) - TR Industrial® Forestry Safety Helmet and Hearing Protection System - Walker's Game Ear® FireMax® (requires cutting off original pads and reusing the factory-installed plastic plates) - Walker's Game Ear® Recon® (requires cutting off original pads and reusing the factory-installed plastic plates) - Winchester® Passive Folding Earmuffs / Low Pro Passive Folding Earmuffs Noisefighters is in no way

affiliated with 3M Peltor® (or any other headset manufacturer) and they have not been involved in the development, manufacturing, labeling, testing, or certification of any Noisefighters products. 3M Peltor has stated that modifying their headsets may negatively impact sound attenuation and it makes the 40 CF 211 Subpart B noise reduction rating inapplicable. FEATURES: Comfort for Glasses Wearers: A patented relief cut, these pads allow glasses to pass through comfortably Fully compatible with headsets from Howard Leight®, 3M Peltor®, Ops-Core®, Sordin®, Walker's Game Ear®, and other headsets by installing optional adapter plates; please see attached images for compatibility information The adhesive is non-permanent, and pads can be removed dozens of times, or even swapped between headsets, without degrading the bonding strength Designed, manufactured, and assembled in the USA and covered by a one-year unconditional warranty Noisefighters® is a combat veteran owned company

SIGHTLINES GEL EAR PAD ADAPTER PLATES

SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the SIGHTLINES Gel Ear Pad Adapter Plates by Noisefighters. Your safety and satisfaction are our top priorities. This guide provides essential safety instructions, installation procedures, and disposal information to ensure you use the product effectively and safely.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as described in the product specifications.
- Inspect the product for any visible damage before use. Do not use if damaged.
- Keep the product out of reach of children and vulnerable individuals to prevent misuse.
- Report any unsafe conditions or accidents related to the product to the appropriate authorities.
- Regularly check for updates regarding product recalls on the EU Safety Gate platform.

Specific Safety Precautions for Use

- **Comfort for Glasses Wearers:** The patented relief cut allows glasses to pass through comfortably. Ensure that your glasses fit properly to avoid discomfort.
- **Compatibility:** Verify that your headset is compatible with the SIGHTLINES Gel Ear Pad Adapter Plates before installation. Refer to the compatibility list provided in the product description.
- **Adhesive Use:** The adhesive backing is nonpermanent. If you need to remove the pads, do so carefully to avoid damaging the headset or the pads.
- **Installation:** Follow the installation instructions meticulously to ensure a secure fit. Improper installation may lead to reduced effectiveness.
- **Maintenance:** Regularly check the adhesive and pads for wear and tear. Replace them if they show signs of damage or reduced adhesion.

Instructions for Installation and Usage

1. Preparation:

- Clean the surface of your headset where the ear pads will be applied. Ensure it is free from dust and moisture.

2. Applying the Ear Pads:

- Peel off the protective backing from the adhesive side of the gel ear pads.
- Align the ear pads with the designated area on the headset. Ensure that the rim of the pads slides under the clips on the headset.
- Press firmly to secure the pads in place. Ensure there are no air bubbles between the pad and the headset.

3. Adjusting for Comfort:

- Once installed, wear the headset to check for comfort. Adjust the position of the ear pads if necessary to achieve a snug fit.
- If you experience any discomfort, remove the ear pads and reapply them, ensuring proper alignment.

4. Removing the Ear Pads:

- To remove the ear pads, gently peel them away from the headset. Take care not to damage the headset or leave residue from the adhesive backing.
- Clean any adhesive residue from the headset surface using a suitable cleaning solution.

5. Usage:

- Wear the headset as intended, ensuring that it fits snugly and securely over your ears for optimal noise isolation and comfort.
- If you are using the headset for extended periods, take regular breaks to prevent discomfort.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding electronic waste and materials.
- Do not dispose of the product in regular household waste.
- Consider recycling options available in your area for silicone and polyurethane materials.

Contact Information for Further Support

For any questions or concerns regarding the SIGHTLINES Gel Ear Pad Adapter Plates, please consult the manufacturer's website or contact their customer support for assistance.

By following these guidelines, you can ensure a safe and enjoyable experience with your SIGHTLINES Gel Ear Pad Adapter Plates. Thank you for your attention to safety and proper usage.
