

SIGHTLINES GEL EAR PAD ADAPTER PLATES - SIGHTLINES ADAPTER PLATES FOR INVISIO, SORDIN & TCI BLACK

SIGHTLINES GEL EAR PAD ADAPTER PLATES W/ADHESIVE BACKING

Noisefighters® Sightlines Gel Ear Pads – with patented relief cut for glasses arms to slide through to prevent headaches and reduce noise Upgrade your headset experience with Noisefighters Sightlines gel ear pads. Made in the USA, these innovative replacement pads feature a patented relief cut feature that allows your glasses to pass through comfortably, eliminating the frustration of headset pressure on your frames. Crafted from premium silicone gel and polyurethane materials, they provide superior noise isolation and long-lasting cushioning for extended wear. Compatible with most popular headsets, these versatile ear pads offer a customized fit and enhanced comfort. Whether you are sport shooting, operating machinery, or enjoying your favorite tunes, Noisefighters Sightlines ensure an immersive audio experience without compromising your hearing or comfort. Upgrade your hearing protection today and experience the difference. Their design features a rim to slide under the clips on headsets like Howard Leight® Impact Sport plus a non-permanent, pressure-sensitive adhesive for a much more secure fit and peel + stick compatibility with their optional snap-in plastic adapter plates to fit headsets from dozens of manufacturers. This model is also compatible with any headset that utilizes oval pads that are 4" tall x 3" wide and allow users to peel off / remove their original pads and apply new adhesive-backed pads. Their gel ear pads are 0.625" thick. HERE ARE THE COMPATIBLE HEADSETS USING EITHER THE ADHESIVE BACKING OR THE INCLUDED ADAPTER PLATES: 3M™

WorkTunes™ Wireless / Bluetooth model (please additionally purchase their Peltor™ ComTac™ style cloned adapter plates if you own the old-style WorkTunes™ headset that only has an AM/FM radio) - 3M™ Peltor™ RangeGuard™ - 3M™ Peltor™ Sport Tactical 100 / 300 / 500 - Awesafe® GF01 - Axil® / Sportear® Trackr™ (Including BLU) - Caldwell® E-Max (standard and low-profile) - GLORYFIRE™ M8056T - Howard Leight® Impact® Sport (including Bolt® version) - Howard Leight® Impact® Pro - Howard Leight® Lightning® - Howard Leight® Sync® - Howard Leight® Verishield - Howard Leight® Viking® - ISOTunes LINK 1.0, LINK 2.0, LINK Aware, DEFY - Kask® SC1 / SC2 / SC3 - Mpow® Noise Reduction Safety Ear Muffs - NoiseBuster® PA4000, PA4100, and PA4200 - Ops-Core® AMP® (note: outer lip may overlap and can be removed with knife / scissors, but this is only an aesthetic issue) - Otto® NoizeBarrier® Range SA and TAC - Peltor™ RangeGuard™ and Peltor™ Sport Tactical™ 100 / 300 / 500 - Pro Ears® - multiple models compatible; customer must verify that their original pads can be peeled off and their oval 3 x 4" pads can be glued on - Radians® - multiple models compatible; customer must verify that their original pads can be peeled off and their oval 3 x 4" pads can be glued on - Savior Equipment® Apollo - (existing pads can be peeled off the existing plastic plate and residue cleaned up, and new pads can be applied, but we instead recommend additionally purchasing their AD108 Sightlines with Adapter Plates for Savior® Apollo and similar headsets due to the improvement in secure mounting) - TR Industrial® Forestry Safety Helmet and Hearing Protection System - Walker's Game Ear® FireMax® (requires cutting off original pads and reusing the factory-installed plastic plates) - Walker's Game Ear® Recon® (requires cutting off original pads and reusing the factory-installed plastic plates) - Winchester® Passive Folding Earmuffs / Low Pro Passive Folding Earmuffs Noisefighters is in no way affiliated with 3M Peltor® (or any other headset manufacturer) and they have not been involved in the development, manufacturing, labeling, testing, or

certification of any Noisefighters products. 3M Peltor has stated that modifying their headsets may negatively impact sound attenuation and it makes the 40 CF 211 Subpart B noise reduction rating inapplicable. FEATURES: Comfort for Glasses Wearers: A patented relief cut, these pads allow glasses to pass through comfortably Fully compatible with headsets from Howard Leight®, 3M Peltor®, Ops-Core®, Sordin®, Walker's Game Ear®, and other headsets by installing optional adapter plates; please see attached images for compatibility information The adhesive is non-permanent, and pads can be removed dozens of times, or even swapped between headsets, without degrading the bonding strength Designed, manufactured, and assembled in the USA and covered by a one-year unconditional warranty Noisefighters® is a combat veteran owned company

Safety Instruction Guide for SIGHTLINES GEL EAR PAD ADAPTER PLATES

Introduction

Thank you for choosing the SIGHTLINES Gel Ear Pad Adapter Plates. These innovative ear pads are designed to enhance your headset experience by providing comfort and superior noise isolation. This guide outlines important safety information, usage instructions, and disposal guidelines to ensure safe and effective use of the product.

General Safety Guidelines

- **Product Safety:** Ensure safe use of the ear pads by following all instructions outlined in this guide.
- **Vulnerable Groups:** Special care should be taken when using this product around children or individuals with limited mobility.
- **Online Shopping:** If purchased online, ensure the platform complies with safety requirements.
- **Recall Information:** Regularly check for any recall notices or updates regarding the product on the EU's Safety Gate platform.
- **Reporting Issues:** Report any unsafe conditions or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- **Compatibility:** Ensure compatibility with your headset model before installation. Refer to the list of compatible headsets provided in the product description.
- **Installation:** Follow the installation instructions carefully to avoid damaging the ear pads or headset.
- **Adhesive Use:** The adhesive on the ear pads is nonpermanent but can provide a secure fit. Ensure the surface is clean before application.
- **Pressure Sensitivity:** If you experience discomfort or pressure while wearing the headset, remove the ear pads and check for proper installation.
- **Cleaning:** Clean the ear pads with a damp cloth only. Avoid using harsh chemicals or submerging in water.
- **Age Warning:** These ear pads are not intended for use by children under the age of 3 without adult supervision.

Instructions for Installation and Usage

1. Preparation:

- Clean the headset surface where the ear pads will be applied to ensure proper adhesion.
- Remove any existing ear pads if applicable.

2. Installation:

- Peel off the adhesive backing from the gel ear pads.
- Align the ear pads with the headset, ensuring they fit securely under the clips.
- Press firmly for a few seconds to ensure a strong bond.

3. Usage:

- Wear the headset as you normally would, ensuring that the ear pads sit comfortably against your ears.
- If you wear glasses, adjust the headset to ensure comfort without pressure on the frames.
- If you experience discomfort, remove the headset and check the installation of the ear pads.

4. **Swapping:**

- If you wish to swap the ear pads between different headsets, gently peel them off and reapply as needed. The adhesive allows for multiple uses without degrading.

Disposal Instructions

- **Disposal:** Dispose of used ear pads in accordance with local regulations for waste management.
- **Recycling:** Check if local recycling programs accept silicone gel and polyurethane materials.
- **Environmental Considerations:** Do not dispose of ear pads in water sources or natural habitats to prevent environmental harm.

Contact Information for Further Support

For any inquiries regarding the product or safety concerns, please contact the manufacturer or refer to the product packaging for additional support information.

By following these guidelines, you can ensure a safe and enjoyable experience with your SIGHTLINES Gel Ear Pad Adapter Plates. Thank you for your attention to safety!
